Report on the Financial Statements

We have audited the accompanying statement of financial condition of PCE Investment Bankers, Inc. (a subsidiary of PCE Holdings, Inc.) (the Company), as of December 31, 2012, and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PCE Investment Bankers, Inc. (a subsidiary of PCE Holdings, Inc.) as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained on pages 10 and 11 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information on pages 10 and 11 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information on pages 10 and 11 is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 7 to the financial statements, the December 31, 2011 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

The Company has not yet begun operations as a broker/dealer in the business of buying and selling securities for individual clients, but has provided investment banking and consulting services for its clients.

Revenue recognition: Revenue includes fees for services and contracts completed in the current year. Revenue also includes non-refundable retainer fees on contracts which have not yet been completed.

Cash equivalents: The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Income taxes: The Company elected to be taxed as an S-corporation on its income in accordance with Section 1362 of the Internal Revenue Code. In addition, under provisions of the Internal Revenue Code, effective January 1, 2006, the Company is a qualified subchapter S subsidiary and all income tax information of the Company is included in the income tax return of PCE Holdings, Inc. Accordingly, no provision or liability for income taxes is reflected in these financial statements.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Date of Management's Review: Subsequent events were evaluated through February 6, 2013 which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 2. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2012, the Company had net capital of \$411,993, which was \$406,993 more than the required net capital of \$5,000. The ratio of aggregate indebtedness to net capital at December 31, 2012 was 0 to 1.

Note 3. Liabilities Subordinated to Claims of Creditors

The Company has no liabilities subordinated to claims of creditors. The Company operates pursuant to the (k)(2)(i) exemptive provision of SEC Rule 15c3-3 and is therefore exempt from the computation for determination of reserve requirements. The Company is exempt from the possession and control requirements under SEC Rule 15c3-3 in that it will carry no customer accounts, promptly transmit all customer funds and deliver all securities received in connection with activity as a broker/dealer, and effectuate all financial transactions with customers through one or more accounts designated as "Special Account for the Exclusive Benefit of Customers of PCE Investment Bankers, Inc."

Note 4. Related Party Transactions

Under a reorganization agreement dated January 1, 2006, the stockholders of PCE Investment Bankers, Inc. exchanged their individual shares of the Company for individual ownership interests in PCE Holdings, Inc. As of that date, the Company became a wholly-owned subsidiary of PCE Holdings, Inc.

The company is under common control with sister companies, PCE Advisory, LLC; PCE Valuations, LLC, and PCE Indexes, LLC.

In addition, PCE Management, Inc. (PCEM) is a subsidiary of PCE Holdings, Inc. On January 1, 2008, the Company entered into a management agreement with PCEM under which certain overhead expenses, payroll, payroll related expenses, and other costs would be paid to PCEM monthly in addition to a fee for management services. Consequently, operating results and financial position may be different than if these entities were autonomous. Total fees and expenses of \$1,310,994 were paid to PCEM for the year ended December 31, 2012. As of December 31, 2012, the Company had satisfied all liabilities incurred on its behalf by PCEM and had prepaid general and administrative expenses to PCEM in the amount of \$7,233.

NOTES TO FINANCIAL STATEMENTS

Note 5. Concentration of Credit Risk

The Company maintains cash and cash equivalents at a financial institution. Cash balances are insured by the FDIC up to \$250,000 per financial institution. The uninsured cash balance at December 31, 2012 was \$161,993. Management believes the risk of loss associated with the uninsured cash balances to be minimal.

Note 6. Fair Value of Instruments

The Company has adopted FASB ASC 820, *Fair Value Measurements and Disclosures* for its financial assets and liabilities. FASB ASC 820 refines the definition of fair value, expands the disclosure requirements about fair value measurements, and establishes specific requirements as well as guidelines for a consistent framework to measure fair value.

The Company's financial instruments are cash and cash equivalents, accounts receivable, and prepaid expenses. The recorded values of these financial instruments approximate their fair values based on their short-term nature.

Note 7. Prior Period Adjustment and Restatement

During the current year, a \$285,000 overstatement in accumulated deficit was discovered. This was the result of shareholder distributions closing to accumulated deficit instead of paid-in capital for the years ending December 31, 2011 and 2010. Accordingly, beginning accumulated deficit and beginning paid-in capital have been decreased and restated by \$285,000.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5(g)(1)

Stockholder
PCE Investment Bankers, Inc.
(A Subsidiary of PCE Holdings, Inc.)
Winter Park, Florida

In planning and performing our audit of the financial statements and supplemental schedules of PCE Investment Bankers, Inc. (a Subsidiary of PCE Holdings, Inc.) (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
