To the Members  
**HARVEST CAPITAL, LLC**  
Wethersfield, CT

We have audited the accompanying statements of financial condition of **HARVEST CAPITAL, LLC** as of **December 31, 2012** and **2011** and the related statements of operations and members' capital, and cash flows for the years then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harvest Capital, LLC as of **December 31, 2012** and **2011** and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

## **NOTES TO FINANCIAL STATEMENTS**

### **HARVEST CAPITAL, LLC**

### **DECEMBER 31, 2012 AND 2011**

#### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### **NATURE OF OPERATIONS**

Harvest Capital, LLC, (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the Financial Industry Regulatory Authority (FINRA).

##### **BASIS OF ACCOUNTING**

Harvest Capital, LLC utilizes the accrual basis of accounting. Commission revenue and related expenses are recorded on a settlement date basis, which is generally five business days after trade date for securities sold for customers.

##### **USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### **CASH AND CASH EQUIVALENTS**

For purposes of the statements of cash flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less.

##### **PROPERTY AND EQUIPMENT, AT COST**

Property and equipment are stated at cost less accumulated depreciation, the provision for which is computed over the estimated useful lives of the assets on a straight-line method for financial statement purposes.

##### **ACCOUNTS RECEIVABLE**

Accounts receivable is recorded net of an allowance for doubtful accounts. The allowance is estimated from historical performance and projections of trends. For the years ended **December 31, 2012** and **2011**, no allowance was deemed necessary.

##### **RECLASSIFICATIONS**

Certain reclassifications have been made to the prior year financial statements in order to make them comparable with the current year's presentation.

## NOTES TO FINANCIAL STATEMENTS

### HARVEST CAPITAL, LLC

#### DECEMBER 31, 2012 AND 2011

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

##### FEDERAL AND STATE INCOME TAXES

The Company evaluates all significant tax positions as required by the generally accepted accounting principles of the United States. As of December 31, 2012 and 2011, the Company does not believe it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized benefits that would either increase or decrease within the next twelve months. The Company's income tax returns are subject to examination by the appropriate taxing jurisdictions. As of December 31, 2012 and 2011, the Company's federal and various state tax returns generally remain open for the last three years.

If the Company incurred interest and penalties associated with the recognized tax benefits these amounts would be classified as additional income taxes in the statement of operations and retained earnings.

The Company is not a taxpaying entity for federal and state income tax purposes, and thus no income tax expense has been recorded in the statements. Income or loss of the Company is reported by the members and included on their individual income tax returns.

##### SUBSEQUENT EVENTS

The Company has evaluated all subsequent events through February 1, 2013, the date the financial statements were available to be issued.

##### RESERVE REQUIREMENTS

The Company is exempt from the requirements relating to cash reserves and possession or control of customers' securities under Rule 15c3-3(k)(2)(ii) of the Securities Exchange Act of 1934.

##### NET CAPITAL REQUIREMENTS

The Company is subject to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital. The rule prohibits a broker/dealer from engaging in securities transactions at any time when its aggregate indebtedness exceeds fifteen (15) times its net capital, as those terms are defined by the Securities and Exchange Commission. A broker/dealer may also be required to reduce its business if its net capital ratio should exceed twelve (12) to one (1) and may be prohibited from expanding its business if the ratio exceeds ten (10) to one (1). **INDEPENDENT AUDITOR'S REPORT ON  
INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A  
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c-3-3**

To the Members  
**HARVEST CAPITAL, LLC**  
**WETHERSFIELD, CT**

In planning and performing our audits of the financial statements of **Harvest Capital, LLC** (the "Company") as of and for the years ended **December 31, 2012 and 2011**, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control, over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

**INDEPENDENT AUDITOR'S REPORT ON  
INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A  
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15-c3-3**

(Continued)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

*A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012 and 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
