INDEPENDENT AUDITOR'S REPORT

To the Shareholder and President
Birchwood Securities Corporation
Philadelphia, Pennsylvania

Report on the Financial Statements

I have audited the accompanying statement of financial condition of Birchwood Securities Corporation (a New Jersey corporation) as of December 31, 2012 and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position Birchwood Securities Corporation as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information on Schedules I and II has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information in Schedules I and II is fairly stated in all material respects in relation to the financial statements taken as a whole.

BIRCHWOOD SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2012

(1) NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Birchwood Securities Corporation (“the Company”) was incorporated in the State of New Jersey in June 1984 as a broker-dealer registered with the United States Securities and Exchange Commission pursuant to Section 15 of the Securities Exchange Act of 1934. The Company is registered as a broker-dealer with the Commonwealth of Pennsylvania Securities Commission and is a member of the Financial Industry Regulatory Authority (FINRA).

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America and reflect practices appropriate to the industry in which the Company operates.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash and cash equivalents.

Property and Equipment

Acquisitions of property and equipment in excess of \$1,000 are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2012

(1) NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Commissions

The Company generates commissions from executing and clearing client transactions on stock and options markets. These commissions are recorded on a settlement date basis in the statement of operations which approximates the commissions earned on a trade date basis.

Income Taxes

On March 1, 1986, the Company filed an election with the Internal Revenue Service and the Commonwealth of Pennsylvania to be treated as an "S" Corporation. Under "S" Corporation status, the Company's income and related tax liability passes through directly to the stockholder.

Accounting standards require the tax effects of uncertain tax positions to be recognized. These tax positions must meet a "more likely than not" standard that based on their technical merit have more than 50% likelihood of being sustained upon IRS examination. Management estimates that there are no uncertain tax positions as of December 31, 2012.

The Company's corporation income tax returns for the years ended December 31, 2009, 2010, 2011 and 2012 are subject to examination by the Internal Revenue Service.

(2) OPERATING LEASE COMMITMENT

The Company leases floor space on the NASDAQ OMX PHLX. The Company entered into a lease for office space for a two year period ending on beginning on December 5, 2012. The rent commitment is as follows:

Year ending December 31, 2013	\$7,252
Year ending December 31, 2014	<u>6,648</u>
	<u>\$13,900</u>

Rent expense for the year ended December 31, 2012 was \$7,143

BIRCHWOOD SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2012

(3) NET CAPITAL REQUIREMENTS

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) of the Securities and Exchange Act of 1934 which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1. Minimum net capital must be at least \$250,000. At December 31, 2012, the Company's "aggregate indebtedness" and "net capital" (as defined) were \$21,948 and \$305,405, respectively, and its aggregate indebtedness to net capital ratio was .0719 to 1.0.

(4) RESERVE REQUIREMENTS

The Company is exempt from both the computation of reserve requirements (Rule 15c3-3) and the possession or control requirements (Rule 15c3-3, Exhibit A) because it does not carry security accounts for customers or perform custodial functions relating to customer securities.

(5) CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event that counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

(6) SUBSEQUENT EVENTS

Events subsequent to December 31, 2012 of the Company have been evaluated through February 26, 2013, which is the date the financial statements were available to be issued, for the purpose of identifying events requiring recording or disclosure in the financial statements for the year ended December 31, 2012.

***INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE REQUIRED BY SEC RULE 17a-5(g)(1)) FOR A
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15C3-3***

To the Shareholder and President
Birchwood Securities Corporation
Philadelphia, Pennsylvania

In planning and performing my audit of the financial statements of Birchwood Securities Corporation (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, I considered the Company's internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17-a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that I considered relevant to the objectives stated in the Rule 17-a-5(g) in making the periodic computations of aggregate indebtedness (of aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons and the recordation of difference required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE REQUIRED BY SEC RULE 17A-5(g)(1)) FOR A
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15C3-3
CONTINUED**

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal controls that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency or combination of significant deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or corrected on a timely basis.

My consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. I did not identify any deficiencies in internal control and control activities for safeguarding securities that I consider to be material weaknesses, as defined previously.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17-a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
