INDEPENDENT AUDITOR'S REPORT

Board of Directors
Ariane Capital Partners LLC

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Ariane Capital Partners LLC (the "Company") as of December 31, 2012, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of this financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Ariane Capital Partners LLC as of December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Ariane Capital Partners LLC

Notes to Financial Statement

December 31, 2012

1. Organization

Ariane Capital Partners LLC (the "Company") is a Pennsylvania limited liability company that is a registered broker dealer with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA"). The Company, which has agreed to limit its business to corporate finance and investment banking activities, is directly affected by general economic and market conditions, including fluctuations in volume and price level of securities and changes in interest rates, which have an impact on the Company's liquidity.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Company:

Investment Banking - Investment banking revenues include gains, losses and fees arising from the private placement of securities. Investment banking revenues also include fees earned from providing merger and acquisition consulting, financial restructuring advisory services and financial consulting services. These fees are recognized when the private placement is completed and the income is reasonably determinable. Fees for financial restructuring advisory services and financial consulting services are recorded when earned.

Income taxes - No provisions have been made for income taxes since the Company is a limited liability company and has elected to file its tax return on a partnership basis. The individual members are liable for income taxes based on their respective share of the Company's taxable income.

The Company recognizes and discloses uncertain tax positions in accordance with accounting principles generally accepted in the United States of America (GAAP). As of, and during the year ended December 31, 2012 the Company did not have liability for unrecognized tax benefits. The Company is no longer subject to examination by federal and state taxing authorities prior to 2009.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

Subsequent events - Management has evaluated the impact of all subsequent events through February 26, 2013 the date the financial statements were available to be issued and has determined that there were no subsequent events requiring disclosure in these financial statements.

3. Related Party Transactions

The Company has agreements with its two principals that each principal is responsible for their own expenses. Income is allocated by the Company to each principal. The Company correspondingly pays fees to each principal's company that is considered to be a related party.

Ariane Capital Partners LLC
Notes to Financial Statement (Continued)
December 31, 2012

4. Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk related to cash.

5. Concentration of Revenues

The Company performs corporate finance and investment banking activities. These activities generally involve a limited number of clients and transactions that have varying realization periods and result in fluctuating revenues.

6. Net Capital Requirements

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2012 the Company had net capital and capital requirements of \$14,690 which was \$9,690 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.14 to 1.

7. Computation for Determination of Reserve Requirements

The Company will operate in accordance with the exemptive provisions of (k)(2)(i) of SEC Rule 15c3-3. The Company does not carry security accounts for customers.

8. New Accounting Pronouncement

In December 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") No. 2011-11 (the "Pronouncement") related to disclosures about offsetting assets and liabilities. The amendments in this ASU require an entity to disclose information about offsetting and related arrangements to enable users of its financial statements to understand the effect of those arrangements on its financial position. The ASU is effective for annual reporting periods beginning on or after January 1, 2013, and interim periods within those annual periods. The Pronouncement requires retrospective application for all comparative periods presented. Management is currently evaluating the impact that this Pronouncement may have on the Company's financial statements.
