Report of Independent Registered Public Accounting Firm

To the Members of
Skyway Advisors, LLC
Tampa, Florida

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Skyway Advisors, LLC as of December 31, 2012 and the related statements of operations and changes in members' equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Skyway Advisors, LLC as of December 31, 2012 and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, III, and IV has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II, III, and IV is fairly stated in all material respects in relation to the financial statements as a whole.

Skyway Advisors, LLC

Notes to Financial Statements

Year Ended December 31, 2012

1. Background Information

Skyway Advisors, LLC (the "Company") is a Florida limited liability company that was organized as Skyway Capital, LLC in 2002. It changed its name to Skyway Capital Partners, LLC in 2002 and then changed its name to Skyway Advisors, LLC in 2003. The Company is a broker dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company was formed to provide several classes of services including investment banking, debt financing, and financial advisory services. The Company provides such services to companies throughout the country. The corporate headquarters is located in Tampa, Florida. The Company has two members, each of whom has the same rights and privileges. According to the Operating Agreement, the liability of the members is limited to their total capital contributions and their share of any assets and undistributed profits of the Company.

2. Significant Accounting Policies

The significant accounting policies followed are:

The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash is maintained at major financial institutions and, at times, balances may exceed federally insured limits. The Company has never experienced any losses related to these balances. All of the Company's non-interest bearing cash balances were fully insured at December 31, 2012 due to a temporary federal program in effect from December 31, 2010 through December 31, 2012. Under the program, there is no limit to the amount of insurance for eligible accounts. Beginning in 2013, insurance coverage will revert to \$250,000 per depositor at each financial institution, and the Company's non-interest bearing cash balances may again exceed federally insured limits. The Company had no interest-bearing amounts on deposit in excess of federally insured limits at December 31, 2012.

Skyway Advisors, LLC

Notes to Financial Statements

Year Ended December 31, 2012

2. Significant Accounting Policies (continued)

Accounts receivable are billed based on the terms of the individual contracts with the Company's customers. An account is considered past due if not paid within 30 days of the invoice date. The allowance for doubtful accounts is estimated on a specific identification basis considering the financial condition of the customer and other specific facts and circumstances. Accounts receivable are written off when they are determined to be uncollectible. Based on management's review of accounts receivable, no allowance for doubtful accounts was considered necessary at December 31, 2012. Interest is not typically charged on past due receivables.

Furniture and equipment are recorded at cost. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, generally three years. Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When furniture and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Revenues consist of fees earned from providing merger and acquisition, financial restructuring, and advisory services. Success fees that are contingent upon the success of the services provided are recorded upon successful completion of the transaction. Retainer fees are non-refundable and recognized on a pro rata basis over the term of the agreement. Consulting fees are recognized as the services are provided.

The Company is treated as a partnership for income tax purposes. As a result, the members will report the entire taxable income on their income tax return. Therefore, no provision for income taxes has been included in these financial statements.

The FASB Accounting Standards Codification Topic 740, "Income Taxes," requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. If the tax position meets the more-likely-than-not recognition threshold, the tax effect is recognized at the largest amount of the benefit that is greater than 50 percent likely of being realized upon ultimate settlement. Any difference between the tax position taken in the tax return and the tax position recognized in the financial statements using the criteria above results in the recognition of a liability in the financial statements for the unrecognized benefit. Similarly, if a tax position fails to meet the more-likely-than-not recognition threshold, the benefit taken in the tax return will also result in the recognition of a liability in the financial statements for the full amount of the unrecognized benefit. The Company has evaluated its tax positions and determined that there are none that need to be recognized as of December 31, 2012. The Company's income tax returns are no longer subject to examination by U.S. taxing authorities for years prior to 2009.

Skyway Advisors, LLC

Notes to Financial Statements

Year Ended December 31, 2012

3. Furniture and Equipment

Furniture and equipment consist of:

Furniture	\$ 60,895
Computer hardware	<u>27,969</u>
	88,864
Accumulated depreciation	<u>(79,674)</u>
	<u>\$ 9,190</u>

Depreciation expense amounted to \$18,459 for the year ended December 31, 2012.

4. Related Party Transactions

The Company has an expense sharing agreement with a company related by common ownership, whereby the Company will receive administrative personnel services in return for providing occupancy and other operational services. The value of the services provided and received for the year ended December 31, 2012 was approximately \$239,000 allocated as follows:

Personnel services	\$ 239,000
Occupancy expenses	(149,000)
General office expenses	(28,000)
Research and technology services	(20,000)
Management fee income	<u>(42,000)</u>
	<u>\$ 0</u>

As of December 31, 2012, an entity under common ownership owed the Company \$80,000 for amounts collected on behalf of the Company from one of the Company's customers. In addition, another entity under common ownership owed the Company \$34,398 for the reimbursement of expenses. These amounts are included in due from related parties on the accompanying statement of financial condition. These amounts were incurred in the normal course of business and are non-interest bearing.

As mentioned, the Company reports as a partnership. In lieu of salaries, the members receive distributions proportionate to their ownership percentage.

The above amounts and terms are not necessarily indicative of the amounts and terms that would have been incurred had comparable transactions been entered into with independent parties.

Skyway Advisors, LLC

Notes to Financial Statements

Year Ended December 31, 2012

5. Commitments

The Company rents office space and equipment under non-cancelable operating leases that expire through 2015.

The remaining minimum lease payments due under these operating leases as of December 31, 2012 are as follows:

<u>Years Ending</u> <u>December 31,</u>	
2013	\$ 2,955
2014	2,955
2015	<u>2,463</u>
	<u>\$ 8,373</u>

Payments made to lessors for office and equipment leases totaled approximately \$151,000 for the year ended December 31, 2012. These payments were partially offset by allocations from the expense sharing agreement noted in Note 4.

6. Capital Withdrawals

As the Company closes investment banking transactions it may, at its discretion, withdraw capital from the business to make distributions to its Members. These withdrawals are dependent on the timing and amount of investment banking fees received. No withdrawals were made during the year ended December 31, 2012.

7. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2012, the Company had net capital of \$58,848, which was \$53,848 in excess of its required minimum net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was 0.39 to 1.00.

Supplementary Information

Skyway Advisors, LLC

Schedule I

Computation of Net Capital Under Rule 15c3-1
of the Securities and Exchange Commission

As of December 31, 2012

The Company is claiming an exemption from Rule 15c3-3 under section (k)(2)(i).

**Report on Internal Control Required
by SEC Rule 17a-5(g)(1) for a Broker-Dealer
Claiming an Exemption from SEC Rule 15c3-3**

To the Members of
Skyway Advisors, LLC
Tampa, Florida

In planning and performing our audit of the financial statements of Skyway Advisors, LLC (the Company), as of and for the year ended December 31, 2012 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's

authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We considered the following to be a significant deficiency:

During our audit procedures, we noted that the Company did not record \$225,000 of income that was earned as of the result of arbitration settlement with a customer. This was an unusual transaction for the Company as it is not part of its recurring revenue stream. In the future, we recommend that the Company review all unusual revenue transactions for revenue recognition criteria so that income is properly recorded.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**Report of Independent Registered Public Accounting Firm
On Applying Agreed-Upon Procedures Related
to an Entity's SIPC Assessment Reconciliation**

To the Members
Skyway Advisors, LLC
Tampa, Florida 33602

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012, which were agreed to by Skyway Advisors, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and other specified parties of report, solely to assist you and the other specified parties in evaluating Skyway Advisors, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Management of the Company is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement entries [check #15683 in the amount of \$187.50 (excluding interest of \$2.57)] noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2012, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers [agreed \$42,000 to the 2012 expense sharing agreement with Skyway Capital Partners LLC], noting no differences;

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 noting no differences; and
5. There were no overpayments applied to the current assessment.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
