**Report of Independent Registered Public Accounting Firm**

Board of Directors  
Thornton Farish Inc.  
Montgomery, Alabama

**Report on the Financial Statements**

We have audited the accompanying statement of financial condition of Thornton Farish Inc., as of December 31, 2012, and the related statements of income, stockholders' equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Thornton Farish Inc., as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

***Other Matter***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in the schedules on pages 13 through 15 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Nature of Operations*

Thornton Farish Inc. (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is engaged in the business of brokering securities, underwriting securities issues, and remarketing securities throughout the United States. The Company operates primarily in the municipal securities markets.

*Securities Transactions*

Customers' securities transactions are reported on a settlement-date basis with related commission income and expenses reported on a trade-date basis. Securities transactions of the Company are recorded on a trade-date basis.

*Investment Banking*

Investment banking revenues include profits and fees arising from securities offerings in which the Company acts as an underwriter or agent. Underwriting profits and fees are recognized on the closing date of the issue. Investment banking fees also include fees earned from providing financial advisory and remarketing services which are recognized when billed, generally on a quarterly basis.

*Fees Receivable*

Fees receivable in connection with remarketing contracts are recognized at net realizable value. Management determines the allowance for doubtful accounts based on historical losses and current economic conditions. On a continuing basis, management analyzes delinquent receivables, if any. If determined to be uncollectible, the receivable is written off against the allowance account. Based on historical activity with these agreements, management has determined that no allowance for doubtful accounts is necessary.

*Intangible Assets*

Intangible assets subject to amortization consist of computer software. These costs are amortized on a straight-line basis. Amortization expense totaled \$6,834 for the year ended December 31, 2012.

*Property and Equipment*

Major additions to property and equipment are capitalized at cost. Maintenance and repairs are charged to expense as incurred. The cost and accumulated depreciation of property and equipment disposed of are removed from the related accounts and any gain or loss is reflected in income. Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Income Taxes***

The Company, with the consent of its stockholders, has elected under the Internal Revenue Code to be taxed as an S corporation. In lieu of corporation income taxes, the stockholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements.

Effective January 1, 2009, the Company accounts for uncertainty in income taxes in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*, which prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required before being recognized in the financial statements. It also provides guidance for de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of December 31, 2012, the Company had no uncertain tax positions, or interest and penalties, that qualify for either recognition or disclosure in the financial statements.

With few exceptions, the Company is no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2009.

***Advertising***

Advertising costs are expensed as incurred. Advertising expense totaled \$550 for the year ended December 31, 2012.

***Cash and Cash Equivalents***

Cash and cash equivalents include certain investments in highly liquid debt instruments with original maturities of three months or less.

***Use of Estimates in the Preparation of Financial Statements***

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingencies at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Subsequent Events***

The Company has evaluated subsequent events through February 28, 2013, the date which the financial statements were issued. No subsequent events requiring disclosure were noted.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
ON INTERNAL CONTROL REQUIRED UNDER  
RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION**

**Report of Independent Registered Public Accounting Firm  
on Internal Control Required under  
Rule 17a-5 of the Securities and Exchange Commission**

Board of Directors  
Thornton Farish Inc.  
Montgomery, Alabama

In planning and performing our audit of the financial statements of Thornton Farish Inc. (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications and comparisons, and the recording of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously. However, we identified certain deficiencies in internal control that we consider to be significant deficiencies, and communicated them in writing to management and those charged with governance on February 28, 2013.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the New York Stock Exchange and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
