## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors and Stockholders  
Associated Options, Inc.  
Chicago, Illinois

We have audited the accompanying statements of Associated Options, Inc. (an Illinois S Corporation) which comprise the statement of financial condition as of December 31, 2012, and the related statements of income and comprehensive income, changes in stockholder's equity, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Associated Options, Inc. as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

3. The Corporation paid no federal income taxes during the year ended December 31, 2012.

The accompanying notes are an integral part of these financial statements.

**ASSOCIATED OPTIONS, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2012**

**NOTE A – ORGANIZATION**

Associated Options, Inc. was formed as a Delaware Corporation on December 22, 1994. The Corporation operates as a brokerage execution firm, principally conducting its business activities from the floor of the Chicago Board Options Exchange (“CBOE”), Chicago, Illinois.

**NOTE B – SIGNIFICANT ACCOUNTING POLICIES**

Overall Accounting Method

The Corporation maintains its books using the accrual basis method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. Actual results could differ from those estimates.

Accounts Receivable

The Company carries its accounts receivable at cost, less an allowance for doubtful accounts, if necessary. On a periodic basis the Company evaluates its receivables and determines the necessity for an allowance based on history, collections, and current conditions. In 2012 an allowance for doubtful accounts of \$285,000 was reversed to \$0 when it became unnecessary based on collection history and management’s estimate.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments with a maturity of three months or less when purchased.

**NOTE C – INCOME TAXES**

The Corporation’s sole stockholder made an election under Internal Revenue Code Section 1362, effective as of January 1, 1995, to be an S-corporation. As such, the stockholder is taxed on all the Corporation’s taxable income. Therefore, no provision for federal income taxes has been included in these financial statements. The tax returns of the Corporation are filed on the cash basis of accounting. Any state taxes are included in other expenses.

The Company evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2012, management does not believe they have taken any tax positions that would require the recording of any additional tax liability nor do they believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Company’s income tax returns are subject to examination by the appropriate tax jurisdictions. As of December 31, 2012, the Company’s federal and state tax returns generally remain open for the last three years.

**ASSOCIATED OPTIONS, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2012**

**NOTE D – COMMON STOCK**

The Corporation is authorized to issue 20,000 shares of common stock at no par value per share. At December 31, 2012, 10,000 shares are issued and outstanding.

**NOTE E – CAPITAL REQUIREMENTS**

The Corporation is subject to the net capital requirements of the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c 3-1), and as such is required to maintain a net capital balance of \$100,000. Total capital of the Corporation at December 31, 2012 was \$5,309,996. The minimum capital requirements may effectively restrict the withdrawal of corporate equity.

**NOTE F – COMPUTATION OF NET CAPITAL PURSUANT TO SEC RULE 15c 3-1**

Audited Net Capital at December 31, 2012 was \$4,217,356.

No material differences exist with the Focus Report, Part IIA for the quarter ending December 31, 2012, as filed by Associated Options, Inc.

**NOTE G – COMMISSIONS**

Commissions are recorded on a trade date basis as securities transactions occur.

**NOTE H – HISTORICAL CONTEXT OF CBOE MEMBERSHIP CONVERTED TO COMMON STOCK IN THE 2010 IPO**

Associated Options, Inc owned a Chicago Board Options Exchange (“CBOE”) membership (a seat), purchased September 2, 2003 for \$212,000 and carried it at cost. The CBOE changed its organizational structure in 2010 from a non-stock corporation owned by its members to a wholly-owned subsidiary of a new holding company, CBOE Holdings, Inc., organized as a stock corporation.

The CBOE on June 15, 2010 launched an initial public offering at \$29 a share. Associated Options, Inc. was granted 2 classes of stock in the IPO for its membership interest consisting of 40,000 shares of Class A-1 Restricted Common Stock and 40,000 shares of Class A-2 Restricted Common Stock. Shortly after the initial offering a special dividend of \$1.25 per share was issued which represented a return of basis and totaled \$100,000.

A tender offer from the proceeds from the CBOE's public offering was made to former members on both classes of restricted common stock on October 13, 2010 by CBOE Holdings, Inc. and on November 23, 2010 they purchased 5,000 Class A-1 shares and 5,000 Class A-2 shares from Associated Options, Inc. for \$250,000.

The restrictions on the remaining 35,000 shares of Class A-1 and 35,000 shares of Class A-2 common stock, net of the tender offer, expired on December 15, 2010 and June 13, 2011, respectively and were automatically converted one for one into unrestricted common stock traded on the NASDAQ.

**ASSOCIATED OPTIONS, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2012**

**NOTE H – HISTORICAL CONTEXT OF CBOE MEMBERSHIP CONVERTED TO COMMON STOCK IN THE 2010 IPO (continued)**

At December 31, 2012, the Company owned a total of 70,000 shares in regards to the previous conversion, carried on the Statement of Financial Condition at the closing market price of \$29.46 per share, \$2,062,200.

Associated Options, Inc. purchased in 2010 an additional 300 shares of unrestricted common stock at the initial public offering at \$29 per share. At December 31, 2012 the fair market value of these shares was \$8,838.

**NOTE I – FAIR VALUE MEASUREMENTS**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Basis of Fair Value Measurement**

- Level 1      Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, assets or liabilities.
  
- Level 2      Quoted prices in markets that are considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
  
- Level 3      Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table sets forth, by level within the fair value hierarchy, the Company's investment assets at fair value as of December 31, 2012. As required by FASB ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. At December 31, 2012, the Company had no investment assets at fair value classified within Level 2 or 3.

	Total	Fair Value Measurements at 12/31/12 Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
CBOE Holdings, Inc.				
Common Stock 70,000 shares, unrestricted	\$2,062,200	\$2,062,200	\$ -	\$ -
Common Stock 300 shares, unrestricted	8,838	8,838	-	-
<b>TOTAL</b>	<b>\$2,071,038</b>	<b>\$2,071,038</b>	<b>\$ -</b>	<b>\$ -</b>

**ASSOCIATED OPTIONS, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2012**

**NOTE I – FAIR VALUE MEASUREMENTS (continued)**

The table below summarizes the activity for investments in equity securities classified as available-for-sale measured at fair value on a recurring basis for the year ended December 31, 2012.

Balance at January 1, 2012	\$ 1,817,957
Net unrealized gains included in:	
Other comprehensive income	<u>253,081</u>
Balance at December 31, 2012	<u>\$ 2,071,038</u>

**NOTE J –OFF-BALANCE-SHEET RISK**

In connection with the Corporation's floor brokerage activities, which encompass 100% of the Corporation's business activity as a floor execution firm, there are no transactions or other off-balance-sheet financial instruments. There is no market or credit risk in excess of the amounts recorded in the statement of financial condition. All operating cash balances are 100% insured by the Federal Deposit Insurance Corporation thru December 31, 2012.

The segregated clearance cash is comprised of two SIPC money market securities accounts. The segregated clearance cash as well as the common stock securities in the statement of financial condition are subject to market risk.

Net revenue for the year ended December 31, 2012 includes commissions from three major customers, which accounted for approximately 26%, 18%, and 10%, respectively, of the total net commissions of the Company.

**NOTE K –SUBSEQUENT EVENTS**

The Company's management has evaluated events and transactions through February 19, 2013, the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements.

**SUPPLEMENTARY INFORMATION**

**INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION**  
**REQUIRED BY RULE 15C 3-1 AND 17A-5**  
**OF THE SECURITIES AND EXCHANGE COMMISSION**

To the Board of Directors and Stockholders  
Associated Options, Inc.  
Chicago, Illinois

We have audited the financial statements of Associated Options, Inc. as of and for the year ended December 31, 2012, which contained an unmodified opinion on those financial statements, and have issued our report thereon dated February 19, 2013. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 10-19 is presented for purpose of additional analysis and are not a required part of the basic financial statements, but are supplemental information required by Rule 15c 3-1 and 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL**

To the Board of Directors and Stockholders  
Associated Options, Inc.  
Chicago, Illinois

In planning and performing our audit of the financial statements of Associated Options, Inc. as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Corporation, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g).

Because the Corporation does not carry any securities accounts for customers or perform custodial functions related to customer securities, we did not review the practices and procedures followed by the Corporation in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e).
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Corporation is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of the internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

It is not practicable for a company of this size to achieve all the divisions of duties and crosschecks generally included in a system of internal accounting control and, as a result, greater reliance is placed on the close supervision of the accounting records by management on a daily basis.

This report is intended solely for the information and use of the stockholders, management, the SEC, the Chicago Board of Options Exchange, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON  
PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION**

To the Board of Directors and Stockholders of Associated Options, Inc.  
Chicago, Illinois

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the Year Ended December 31, 2012 which were agreed to by Associated Options, Inc. and the Securities and Exchange Commission, Chicago Board Options Exchange, and SIPC solely to assist you and the other specified parties in evaluating Associated Options, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7). Associated Options, Inc.'s management is responsible for the Associated Options, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences.
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012 as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2012 noting no difference;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
