INDEPENDENT AUDITORS' REPORT

Board of Directors
Robinson & Lukens, Inc.
McLean, VA

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Robinson & Lukens, Inc. (the Company) as of December 31, 2012, that is filed pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Robinson & Lukens, Inc. as of December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Total Liabilities and Stockholders' Equity \$ 3,010,309

ROBINSON & LUKENS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 1 – ORGANIZATION

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC), Financial Industry Regulatory Authority (FINRA) and the Securities Investors Protection Corporation (SIPC).

NOTE 2 - ACCOUNTING POLICIES

Security transactions are recorded on settlement date. The effect on net income of using a settlement date basis versus a trade date basis for recording securities transactions is not material. Securities owned are recorded at market value with any unrealized appreciation or depreciation included in current operating income.

Fixed assets are carried at cost, \$9,705, less accumulated depreciation of 7,843. Depreciation is determined in accordance with accelerated cost recovery methods over the estimated useful lives of the assets.

NOTE 3 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents consisted of amounts on deposit with federally insured financial institutions in checking and money market accounts. Total cash on deposit at December 31, 2012, and during the year then ended exceeded the federal deposit insurance limits. The Company has never experienced any losses in these accounts and does not believe that it is exposed to any significant concentration of credit risk. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 4 - CAPITAL REQUIREMENTS

The Company is subject to the net capital rule of the Securities and Exchange Commission. The rule requires that the Company's ratio of "aggregate indebtedness," as defined, to "net capital," as defined, not exceed 15 to 1. At December 31, 2012, the Company's ratio of aggregate indebtedness to net capital was .06 to 1, and net capital was \$2,447,464 as compared to the required minimum net capital of \$250,000.

NOTE 5 - LEASE COMMITMENTS

The Company is committed under a lease for office space which expires on February 28, 2015. Under this agreement the total future minimum lease payments are as follows:

| | |
|------------------------|------------------|
| 2013 | 36,000 |
| 2014 | 36,000 |
| 2015 | 6,000 |
| Total minimum payments | <u>\$ 78,000</u> |

ROBINSON & LUKENS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 6 - USE OF ESTIMATES

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

NOTE 7 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, an S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

NOTE 8 - RESERVE FUNDS DEPOSITED FOR THE BENEFIT OF CUSTOMERS

Cash segregated in special reserve bank accounts for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission at December 31, 2012 was \$75,000.

NOTE 9 - PENSION PLAN

The Company has a Simplified Employee Pension Plan. Discretionary contributions are made to individual accounts of eligible employees. Employees meeting certain age and service requirements participate in the plan. At December 31, 2012 the Company had accrued a contribution to the plan of \$49,685.

NOTE 10 - SECURITIES OWNED

Marketable securities owned consist of trading and investment securities at market values as follows:

| | |
|---------------------------|---------------------|
| Mutual Funds | \$ 89,278 |
| Money Market Mutual Funds | 66,159 |
| Corporate Stock | <u>1,550,436</u> |
| Total | <u>\$ 1,705,873</u> |

NOTE 11 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

ROBINSON & LUKENS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels Level 1, Level 2 and Level 3.

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2012.

| | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u> |
|---------------------------|---------------------|----------------|----------------|---------------------|
| Mutual Funds | 89,278 | - | - | 89,278 |
| Money Market Mutual Funds | 66,159 | - | - | 66,159 |
| Equity Securities | 1,550,436 | - | - | 1,550,436 |
| | <u>\$ 1,705,873</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 1,705,873</u> |

NOTE 12 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 25, 2013, the date on which the financial statements were available to be issued. No events have occurred since the balance sheet date that would have material impact on the financial statements.

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL

Board of Directors
Robinson & Lukens, Inc.
McLean, VA

Gentlemen:

In planning and performing our audit of the financial statements of Robinson & Lukens, Inc. (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control

and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

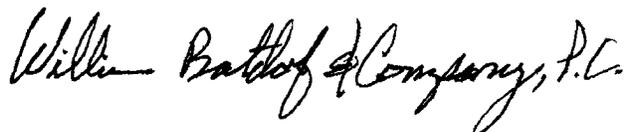

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Board of Directors
Robinson & Lukens, Inc.
McLean, VA

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012, which were agreed to by Robinson & Lukens, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC solely to assist you and the other specified parties in evaluating Robinson & Lukens, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Robinson & Lukens, Inc.'s management is responsible for Robinson & Lukens, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries including check registers and bank statements noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2012, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
