INDEPENDENT AUDITORS' REPORT

Board of Directors
Heim, Young & Associates, Inc.

Report on the Financial Statement

We have audited the accompanying statement of financial condition of Heim, Young & Associates, Inc. (the Company) as of June 30, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Heim, Young & Associates, Inc. as of June 30, 2013 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2013

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - Heim, Young & Associates, Inc. (the "Company") was incorporated in the state of Missouri on July 7, 1995. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business day as the transaction date.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, most of the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Subsequent Events - The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

**Fair Value Measurements at Reporting Date
Using**

Description	Fair Values as of June 30, 2013	Level 1	Level 2	Level 3
Securities owned	\$ 10,032	\$ 10,032	\$ 0	\$ 0

Securities owned consist entirely of equity securities from one issuer. No valuation techniques have been applied to all others assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 3 - RELATED PARTY INFORMATION

The Company is affiliated, through common ownership and management, with HYA Advisors, Inc. (HYA), a registered investment advisor, HYA Financial Corporation (HYF) and D-Squared Properties, L.L.C. (D-SP).

D-SP owns the office space leased to the Company. The Company has paid certain overhead and operating expenses on behalf of HYA and HYF and have been reimbursed by these entities.

The Company and its shareholders have entered into an agreement which includes HYA, HYF and D-SP as well as all shareholders/members of these entities. Included in this agreement are certain buy/sell provisions, restrictions on sale of shares/ownership interests and other restrictions/requirements of the shareholders/members. Future shareholders/members will also be bound by this agreement. The reader of these financial statements should read this agreement in its entirety, as amended, before undertaking any ownership considerations.

At June 30, 2013, HYA and HYF owe the Company \$17,051 and \$66,149, respectively

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At June 30, 2013, the Company's net capital and required net capital were \$282,887 and \$5,945, respectively. The Company's ratio of aggregate indebtedness to net capital was 31%.

NOTE 5 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company enters into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include exchange-traded and over-the counter options. These derivative financial instruments are used to meet the needs of customers and are subject to varying degrees of market and credit risk. In addition, the Company's customers may sell securities that they do not currently own and will, therefore, be obligated to purchase such securities at a future date.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2013

NOTE 5 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - (*Continued*)

Since the Company enters into the aforementioned transactions involving derivatives and other off-balance sheet financial instruments solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to the foregoing derivatives and other off-balance sheet financial instruments, as mentioned hereafter.

In order to facilitate securities transactions, including the aforementioned transactions, in December 2009, the Company entered into an agreement with another broker/dealer (Clearing Broker/dealer). The original term of the agreement is five years. Under the terms of the agreement the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. As part of the terms of the agreement between the Company and Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

Under terms of the agreement the Company is required to maintain a \$50,000 deposit with the Clearing Broker/dealer and maintain a minimum net capital of \$75,000. In addition, the Company is restricted from entering into another agreement for similar services without prior written consent from the Clearing Broker/dealer. Minimum charges, termination charges and other items are included in the agreement.

NOTE 6 - 401(k) PLAN

The Company has adopted a deferred compensation plan commonly referred to as a 401(k) Plan. Employees become eligible for the plan after one year of service and having attained age 21. The Company will match employee contributions up to 3% of compensation plus 50% of contributions in excess of 3%, up to a maximum of 5% of employee's compensation. The Company is also permitted to make additional discretionary profit sharing contributions. The plan is on a calendar year end. Company matching and profit sharing contributions to the plan for the year ended June 30, 2013 totaled \$134,367. This amount is included in compensation and related benefits on the Statement of Income.

NOTE 7 - INCOME TAXES

The Company has elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the individual shareholders of the Company.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2010.

NOTE 8 - COMMITMENTS

Office Lease - Minimum annual rentals under a noncancellable lease for office space (See Note 3), expiring September 30, 2026, exclusive of additional payments which may be required for certain increases in operating and maintenance costs, are \$128,388 annually. The cumulative total for years ending June 30, 2013 through June 30, 2027 is \$1,701,141. Office rent expense for this lease for the year ended June 30, 2013 was \$109,846.

The Company has also entered into a marketing agreement with another entity whereby compensation is determined by revenue production by registered representatives of that entity. This entity will also provide office space and related overhead to the Company. Restrictions upon termination of this agreement are included therein.
