INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
First Dallas Securities, Inc.

Report on the Financial Statements

We have audited the accompanying statement of financial condition of First Dallas Securities, Inc. as of July 31, 2013 and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Dallas Securities, Inc. as of July 31, 2013, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I and II has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I and II is fairly stated in all material respects in relation to the financial statements as a whole.

FIRST DALLAS SECURITIES, INC.
Notes to Financial Statements
July 31, 2013

Note 1 - Summary of Significant Accounting Policies

First Dallas Securities, Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers would be handled by a clearing broker-dealer. The Company is registered with the SEC as a registered investment advisor. The Company is a Texas Corporation that is a wholly-owned subsidiary of First Dallas Holdings, Inc. (the "Parent"). Substantially all of the Company's business is conducted with customers located in the southwestern United States.

Security transactions (and related commission revenue and expense) are recorded on a trade date basis.

Securities readily marketable are carried at fair value and securities not readily marketable are carried at fair value as determined by management of the Company. The increase or decrease in net unrealized appreciation or depreciation of securities is credited or charged to operations.

Receivables from broker-dealers and clearing organizations are generally collected in full in the month following their accrual. As such, management has not recorded an allowance for doubtful accounts on these receivables. Management records an allowance for bad debts based on a collectability review of specific accounts. Any receivables deemed uncollectible are written off against the allowance.

Money market funds are considered cash equivalents for the purposes of the statement of cash flows.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

The Company accounts for income taxes in accordance with the Income Taxes Topic of the Financial Accounting Standards Board Accounting Standards Codification. Deferred tax assets and liabilities arising from temporary differences between book and tax basis are recognized using the enacted statutory tax rates and laws that will be in effect when such differences are expected to reverse.

Deferred tax assets are recognized for temporary differences that will result in deductible amounts in future years. Deferred tax liabilities are recognized for temporary differences that will result in taxable income in future years. In the case of deferred tax assets, a reduction in deferred tax assets are recorded if it is more likely than not that some portion or all of the deferred tax asset will not be realized.

The Company's federal and state tax returns are subject to examination over various statutes of limitations generally ranging from three to five years.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FIRST DALLAS SECURITIES, INC.
Notes to Financial Statements
July 31, 2013

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At July 31, 2013, the Company had net capital of approximately \$1,025,232 and net capital requirements of \$250,000. The Company's ratio of aggregate indebtedness to net capital was .25 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 4 - Income Taxes

The Company is a member of a group that files a consolidated federal tax return. Accordingly, income taxes payable to (refundable from) the tax authority are recognized on the financial statements of the Parent who is the taxpayer for income tax purposes. The members of the consolidated group allocate payments to any member of the group for the income tax reduction resulting from the member's inclusion in the consolidated return, or the member makes payments to the Parent for its allocated share of the consolidated income tax liability. This allocation approximates the amounts that would be reported if the Company was separately filing its tax return. Any resulting provision or benefit for income taxes is recorded as receivable from or payable to the Parent.

Management evaluates income tax positions based on whether it is more likely than not the positions taken will be sustained on examination. Uncertain tax positions are reduced by a liability for a contingent loss that is recorded either when the more likely than not threshold is no longer met or when it becomes probable that a payment will be made to the taxing authority. Any potential interest and penalty associated with a tax contingency, should one arise, would be included as a component of income tax expense in the period in which the assessment arises.

Note 5 - Related Party Transactions

The Parent, pursuant a services agreement, provides all of the general administrative expenses for the Company. The Company paid or accrued to the Parent \$1,377,282 in administrative fees, \$1,060,000 in management fees, \$58,599 in federal income taxes, \$20,608 in Texas Franchise tax, and reimbursed \$551,760 in operating expenses during the year ended July 31, 2013. The Company also paid the Parent \$1,226,988 which the Parent, as a common paymaster, paid to licensed salesmen of the Company. At July 31, 2013, the Company owed the Parent \$230,304 of which \$5,044 relates to Federal income taxes and \$21,614 relates to Texas Franchise tax.

The Company acted as the distributor for Hodges Fund ("Fund") until July 1, 2006 which is a series of Professionally Managed Portfolios managed by Hodges Capital Management, Inc. owned by the Parent. The Fund paid to the Company a fee at an annual rate of up to .25% of the average daily net assets of the Fund as reimbursement for, or in anticipation of, expenses incurred for distribution-related activity. These fees were \$417,619 for the year ended July 31, 2013.

FIRST DALLAS SECURITIES, INC.
Notes to Financial Statements
July 31, 2013

Note 6 - Concentration of Credit Risk

The Company maintains deposits in excess of federally insured limits at various times during the year ended July 31, 2013. The risk is managed by maintaining all deposits in high quality institutions.

Note 7 - Commitments and Contingencies

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At July 31, 2013, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

Company's clearing firm: First Clearing Corporation

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

Year Ended July 31, 2013

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
First Dallas Securities, Inc.

In planning and performing our audit of the financial statements of First Dallas Securities, Inc. (the "Company"), as of and for the year ended July 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at July 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Dallas, Texas
September 10, 2013

Independent Accountant's Report
On The SIPC Annual Assessment
Required By SEC Rule 17a-5
Year Ended July 31, 2013

INDEPENDENT ACCOUNTANT'S REPORT ON THE SIPC ANNUAL
ASSESSMENT REQUIRED BY SEC RULE 17a-5

To the Board of Directors
First Dallas Securities, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended July 31, 2013, which were agreed to by First Dallas Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority and SIPC, solely to assist you and the other specified parties in evaluating First Dallas Securities, Inc.'s compliance with the applicable instructions of the Form SIPC-7. Management is responsible for First Dallas Securities, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursements records entries (cash disbursements journal) noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended July 31, 2013 with the amounts reported in Form SIPC-7 for the year ended July 31, 2013 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
