Independent Auditor's Report

Board of Directors
GSH Advisory Services, Inc.

Report on the Financial Statements

I have audited the accompanying statement of financial condition of GSH Advisory Services, Inc. as of September 30, 2013 and the related statements of income, changes in stockholder's equity, changes in liabilities to claims of general creditors, and cash flows for the year ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the presentation and fair presentation of these financial statements with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of GSH Advisory Services, Inc. as of September 30, 2013, and results of operations

and its cash flows for the year then ended in accordance with principles generally accepted in the United States of America.

Other Matters

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in the Net Capital Computation is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information in the Net Capital Computation has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information in the Net Capital Computation is fairly stated in all material respects in relation to the financial statements as a whole.

GSH ADVISORY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

NOTE A – SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

GSH Advisory Services, Inc. (the Company) was incorporated in the State of Illinois effective December 10, 1985. The Company has adopted a fiscal year ending September 30th.

Description of Business

The Company, located in Northbrook, IL is a broker and dealer in securities registered with the Securities and Exchange Commission (“SEC”) and is a member of FINRA. The Company operates under SEC Rule 15c3-3(k)(1), which provides an exemption because of limited business.

Basis of Accounting

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable – Recognition of Bad Debt

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Revenue Recognition

Consulting income is recorded by the Company on the accrual basis of accounting.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents. All of the Company’s cash and cash equivalents are held at high credit quality financial institutions.

See accountant’s audit report

GSH ADVISORY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

Fair Value of Financial Instruments

Financial instruments that are subject to fair value disclosure requirements are carried in the financial statements at amounts that approximate fair value and include cash and cash equivalents. Fair values are based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk.

Comprehensive Income

Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income, establishes requirements for disclosure of Comprehensive Income that includes certain items previously not included in the statement of income, including unrealized gains and losses on available-for-sales securities and foreign currency translation adjustments among others. During the year ended September 30, 2013, the Company did not have any components of Comprehensive Income to report.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations

Revenue concentrations exist as a function of the company's limited amount of consulting income.

NOTE B – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-3 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. Computation of Net Capital and the broker-dealer's corresponding unaudited Part IIA of the FOCUS report are required under Rule 15c3-1.

NOTE C – STATEMENT OF EXEMPTION OF RESERVE REQUIREMENT

The Company is subject to the Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum Net Capital. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintains minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not therefor calculate its net capital requirement under the alternative reserve requirement method.

See accountant's audit report

GSH ADVISORY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

NOTE D – POSSESSION OR CONTROL REQUIREMENTS

The Company does not have any possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c-3-3(k)(1).

NOTE E – RELATED PARTY TRANSACTIONS

The Company has an arrangement with Gary Hart & Associates, Ltd where certain office expenses are paid. The revenue reported by GSH Advisory Services was received from Gary Hart & Associates, Ltd, a commonly controlled entity.

NOTE F – SIPC RECONCILIATION

SEA Rule 17a-5(e)(4) requires a registered broker-dealer to file a supplemental report which includes procedures related to the broker-dealer's SIPC annual general assessment reconciliation or exclusion-from-membership forms. In circumstances where the broker-dealer reports \$500,000 or less in gross revenues, they are not required to file the supplemental SIPC report. The Company is exempt from filing the supplemental report under SEA Rule 17a-5(e)(4) because it is reporting less than \$500,000 in gross revenue.

NOTE G – COMMITMENTS AND CONTINGENCIES

GSH Advisory Services, Inc. does not have and never had any commitments, guarantees, or contingencies (arbitrations, lawsuits, claims, etc.) that may result in a loss or future obligation or that may be asserted against the firm at a future date.

NOTE H - SUBSEQUENT EVENT

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through November 8, 2013, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

REPORT ON INTERNAL CONTROL

For the year ended September 30, 2013

See accountant's audit report

Edward Richardson, Jr., CPA
15565 Northland Suite 508 West
Southfield, MI. 48075

November 8, 2013

Board of Directors
GSH Advisory Services, Inc.
5 Revere Drive Suite 200
Northbrook, IL 60062-8000

In planning and performing my audit of the financial statements and supplemental schedules of GSH Advisory Services, Inc. for the year ended September 30, 2013, I considered its internal control, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the company, including tests of such practices and procedures that I considered relevant to the objective stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control, and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance, that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection or any evaluation of them

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted the following condition that I consider to be a material weakness as defined above.

Only one person is responsible for all accounting and reporting functions. Accordingly, there is no segregation of duties. Due to the size of the Company, management does not feel it is cost-effective to change this condition.

I understand that practices and procedures that accomplish the objectives referred to in the preceding paragraphs of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study, I believe that the Company's practices and procedures were adequate at September 30, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and the regulatory agencies that rely on rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.

Edward Richardson, Jr., CPA
