Independent Auditor's Report

Board of Directors
Murray Securities, Inc.

Report on the Financial Statements

I have audited the accompanying statement of financial condition of Murray Securities, Inc. as September 30, 2013 and the related statements of income, changes in stockholder's equity, changes in liabilities to claims of general creditors, and cash flows for the year ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the presentation and fair presentation of these financial statements with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Murray Securities, Inc. as of September 30, 2013, and results of operations and its

cash flows for the year then ended in accordance principles generally accepted in the United States of America.

Other Matters

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in the Net Capital Computation is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information in the Net Capital Computation has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information in the Net Capital Computation is fairly stated in all material respects in relation to the financial statements as a whole.

MURRAY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

NOTE A – SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Murray Securities, Inc., and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

Murray Securities, Inc. (the Company) was incorporated in the State of Texas effective October 17, 2006. The Company has adopted a fiscal year ended September 30.

Description of Business

The Company, located in Tyler, Texas, is a broker and dealer in securities registered with the Securities and Exchange Commission (“SEC”) and is a member of FINRA. The Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company’s customers are handled by a clearing broker-dealer.

Basis of Accounting

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable – Recognition of Bad Debt

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Revenue Recognition

Commission revenues are recorded on the accrual basis of accounting.

Depreciation

Depreciation is calculated using the straight line method. Expenditures for major repairs and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are included in the accompanying statement of operations of the respective period.

See accountant’s audit report

MURRAY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

Concentrations

The primary concentration of revenue is from sales of mutual funds, equities, and corporate bonds.

Income taxes

Deferred income taxes are determined using the liability method in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") Topic No. 740, Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts to existing assets and liabilities and their respective tax bases. Deferred income taxes are measured using enacted tax rates expected to apply to taxable income in years in which such temporary differences are expected to be recovered or settled. The effect on deferred income taxes of a change in tax rates is recognized in the statement of operation of the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not some portion of the deferred tax asset will not be realized.

Management evaluates income tax positions based on a predetermined threshold of whether the positions taken will be sustained on examination. Uncertain tax positions are reduced by a liability for a contingent loss that is recorded either when the threshold is no longer met or when it becomes probable that a payment will be made to the taxing authority.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-3 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

There were no material differences in the in the net amount reported as Net Capital in the audited Computation of Net Capital and the broker-dealer's corresponding unaudited Part IIA of the FOCUS report required under Rule 15c3-1, however, the net capital computation per the audited report found a difference in haircuts of \$1,401.66 an immaterial change to the unaudited Part IIA of the FOCUS report; the net effect of these changes caused no material difference in reported net capital. Other than these changes and the minor adjustments set forth herein, there were no material inadequacies found to exist or found to have existed since the date of the previous audit.

See accountant's audit report

MURRAY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

NOTE C – POSSESSION OR CONTROL REQUIREMENTS

The Company does not have any possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c-3-3(k)(2)(ii) by promptly transmitting all customer funds to the clearing broker who carries the customer accounts.

NOTE D – STATEMENT OF EXEMPTION OF RESERVE REQUIREMENT

The Company is subject to the Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum Net Capital. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintains minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not therefor calculate its net capital requirement under the alternative reserve requirement method.

NOTE E – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between participants at the measurement date (i.e., an exit price). The guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority To unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted, active market prices for identical assets or liabilities. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuation is obtained from readily available pricing sources for market transactions involving identical assets or liabilities. The Company did have any Level 1 assets.

Level 2 – Observable inputs other than Level 1, such as quoted market prices for similar assets or liabilities, quoted for identical or similar assets in inactive markets, and model derived valuations in which all significant inputs are observable in active markets. The Company did not have any Level 2 assets or liabilities.

Level 3 – Valuation techniques in which one or more significant inputs are observable in the marketable. The company did not have any Level 3 assets or liabilities.

Fair values of assets measured on a recurring basis at September 30, 2013 are as follows:

See accountant's audit report

MURRAY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

| | Fair value at Reporting Date Using | |
|--------------------|---|---|
| | Fair Value | Quoted Price in Active markets for Identical Assets (Level 1) |
| September 30, 2013 | | |
| Money Market Funds | \$ 15,392.04 | \$ 15,392.04 |
| Government Bonds | <u>50,605.98</u> | <u>50,605.98</u> |
| Total | <u>\$ 65,998.02</u> | <u>\$ 65,998.02</u> |

Fair values for short-term investments and long-term investments are determined by reference to quoted market prices and other relevant information generated by market transactions. The income reported from these investments was interest \$14.52.

The carrying amounts reflected in the balance sheet for cash, money market funds, and marketable securities approximate the respective fair values due to the short maturities of those instruments. Available-for-sale marketable securities are recorded at fair value in the balance sheet. A comparison of the carrying value of those financial instruments is as follows:

| | Fair value at Reporting Date Using | |
|--------------------|---|---------------------|
| | Carrying Value | Fair Value |
| September 30, 2013 | | |
| Money Market Funds | \$ 15,392.04 | \$ 15,392.04 |
| Government Bonds | <u>50,605.98</u> | <u>50,605.98</u> |
| Total | <u>\$ 65,998.02</u> | <u>\$ 65,998.02</u> |

Cost and fair value of money market funds and marketable securities at September 30, 2013 are as follows:

| | Amortized Cost | Gross Unrealized Gain | Gross Unrealized Losses | Fair Value |
|--------------------|-----------------------|------------------------------|--------------------------------|---------------------|
| September 30, 2013 | | | | |
| Held to Maturity: | | | | |
| Money Market Funds | \$ 15,392.04 | 0.00 | 0.00 | \$ 15,392.04 |
| Government Bonds | 50,605.98 | 0.00 | 0.00 | 50,605.98 |
| Totals | <u>\$ 65,998.02</u> | <u>0.00</u> | <u>0.00</u> | <u>\$ 65,998.02</u> |

The fair value of money market funds and market securities have been measured on a recurring basis using Level 1 inputs, which are based on unadjusted quoted market prices within active markets. There have been no changes in valuation techniques and related inputs.

NOTE F – OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At September 30, 2013, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

NOTE G – PROPERTY, EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Property, equipment and leasehold improvements are stated at cost less accumulated depreciation. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation is calculated on the double declining method. The following is a summary of property, equipment and leasehold improvements:

| | Estimated Useful Life | | |
|---------------------------------|-----------------------|----|-----------------|
| Office Equipment | 3-7 years | \$ | 9,487 |
| Furniture and fixtures | 7 years | | 19,969 |
| Leasehold improvements | 6 years | | 12,133 |
| | | | <u>41,589</u> |
| Less – accumulated depreciation | | | <u>(35,037)</u> |
| Total | | \$ | 6,552 |

Depreciation expense was \$4,380.01 for the year September 30, 2013 and is included in the operating expenses in the accompanying statement of income.

NOTE H – RENT

The Company leases office space under a long-term non-cancelable lease. The lease term is extended to December 31, 2015. Effective January 1, 2013, the fixed basic rent is amended to \$3,513.33 per month. The rent expense for September 30, 2013 was \$49,022.00.

| <u>For the year ending September 30,</u> | <u>Amount</u> |

MURRAY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
September 30, 2013

NOTE I – ADVERTISING

The advertising expense for the year was \$839.76; the entire amount was expensed as incurred.

NOTE J – EMPLOYEE BENEFIT PLAN

The Company has adopted a Simplified Employee Pension Plan for employees. The company contributes the lesser of 25% of employee compensation or a maximum amount of \$40,000 for any one employee. The Company contributed \$69,816.66 to the Plan for the year ended September 30, 2013.

NOTE K – DEFERRED INCOME TAXES

The Company did not provide the guidance provided by Financial Accounting Standards Board (FASB) Accounting Standards Codification (“ASC”) Topic No. 740, Income Taxes. This is a violation of Generally Accepted Accounting Principles. Had the pronouncement been followed the Company would have a deferred tax asset of \$3,201.95.

NOTE L - SUBSEQUENT EVENT

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through November 8, 2013, which is the date the financial statement were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

In planning and performing my audit of the financial statements and supplemental schedules of Murray Securities, Inc. for the year ended September 30, 2013, I considered its internal control, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the company, including tests of such practices and procedures that I considered relevant to the objective stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control, and the practices and procedures referred to the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance, that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection or any evaluation of them

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

I understand that practices and procedures that accomplish the objectives referred to in the preceding paragraphs of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study, I believe that the Company's practices and procedures were adequate at September 30, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and the regulatory agencies that rely on rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.

In accordance with Rule 17a-5©(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the period October 1, 2012 to September 30, 2013, which were agreed to by Murray Securities, Inc., and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and the SIPC, solely to assist you and other specified parties in evaluating Murray Securities, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). Murray Securities, Inc.'s management is responsible for Murray Securities, Inc. with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures were performed and our findings are as follows:

1. Compared the listed assessment payments represented on Form SIPC-7 with the respective cash disbursements record entries, including check amounts of \$1,052.00.
2. Compared audited Total Revenue for the period of October 01, 2012 through the September 30, 2013(fiscal year-end) with the amounts reported on Form SIPC-7T for the same period noting no reportable reconciliation differences.
3. Compared any adjustments reported Form SIPC-7 with supporting schedules and work papers, to the extent such exists, noting no differences.
4. Proved the arithmetical accuracy of the calculations reflected on Form SIPC-7 noting a difference of 14.00.
5. If applicable, compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed. According to our findings, Murray Securities, Inc. had no reportable differences.

I was not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
