## BREARD & ASSOCIATES, INC. CERTIFIED PUBLIC ACCOUNTANTS

#### **Independent Auditor's Report**

Board of Directors Lam Securities Investments, Inc.:

#### **Report on the Financial Statements**

We have audited the accompanying statement of financial condition of Lam Securities Investments, Inc., (the Company) as of December 31, 2012, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

9221 Corbin Avenue, Suite 170, Northridge, California 91324 phone 818.886.0940 fax 818.886.1924 web www.baicpa.com LOS ANGELES CHICAGO NEW YORK OAKLAND SEATTLE

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lam Securities Investments, Inc. as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 8 to the financial statements, the Company has suffered losses from operations and minimal revenue. The shareholder will continue to fund operations, otherwise it raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 8. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

#### **Other Matter**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, and III has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II, and III is fairly stated in all material respects in relation to the financial statements as a whole.

#### Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### General

Lam Securities Investments, Inc. (the "Company") is a California corporation incorporated on November 17, 1994 that began operations on January 1, 1995. The Company operates as a registered broker/dealer in securities under the provision of the Securities Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority ("FINRA"), the Securities Investor Protection Corporation ("SIPC"), and the Municipal Securities Rulemaking Board ("MSRB").

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including asset management, retail broker services, pension fund institutional trading and mutual fund retailer. The Company is also a municipal securities broker and is engaged in the full service of retail sales of corporate securities.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

#### Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

-5-

# Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company has adopted FASB ASC 320, Investments — Debt and Equity Securities. As such, marketable securities held by the Company are classified as trading securities and stated at their fair market value based on quoted market prices. Realized gains or losses from the sale of marketable securities are computed based on specific identification of historical cost. Unrealized gains or losses on marketable securities are computed based on specific identification of recorded cost, with the change in fair value during the period included in income.

Securities transactions are recorded on a settlement date basis, except for proprietary transactions, commission revenues and the related expenses which are recorded on a trade date basis. Accounting principles generally accepted in the United States of America require transactions to be recorded on a trade date basis, however there is no material difference between trade date and settlement date for the Company.

Furniture, equipment, and leaseholds are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

With the consent of its shareholders, the Company has elected to be treated as an S Corporation under Subchapter S of the Internal Revenue Code. Subchapter S of the Code provides that in lieu of corporate income taxes, the stockholders are individually taxed on the Company's taxable income; therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar regulations, although there exists a provision for a minimum franchise tax and a tax rate of 1.5% over the minimum franchise fee of \$800.

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 13, 2013, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

## Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company has elected to report the statement of changes in stockholder's equity without disclosing the accumulated adjustment account and other equity accounts pertinent to an S Corporation. There is no financial impact to these financial statements.

#### Note 2: DEPOSIT WITH CLEARING ORGANIZATION

The Company has a brokerage agreement with Sterne Agee ("Clearing Broker") to carry its account and the accounts of its clients as customers of the Clearing Broker. The Clearing Broker has custody of the Company's cash balances which serve as collateral for any amounts due to the Clearing Broker as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at December 31, 2012 was \$20,434.

#### Note 3: INVESTMENTS, AT MARKET

Investments, at market consist of corporate stocks. As discussed in Note 1, marketable securities held by the Company are classified as trading securities and stated at their fair market value based on quoted market prices. At December 31, 2012, these securities are carried at their fair market value of \$726. The accounting for the mark-to-market on proprietary account is included in the Statement of Operations as net investment gains of \$146.

## Note 4: FURNITURE, EQUIPMENT, AND LEASEHOLDS, NET

Furniture, equipment, and leaseholds are recorded net of accumulated depreciation and summarized by major classification as follows:

			<u>Useful Life</u>
Automobile	\$	34,658	5
Furniture and fixtures		53,014	5-7
Leasehold improvements		<u>63,398</u>	39
Total cost of furniture, equipment, and leaseholds		151,070	
Less: accumulated depreciation		(98,540)	
Furniture, equipment, and leaseholds, net	<u>\$</u>	52,530	

Depreciation expense for the year ended December 31, 2012 was \$1,696.

#### Note 5: INCOME TAXES

As discussed in Note 1, the Company has elected the S Corporate tax status; therefore, no federal income tax provision is included in these financial statements. The tax provision reported is the California minimum franchise tax of \$800.

#### Note 6: FAIR VALUE MEASUREMENT - ACCOUNTING PRONOUNCEMENT

On January 1, 2009, the Company adopted FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income, or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 - Quoted prices in an active market for identical assets or liabilities;

Level 2 - Observable inputs other than Level 1, quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, and model derived prices whose inputs are observable or whose significant value drivers are observable;

Level 3 - Assets and liabilities whose significant value drivers are unobservable.

# Note 6: FAIR VALUE MEASUREMENT - ACCOUNTING PRONOUNCEMENT . (Continued)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2012:

Assets	Fair Value	<u>.</u>	Level	<u>1 Inputs</u>	Level 2 In	outs	Level 3	Inputs
Investments, at market	<u>\$ 72</u>	2 <u>6</u>	\$	726	<u>\$</u>		<u>\$</u>	
Total	<u>\$ 72</u>	26	\$	726	\$		<u>\$</u>	-
Liabilities	Fair Value	2	Level	1 Innuts	Level 2 In	outs	Level 3	Inputs
Liadinties	\$		\$	-	\$		\$ .	
Total	\$	_	\$	-	\$	-	\$	-

#### Note 7: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

#### **Note 8: COMMITMENTS AND CONTINGENCIES**

#### Going-Concern

The Company had little activity for the year ended December 31, 2012. This inactivity has resulted in substantial operating losses; however to provide needed liquidity, the shareholder will continue to capitalize the Company to fund its continuing operations. In October 2011, the Company was selected as a broker/dealer for the State of Illinois Teacher's Retirement System. The term of this assignment is three years. Through marketing, the Company expects to garner several other major public pension fund assignments. The shareholder will continue to capitalize the Company to fund its continuing operations until earnings are gained from these new transactions.

-9-

## Note 9: RECENTLY ISSUED ACCOUNTING STANDARDS

In June of 2009, the Financial Accounting Standards Board (the "FASB") implemented a major restructuring of U.S. accounting and reporting standards. This restructuring established the Accounting Standards Codification ("Codification" or "ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

For the year ending December 31, 2012, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

ASU No. 2011-04	<u>Title</u> Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (May 2011).	<u>Effective Date</u> After December 15, 2011
2011-05	Comprehensive Income (Topic 220): Presentation of Comprehensive Income (June 2011).	
2011-08	Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment (September 2011).	After December 15, 2011

-10-

Section and the

#### Note 9: RECENTLY ISSUED ACCOUNTING STANDARDS

#### (Continued)

- 2011-11 Balance Sheet (Topic 210): Disclosures about After January 1, 2013 Offsetting Assets and Liabilities (December 2011).
- 2011-12 Comprehensive Income (Topic 220): Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05 (December 2011).

After December 15, 2011

2012-02 Intangibles – Goodwill and Other (Topic 350): After September 15, 2012 Testing Indefinite-Lived Intangible Assets for Impairment (July 2012).

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

#### Note 10: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2012, the Company had net capital of \$20,172 which was \$15,172 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$1,088) to net capital was 0.05 to 1, which is less than the 15 to 1 maximum allowed.

Lam Securities Investments, Inc. Supplementary Accountant's Report on Internal Accounting Control Report Pursuant to Rule 17a-5 For the Year Ended December 31, 2012

.

## BREARD & ASSOCIATES, INC. CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors Lam Securities Investments, Inc.:

In planning and performing our audit of the financial statements of Lam Securities Investments, Inc. (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

9221 Corbin Avenue, Suite 170, Northridge, California 91324 phone 818.886.0940 fax 818.886.1924 web www.baicpa.com LOS ANGELES CHICAGO NEW YORK OAKLAND SEATTLE A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Control deficiencies are noted below under material weaknesses.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

The size of the business and the resultant limited number of employees imposes the practical limitations on the effectiveness of those internal control policies and procedures that depends on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
