INDEPENDENT AUDITOR'S REPORT

Board of Directors
FIRST INDEPENDENT FINANCIAL SERVICES, INC.
Tulsa, Oklahoma

We have audited the accompanying statements of financial condition of **First Independent Financial Services, Inc** as of December 31, 2012 and 2011, and the related statements of income and comprehensive income, changes in stockholder's equity, cash flows and changes in liabilities subordinated to claims of general creditors for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **First Independent Financial Services, Inc.** as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

FIRST INDEPENDENT FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

First Independent Financial Services, Inc. ("the Company") was organized in the state of Oklahoma on February 10, 2004, and is a registered broker and dealer in securities under the Securities and Exchange Act of 1934. The Company is primarily a retail and institutional brokerage firm and does not intend to make markets, take proprietary positions or participate as an underwriter in public offerings. The Company is an introducing broker and carries no customer monies or securities. All customer transactions are forwarded to a clearing broker on a fully disclosed basis. Commissions are received for mutual fund and insurance products.

Revenue Recognition

Revenues and expenses are accounted for on the accrual basis.

Property and Equipment

Property and equipment are recorded at cost. Depreciation of the property and equipment is computed by the straight-line method over the estimated useful lives of the assets, which range from five to ten years. Fully depreciated assets still in use totaled approximately \$5,380 and \$5,380 for years ended December 31, 2012 and 2011, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

For purposes of the Statements of Cash Flows, management considers all short-term investments with an original maturity of three months or less to be cash equivalents. As of December 31, 2012 and 2011, there are no cash equivalents.

Advertising

The Company follows the policy of charging advertising to expense as incurred.

Comprehensive Income

Statement of Financial Accounting Standards No. 130, *Reporting Comprehensive Income*, (SFAS 130), requires that total comprehensive income be reported in the financial statements. Total comprehensive income is presented on the Statements of Income and Comprehensive Income.

FIRST INDEPENDENT FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investments

All marketable securities are classified as “available for sale”. Securities classified as “available for sale” are carried in the financial statements at fair value. Realized gains and losses, determined using the first-in first-out (FIFO) method, are included in earnings. Unrealized holding gains and losses are reported in other comprehensive income.

Accounts Receivable – Commissions

The Company considers accounts receivable – commissions to be fully collectible. Accordingly, no allowance for doubtful accounts is deemed necessary. If accounts become uncollectible, they will be charged to operations when that determination is made. Determination of uncollectibility is made by management based on knowledge of specific accounts. Past-due status is based on contractual terms. Past-due accounts are not charged interest.

Basis of Presentation

The financial statements include all the accounts of FIRST INDEPENDENT FINANCIAL SERVICES, INC. which is engaged in a single line of business as a securities broker – dealer, which comprises several classes of service including principal transaction and agency transportation.

The accompanying statement of financial condition has been prepared pursuant to Rule 17a-5 of the Securities Exchange Act of 1934. The classification and reporting of items appearing on the statement of financial condition is consistent with the rule.

Securities Transactions

Security transactions and the related commission revenue and expense are recorded on a settlement date basis, generally the third business day following the transaction date, which does not vary materially from the trade basis.

Restricted Cash Deposit with Clearing Organization

The clearing organization requires FIRST INDEPENDENT FINANCIAL SERVICES, INC. maintain a \$25,000 cash balance on deposit. This may not be withdrawn for normal operating costs but is restricted to cover any errors charged to the company not as a result of the clearing organization.

**FIRST INDEPENDENT FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED
Financial Instruments with Off-Balance Sheet Risk

In the normal course of business, the company's activities involve the execution and settlement of various securities transactions. These activities may expose the company to off-balance sheet credit and market risks in the event the customer or counter party is unable to fulfill its contractual obligation. Such risks may be increased by volatile trading markets.

NOTE 2: RELATED PARTY TRANSACTIONS

The Company earns commissions from insurance related products that are paid to an affiliated company and transferred to First Independent Financial Services, Inc.. The company reported commissions income earned from the affiliated company during the years 2012 and 2011, totaling \$200,924 and \$381,805, respectively. A portion of these earned commissions were paid subsequent to year end resulting in an account receivable included on the balance sheet in the amount of \$27,279 and \$8,419 as of December 31, 2012 and 2011 , respectively.

NOTE 3: PROPERTY AND EQUIPMENT

Following are the major classifications of property and equipment:

	2012	2011
Office Equipment	\$ 5,380	\$ 5,380
Accumulated Depreciation	<u>(5,380)</u>	<u>(5,380)</u>
	<u>\$ 0</u>	<u>\$ 0</u>

NOTE 4: DETERMINATION OF THE RESERVE REQUIREMENT

Exemption from SEC Rule 15c3-3, which requires computation of the reserve requirement, is claimed based on Section (k)(2)(B) under the Securities Exchange Act of 1934 as an introducing broker or dealer transacting security transactions on a fully disclosed basis. The company does not maintain physical custody of securities or customer accounts. Because of such exemption, the company is not required to prepare a "Computation of Determination of Reserve Requirements" and the schedule of "Information Relating to Possession or Control Requirements". Under this Section, exemption can be claimed if all customer transactions are cleared through another broker/dealer on a fully disclosed basis. All First Independent Financial Services, Inc. customer transactions are cleared through First Southwest Company.

NOTE 5: INVESTMENTS

The table below provides detail of the investments:

<u>December 31, 2012</u>				
	Number	Cost	Gross Unrealized Gains (Losses)	Estimated Market Value
Fannie Mae Bonds	0	\$ 0	\$ 0	\$ 0
		<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>
<u>December 31, 2011</u>				
	Shares	Cost	Gross Unrealized Gains (Losses)	Estimated Market Value

In 2009, the Company adopted the provisions of SFAS No. 157, "Fair Value Measurements." Using the provisions within SFAS No. 157, the Company has characterized its investments in securities, based on the priority of inputs used to value the investments, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level of input that is significant to the fair value measurement of the investment.

Investments recorded in the Balance Sheets based on the inputs to valuation techniques as follows:

Level 1- These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Company has the ability to access. These investments are exchange-traded mutual funds.

Level 2- These are investments where values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investments.

FIRST INDEPENDENT FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE 6: INVESTMENTS – CONTINUED

Level 3- These are investments where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect assumptions of management about assumptions market participants would use in pricing the investments.

The following table presents the Company's hierarchy for the investments measured at fair value on a recurring basis as of December 31, 2012:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
<u>Available-for-sale securities</u>			
Exchange traded bonds	\$ 0	\$ 0	\$ 0

NOTE 7: COMMITMENTS

2013	\$ 57,165
2014	\$ 57,959
2015	\$ 34,458

NOTE 8: ADDITIONAL CASH FLOW INFORMATION

The net increase in the unrealized holding gain (loss) on available for sale securities was \$0 and \$0 respectively, for the years ended December 31, 2012 and 2011.

NOTE 9: DISCLOSURES ABOUT THE FAIR VALUE OF FINANCIAL INSTRUMENTS

Management believes that the carrying amounts of the Company's financial instruments at December 31, 2012, which include cash and cash equivalents, commission's receivable, certificate of deposit and payables, are reasonable estimates of their fair value.
