REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Member
American Medtech Equity Advisors, LLC
New York, New York

Report on the Statement of Financial Condition

We have audited the accompanying statement of financial condition of American Medtech Equity Advisors, LLC (the "Company") as of December 31, 2012, and the related notes to the statement of financial condition.

Management's Responsibility for the Statement of Financial Condition

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of financial condition.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of financial condition referred to above present fairly, in all material respects, the financial position of American Medtech Equity Advisors, LLC as of December 31, 2012, in conformity with accounting principles generally accepted in the United States of America.

American Medtech Equity Advisors, LLC

Notes to Statement of Financial Condition

Note 1 - Summary of Business and Significant Accounting Policies

Business

American Medtech Equity Advisors, LLC (“Company”), was organized on March 25, 2009, pursuant to the laws of the State of Delaware. The Company is broker-dealer registered with the Securities and Exchange Commission (“SEC”) and regulated by the Financial Industry Regulatory Authority (“FINRA”) formerly the National Association of Securities Dealers (“NASD”). The Company provides merger and acquisition advisory and related consulting services.

Basis of Accounting

The Company’s financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, whereby revenues, if any, from advisory and consulting fees are recognized when earned and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Equipment and Software

Equipment and Software are stated at cost. Depreciation is provided for by the straight-line method for financial statement purposes based upon the estimated useful lives of the assets. Asset lives for Equipment and Software range from 3 to 5 years for financial statement purposes.

Long-Lived Assets

Long-lived assets, such as equipment and software, are evaluated for impairment when events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. An impairment loss would be recognized when estimated undiscounted future cash flows expected to result from the use of these assets and its eventual disposition are less than its carrying amount. Impairment, if any, is assessed using discounted cash flows.

American Medtech Equity Advisors, LLC

Notes to Statement of Financial Condition

Income Taxes

The Company is organized as a limited liability company and is disregarded as an entity for federal and state income tax purposes. Accordingly no provision has been made for federal and state income taxes. These taxes are the responsibility of the member who includes the Company's income and deductions in their income tax returns. The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic No. 740, "Income Taxes". Under that guidance the Company assesses the likelihood, based on their technical merit that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available or when an event occurs that requires a change.

With few exceptions, the statute of limitations for the examination of the Company's tax returns is generally three years from the due date of the tax return including extensions. The tax years open for assessments are the years ending on or after December 31, 2010.

Fair Value Measurements

ASC Topic No. 820, "Fair Value Measurements and Disclosures" ("ASC 820") defines fair value and establishes a framework for measuring fair value. The Company adopted the provisions codified within ASC 820 for financial assets and liabilities that are measured at fair value on a recurring basis. ASC 820 establishes fair value hierarchy levels that prioritize the inputs used in valuations determining fair value. Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities. Level 2 inputs are primarily quoted prices for similar assets or liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs based on the Company's own assumptions.

Note 2 – Equipment and Software

Equipment and Software at December 31, 2012 consists of the following:

Computers and equipment	\$ 1,919
Software	<u>423</u>
	2,342
Less accumulated depreciation and amortization	<u>(1,377)</u>
Total	<u>\$ 965</u>

Depreciation expense was \$368 in 2012.

American Medtech Equity Advisors, LLC

Notes to Statement of Financial Condition

Note 3 - Net Capital Requirement

As a broker-dealer, the Company is subject to the SEC regulations and operating guidelines, which require the Company to maintain specific amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as defined, not to exceed 8 to 1. Net capital and the related ratio of aggregate indebtedness to net capital may fluctuate on a daily basis. At December 31, 2012, the Company had net capital of \$12,064 which was \$7,064 higher than its required minimum net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital ratio was 0.3483 to 1 at December 31, 2012.

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission since the Company does not carry security accounts for customers or perform custodial functions relating to customer securities. All accounts are on fully disclosed basis. Therefore, the Company is not required to make periodic computation of the reserve requirements for the exclusive benefit of customers.

Note 4 - Operating Lease

The Company leases its office facilities under a month to month operating lease. Rent expense was \$16,478 in 2012.

Note 5 - Concentration of Credit Risk

The Company has potential concentration of credit risk in that it maintains deposits with one major financial institution. At times, the amount on deposit at this institution may exceed the maximum balance insured by the Federal Deposit Insurance Corporation. At December 31, 2012, there were no uninsured amounts.

The Company's receivables are on a non-collateralized basis. Credit is extended based on an evaluation of each customer's financial condition. The Company provides an allowance for doubtful accounts based on a review of outstanding receivables. After all attempts to collect a receivable have failed, the receivable is written off against the allowance.

Note 6 - Transactions with Major Customers

Due to the nature of the Company's business large transactions with customers will occur each year. Transactions with four major customers accounted for approximately 78% of revenues for the year ended December 31, 2012.

American Medtech Equity Advisors, LLC

Notes to Statement of Financial Condition

Note 7 – Related Parties

During 2012, the Company loaned the sole member \$121 under a non-interest bearing demand note. The amount due from the sole member at December 31, 2012 totaled \$1,680 and is included in Loan to member.

Note 8 - Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through March 1, 2013, the date the financial statements were available to be issued, and has determined there are no events to disclose.
