NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED TO DECEMBER 31, 2012

Note 1 - Nature of Business

Dermott W. Clancy Corp., (The "Company") is a New York State corporation formed in September 2003, for the purpose of conducting business as a broker on the floor of the New York Stock Exchange. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC").

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Note 2 - Summary of Significant Accounting Policies

a) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

b) Income Taxes

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income. The Company continues to pay New York City general corporation taxes.

c) Cash and Cash Equivalents

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

d) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

DERMOTT W. CLANCY CORP. NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

Note 2 - Summary of Significant Accounting Policies (continued)

e) Fixed Assets

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line methods. Organization expense is amortized over five years using the straight-line method.

f) Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2012 and March 2, 2013, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Note 3 - Profit Sharing Plan

The Company maintains a defined contribution plan covering substantially all employees. The Company contributes at the discretion of management, up to 15% of the eligible compensation. The Company's liability to the plan for the year ended December 31, 2012 was \$-0-.

Note 4 - Related Party Transactions

The Company receives commissions from an entity whose 100% stockholder is the spouse of the Company's 100% stockholder. In 2012, commissions of \$147,500 were received from this entity. At December 31, 2012, there was nothing due from this entity. The Company shares its premises with this entity and another entity whose 100% stockholder is the spouse of the Company's 100% stockholder. In 2012, the Company paid \$-0- for its share of rent.

Note 5 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customer' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

DERMOTT W. CLANCY CORP. NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

Note 6 - Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2012, the Company had net capital of \$13,080, which was 6,913 in excess of its required net capital of \$6,167. The Company's net capital ratio was 707.26%
