#### Report of Independent Registered Public Accountant

Board of Members MDB Capital Group LLC Santa Monica, California

I have audited the accompanying statement of financial condition of MDB Capital Group LLC as of December 31, 2012 and the related statements of income, changes in members' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to financial statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also included evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evident I have obtained is sufficient and appropriate to provide a basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MDB Capital Group LLC as of December 31, 2012 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information contained on Schedules I-IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information is the responsibility of management and was derived form and relates directly to the underlying accounting and other records used to prepare t financials statements. The information in Schedules I-IV has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information in Schedules I-IV is fairly stated in all material respects in relation to the financial statements as a whole.

This opinion is intended solely for the information and use of the board of members, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

## Notes to Financial Statements December 31, 2012

#### Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization and general matters:

MDB Capital Group LLC (the "Company") was formed in California in 1996 and is approved as a securities broker dealer by the Securities and Exchange Commission, The Financial Industry Regulatory Authority, and The State of California.

The firm is a limited liability company whose managing members are Messers. Christopher A. Marlett and Anthony D. Di Giandomenico.

The firm operates on a fully disclosed basis with another member firm, National Financial Services.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

#### Revenue recognition:

Securities transactions are recorded on a settlement date basis with related commission income and expense also recorded on a settlement date basis.

#### Marketable securities:

Securities owned are valued at market value. The resulting differences between cost and market is included in income.

#### Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Property, equipment and premises:

The company depreciates its assets over a useful life of five, seven, or thirty-nine and a half years.

Fixed assets \$2,606,002 Less: accumulated depreciation (584,862)

\$ 2,021,140

Depreciation expense for the year ended December 31, 2012 was \$32,480

## Notes to Financial Statements December 31, 2012

#### Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Concentrations of Credit Risk:

The Company is engaged in various brokerage activities in which counter parties primarily include broker-dealers, banks, and other financial institutions. In the event counter parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

#### Leases:

The Company committed to an office lease for approximately 4,428 square feet of office space in December of 2009. Under the lease agreement there is a fixed monthly payment of \$16,605 for five years, and eight months. The fixed rent will increase annually by 4% on the 13<sup>th</sup> month of the Term.

| Total Lease Obligation | Year | <u>Amount</u> |
|------------------------|------|---------------|
| •                      | 2013 | 224,888       |
|                        | 2014 | 233,883       |
|                        | 2015 | 141,418       |

#### Comprehensive Income:

The Company adopted SFAS No. 130, "Reporting Comprehensive Income," which requires that an enterprise report, by major components and as a single total, the changes in equity. There were no other comprehensive income items for the year ended December 31, 2012.

#### Note 2: INCOME TAXES

The Company was formed as Limited Liability Company and has elected to be treated as a partnership for Federal Tax purposes, which provides that in lieu of corporate taxes, the members are taxed on the Company's taxable income. Therefore, no provision or liability for Federal income taxes is included in these financial statements. The State of California has similar regulations, although there exists a minimum franchise tax of \$800 per year. The company also paid \$6,000 during the year due to California's LLC gross receipts tax. Total income tax expense for the year ended December 31, 2012 was \$6,800.

#### Note 3: NET CAPITAL REQUIREMENT

The company is subject to the uniform net capital rule (SEC Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of maximum ratio of aggregate indebtedness to net capital. At December 31, 2012 the company had a net capital of \$3,104,261 which is \$2,455,874 in excess of the minimum of \$648,387 required and its ratio of aggregate indebtedness (\$9,725,805) to net capital was 3.13 to 1 which is less than 15 to 1 maximum ratio of a broker dealer. The minimum net capital is based upon 6 2/3% of aggregate indebtedness of \$9,725,805.

#### Note 4: EXTRAORDINARY ITEM

During the years 2008-2011, contingent commissions were accrued by the Company for an employee who is not a shareholder. During 2012 the employee-creditor forgave the commissions without any consideration. The total amount forgiven is \$ 3,380,605.

Independent Accountant's Report on Applying Agreed – Upon Procedures Related to an Entity's SIPC Assessment Reconciliation.

Board of Members, MDB Capital Group LLC Santa Monica, California

In accordance with Rule 17a-5 (e)(4) under the Securities Exchange Act of 1934, I have performed the procedures enumerated below with respect to the accompanying Scheduled of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the Year Ended December 31, 2012 which were agreed to by MDB Capital Group LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating MDB Capital Group LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). MDB Capital Group LLC's management is responsible for the MDB Capital Group LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures I performed and my findings are as follows:

- 1. Compared the listed assessment payment in Form SIPC-7 with respective cash disbursement records entries from the cash disbursements journal and related bank statements and reconciliations, noting no differences;
- 2. Compared the amounts reported on the audited Form X-17a-5 for the year ended December 31, 2012 as applicable with the amounts reported in Form SIPC-7 for the year ended December 31, 2012 noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, such as clearing firms records supporting securities revenues, noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, such as revenues from third party support and bank records supporting the adjustments, noting no differences.

I was not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17A-5

Board of Members, MDB Capital Group LLC Santa Monica, California

In planning and performing my audit of the financial statements of MDB Capital Group LLC for the year ended December 31, 2012 in accordance with auditing standards generally accepted in the United States of America, I considered its internal control structure, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure. Accordingly, I do not express an opinion effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures including tests of such practices and procedures followed by MDB Capital Group LLC including test of compliance with such practices and procedures that I considered relevant to objectives stated in Rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following: (i) in making the quarterly securities examinations, counts, verifications and comparisons, (ii) recordation of differences required by Rule 17a-13, or (iii) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the proceeding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Members, MDB Capital Group LLC Page Two

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants and the Public Company Accounting Oversight Board (United States). A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including control activities for safeguarding securities, which I consider to be material weaknesses as defined above.

In addition, my consideration of the internal control structure indicated that the Company was in compliance with the conditions of the exemption under Paragraph (k) (2) (ii) of Rule 15c3-3, and no facts came to my attention indicating that such conditions had not been complied with during the period. The scope of my engagement did not include the Anti Money Laundering provision of the U.S. Patriot Act.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2012 to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
