Report of Independent Registered Public Accounting Firm

The Board of Directors
Lincoln Financial Investment Services Corporation

We have audited the accompanying financial statements of Lincoln Financial Investment Services Corporation (an indirect, wholly owned subsidiary of Lincoln National Corporation) (the "Company"), which comprise the statements of financial condition as of December 31, 2012 and 2011, and the related statements of income, stockholder's equity, and cash flows for the years then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lincoln Financial Investment Services Corporation as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Lincoln Financial Investment Services Corporation

Notes to Financial Statements

December 31, 2012

1. Nature of Operations, Basis of Presentation and Summary of Significant Accounting Policies

Nature of Operations

Lincoln Financial Investment Services Corporation (“LFISC” or the “Company,” which also may be referred to as “we,” “our” or “us”) is a registered broker-dealer and investment advisor that offers select The Lincoln National Life Insurance Company (“LNL”) and Lincoln Life & Annuity Company of New York (“LLANY”) variable annuity products to independent registered investment advisor clients. We were formerly known as Jefferson Pilot Variable Corporation (“JPVC”), but repurposed the entity in 2010, and are now licensed to engage in broker-dealer activity throughout the United States. LFISC receives an administrative allowance for the services the Company provides to LNL via intercompany transfers. LFISC is a wholly owned subsidiary of Lincoln National Corporation (“LNC”).

Basis of Presentation

The accompanying financial statements are prepared in accordance with United States of America generally accepted accounting principles (“GAAP”). Certain GAAP policies, which significantly affect the determination of financial position, results of operations and cash flows, are summarized below.

The Company and other affiliated entities that provide services to the Company are under common ownership and management control. The existence of this control could result in the Company’s operating results or financial position being significantly different from those that would have been obtained if the Company were autonomous.

Certain amounts reported in prior year’s financial statements have been reclassified to conform to the presentation adopted in the current year. These reclassifications had no effect on net income or stockholder’s equity of the prior year.

Lincoln Financial Investment Services Corporation

Notes to Financial Statements (continued)

1. Nature of Operations, Basis of Presentation and Summary of Significant Accounting Policies (continued)

Summary of Significant Accounting Policies

Accounting Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Those estimates are inherently subject to change and actual results could differ from those estimates.

Cash and Invested Cash

Cash and invested cash is carried at cost and includes all highly liquid investments purchased with an original maturity of three months or less.

Revenue and Expense

LFISC recognizes all of our costs associated with the operation of the broker-dealer as general and administrative expense. Through service agreements, LNL reimburses us in the form of an administrative allowance for the services the Company performed on LNL's behalf. Administrative allowance revenue is recognized as the associated expense is incurred. Interest income is recorded as earned.

Income Taxes

LNC files a U.S. consolidated income tax return that includes all eligible subsidiaries, including LFISC. Pursuant to an intercompany tax-sharing agreement with LNC, LFISC provides for income taxes on a separate return filing basis. The tax-sharing agreement also provides that LFISC will receive benefit for net operating losses, capital losses, and tax credits, which may not be usable on a separate return basis to the extent such items may be utilized in the consolidated federal income tax returns of LNC.

Lincoln Financial Investment Services Corporation

Notes to Financial Statements (continued)

2. Income Taxes

The federal income tax expense was as follows:

	Year Ended December 31	
	2012	2011
Current	\$ 155	\$ 155
Deferred	-	-
Federal income tax expense	\$ 155	\$ 155

A reconciliation of the effective tax rate differences was as follows:

	Year Ended December 31	
	2012	2011
Tax rate times pretax income	\$ 107	\$ 131
Effect of:		
Other items	48	24
Federal income tax expense	\$ 155	\$ 155
Effective tax rate	50.5%	41.4%

The effective tax rate is the ratio of tax expense over pretax income (loss). The 2012 and 2011 income tax expense differs from the federal tax rate of 35% as a result of two permanent differences.

The federal income tax (liability) asset was as follows:

	Year Ended December 31	
	2012	2011
Current	\$ (40)	\$ 7,214
Deferred	-	-
Total federal income tax (liability) asset	\$ (40)	\$ 7,214

Lincoln Financial Investment Services Corporation

Notes to Financial Statements (continued)

2. Income Taxes (continued)

Current federal income taxes (payable) receivable of \$(40) and \$7,214 at December 31, 2012 and 2011, respectively, are included in receivables from affiliates (payable to affiliates) on the statements of financial condition.

The LNC consolidated group is subject to annual tax examinations from the Internal Revenue Service ("IRS") and state taxing jurisdictions. We do not anticipate that any adjustments that might result from such audits would be material to our results of operations or financial condition. The LNC consolidated group is currently under audit by the IRS for years 2009, 2010, and 2011.

There are no uncertain tax positions related to the Company in the current year.

3. Agreements and Transactions With Affiliates

In order to be compliant with the Financial Industry Regulatory Authority ("FINRA") rules regarding proper expense recognition and expense-sharing agreements and to better match expenses with related revenue, LFISC has entered into various cost-sharing agreements with affiliates. Amounts due from affiliates primarily represent amounts due to LFISC for the settlement of the administrative allowance stipulated in the service agreement. Amounts due to affiliates primarily represent amounts due to LNL related to general and administrative expenses, and taxes and fees, as stipulated in the Master Services Agreement.

4. Contingencies

Regulatory and Litigation Matters

Regulatory bodies, such as the Securities and Exchange Commission ("SEC"), FINRA, and other regulatory bodies regularly make inquiries and conduct examinations or investigations concerning our compliance with, among other things, securities laws, and laws governing the activities of broker-dealers. While LFISC is involved in various pending or threatened legal or regulatory proceedings arising from the conduct of business both in the ordinary course and otherwise, such legal expenses are a part of our Master Services Agreement with LNL. Based on information currently known by management, management does not believe any such charges are likely to have a material adverse effect on LFISC's financial position.

Lincoln Financial Investment Services Corporation

Notes to Financial Statements (continued)

5. Net Capital Requirements

LFISC is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined by Rule 15c3-1, may not exceed 15 to 1.

	Year Ended December 31	
	2012	2011
Minimum net capital requirement	\$ 25,000	\$ 25,000
Net capital	887,427	898,631
Excess net capital	<u>\$ 862,427</u>	<u>\$ 873,631</u>
Aggregate indebtedness	<u>\$ 40</u>	<u>\$ 11,105</u>
Ratio of aggregate indebtedness to net capital	<u>0.00 to 1</u>	<u>0.01 to 1</u>

6. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through the date the financial statements were issued.

Supplementary Information

Lincoln Financial Investment Services Corporation

Schedule I – Computation of Net Capital Pursuant to Rule 15c3-1
of the Securities and Exchange Commission

December 31, 2012

Computation of net capital

Stockholder's equity	<u>\$ 973,922</u>
Less non-allowable assets:	
Due from affiliates	36,624
Prepaid expenses	<u>33,871</u>
Total non-allowable assets	70,495
Other deductions	<u>—</u>
Net capital before haircuts on securities positions	903,427
Haircuts on securities	<u>16,000</u>
Net capital	<u><u>\$ 887,427</u></u>

Computation of aggregate indebtedness

Total aggregate indebtedness	<u>\$ 40</u>
Ratio aggregate indebtedness to net capital	<u>0.00 to 1</u>

Computation of basic net capital requirements

Net capital requirement (greater of 6 2/3% of aggregate indebtedness or \$25,000)	<u>\$ 25,000</u>
Excess net capital	<u>\$ 862,427</u>
Net capital less the greater of 10% of aggregate indebtedness or 120% of \$25,000	<u>\$ 857,427</u>

There were no differences between the Computation of Net Capital Pursuant to SEC Rule 15c3-1 included in the accompanying supplementary information and the computation included in the LFISC's corresponding unaudited Form X-17a-5, Part IIA filing as of December 31, 2012.

Lincoln Financial Investment Services Corporation

**Schedule II – Statement Regarding the Reserve Requirements
Pursuant to Rule 15c3-3 of the Securities and Exchange Commission**

December 31, 2012

Lincoln Financial Investment Services Corporation is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(1) of that Rule.

Supplementary Report

Supplementary Report of Independent Registered Public Accounting Firm on Internal Control Required by SEC Rule 17a-5(g)(1)

The Board of Directors
Lincoln Financial Investment Services Corporation

In planning and performing our audit of the financial statements of Lincoln Financial Investment Services Corporation (the "Company"), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States, we considered its internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the SEC, we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. The study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company, including any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads 'Ernst & Young LLP'.
