## **Independent Auditor's Report**

To the Partners of HBK Global Securities L.P.:

We have audited the accompanying financial statements of HBK Global Securities L.P. (the "Partnership"), which comprise the statement of financial condition as of December 31, 2012, and the related statements of operations, changes in partners' capital and cash flows for the year then ended.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Partnership's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of HBK Global Securities L.P. at December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matter***

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. The information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

**1. Organization**

HBK Global Securities L.P. ("Global"), a Delaware limited partnership formed on March 4, 2002, is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). FINRA granted membership to Global to operate as a broker-dealer on October 9, 2002. Global is a subsidiary of HBK Securities LP Inc. and HBK Securities GP Inc. (collectively, the "Partners"), which are wholly owned subsidiaries of HBK Master Fund L.P. (the "Master Fund"). Global's primary business is to borrow and lend securities for its own account. Its counterparties in these transactions include both the Master Fund and unaffiliated institutions such as banks, insurance companies, pension plans, investment companies, and broker-dealers.

**2. Significant Accounting Policies**

Basis of Presentation

The accompanying financial statements have been presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Although Global considers estimates to be reliable based on information available at the balance sheet date, actual results could differ from those estimates.

Cash and Cash Equivalents

*Cash and cash equivalents* is defined as cash on deposit at financial institutions, investments in money market funds, and highly liquid investments with original maturities of three months or less.

Foreign Currency Translation

Assets and liabilities denominated in a foreign currency are translated into the U.S. dollar equivalent using the spot foreign currency exchange rate in effect at December 31, 2012. At December 31, 2012, Global held foreign currency balances valued at \$11 with an associated cost of \$10. Revenues and expenses denominated in foreign currencies are translated at the daily spot rates in effect at the time of the transaction.

Income and Expense Recognition

Rebate fee income (expense) and interest income (expense) are accrued as earned. Dividends are classified as income or expense on the ex-dividend date, net of any withholding taxes.

Income Taxes

In accordance with federal income tax regulations, no income taxes are levied on a partnership but rather on the individual partners. Consequently, no provision or liability for federal income taxes has been reflected in the accompanying financial statements. Global files an informational tax return in the U.S. federal jurisdiction and is therefore subject to examination under statute of limitations for the period ended December 31, 2009, and forward for which tax adjustments may be necessary and retroactive to all open tax years.

---

**HBK GLOBAL SECURITIES L.P.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2012**  
**(EXPRESSED IN 000's OF U.S. DOLLARS)**

---

Global is subject to the authoritative guidance with respect to accounting for uncertain tax positions. HBK Investments L.P. (the "Manager") has analyzed Global's tax positions for all open tax years and has concluded there are no uncertain tax positions that require financial statement recognition or disclosure as of December 31, 2012. Global would recognize interest and, if applicable, penalties for any uncertain tax positions. Interest and penalty expense would be recorded as a component of *Other expense* on the Statement of Operations. There were no such interest and penalties related to uncertain tax positions recognized in 2012.

### **3. Securities Financing Transactions**

Global enters into securities borrowed and loaned transactions for its own account. Generally, using an approach commonly referred to as "matched-book," Global will borrow securities from one institution, such as a bank, insurance company, pension plan, investment company, or broker-dealer, and simultaneously, or soon thereafter, re-loan the same securities to another institution. Securities-borrowed transactions require Global to deposit with the lender cash or other collateral with a value generally ranging from 102% to 105% of the value of the securities being borrowed. With respect to securities loaned, Global receives collateral in the form of cash or other collateral with a value generally ranging from 102% to 105% of the market value of securities loaned. Global monitors the market value of securities borrowed and loaned on a daily basis, with additional collateral obtained or returned as necessary. At December 31, 2012, the value of the underlying securities borrowed and loaned were each \$773,083.

Securities-lending transactions are classified as *Receivables for securities borrowed* and *Payables for securities loaned* at the amount of cash collateral advanced or received. Although securities borrowing and lending activities are transacted under a master securities lending agreement, such receivables and payables with the same counterparty are not offset on the Statement of Financial Condition. Fees received or paid by Global are classified as *Rebate fee income* or *Rebate fee expense* on the Statement of Operations.

### **4. Incentive Compensation**

Global has an incentive bonus plan for employees whereby a bonus may be awarded at Global's discretion. Awards under this plan are earned by the grantee as of the award date and are included within *Employee compensation and benefits* on the Statement of Operations in the year awarded. The awards generally have delayed settlement whereby they generally settle over four years from the grant date. Outstanding bonus awards increase or decrease at an index rate that is based upon the rate of return earned by certain funds managed by the Manager. The Manager has the ability to designate applicable funds on a monthly basis. The return is included in *Employee compensation and benefits*. A grantee is no longer entitled to the unsettled award following termination of employment, except in the case of death, disability, or retirement, although a grantee may receive payment at Global's discretion.

The amounts below represent the estimated incentive compensation liabilities for each upcoming year.

**5. Regulatory Capital Requirements**

As a registered broker-dealer, Global is subject to the SEC's Uniform Net Capital Rule, which requires the maintenance of minimum net capital. Global has elected to use the alternative method, which requires that it maintain minimum net capital as defined in Rule 15c3-1 under the Securities and Exchange Act of 1934 (the "1934 Act"), equal to the greater of \$250 or 2% of aggregate debit balances (as defined in Rule 15c3-3 under the 1934 Act). At December 31, 2012, Global had net capital of \$100,801, which is \$100,551 in excess of its minimum net capital requirement of \$250 on that date.

**6. Off-Balance Sheet Risks and Concentrations of Credit Risk**

Global's principal activities are with banks, insurance companies, pension plans, investment companies, private funds (including Master Fund), broker-dealers, and clearing organizations. These counterparties may fail to satisfy their contractual obligations and, as such, have associated credit risk. This credit risk primarily exists in three situations. First, Global posts collateral with counterparties under securities-borrowed transactions. If the value of the securities declines, the counterparty will be obligated to return the collateral. If the counterparty is unable to satisfy the obligation, Global may incur a loss, measured on a daily basis by the difference between the value of the securities borrowed and the higher value of the collateral held by the counterparty. Second, Global accepts collateral from counterparties under securities-loaned transactions. If the value of the securities increases, the counterparty is required to post additional collateral. If the counterparty is unable to satisfy this obligation, Global may incur a loss, measured on a daily basis by the difference between the value of the collateral held by Global and the higher value of the securities loaned. Finally, in some cases Global may transfer collateral to a counterparty before receiving securities from the counterparty. If the counterparty fails to deliver the securities (and does not return the collateral), Global will incur a loss. Global may have concentrations with counterparties from time to time. As of December 31, 2012, five counterparties held collateral that comprised 68% of *Receivables for securities borrowed* and two counterparties posted collateral that comprised 85% of *Payable for securities loaned*.

**7. Commitments and Contingencies**

In the normal course of business, Global may enter into contracts that provide general indemnifications and contain a variety of representations and warranties. Global's maximum exposure under these agreements is unknown, as this would involve future claims that may be made against Global but have not yet occurred. Global does not believe such claims would result in a material financial effect.

**8. Related-Party Transactions**

In the normal course of business, Global may enter into securities borrowed and loaned transactions with the Master Fund. At December 31, 2012, Global had posted collateral in the amount of \$1,393 under securities borrowed transactions and held collateral in the amount of \$252,711 under securities loaned transactions. In addition, Global recorded net rebate fee expense in relation to transactions with the Master Fund of \$910. Net rebate fees receivable from Master Fund at December 31, 2012 were \$13.

The Manager provides certain facilities, resources, and services to Global. In connection with such facilities, resources, and services, Global has a reimbursement agreement whereby Global reimburses the Manager for such expenses related to the portfolio finance services provided by Global and its personnel. Expenses covered under this agreement, including compensation and other expenses related to employees that work exclusively or almost

exclusively in providing such services, are payable to the Manager on a monthly basis and are classified as *Expense reimbursements* on the Statement of Operations.

**9. Subsequent Events**

The Manager has performed an evaluation of subsequent events through February 26, 2013, and has determined that there are no other material subsequent events that would require disclosure in Global's financial statements.

**Report of Independent Auditors on Internal Control Required  
By SEC Rule 17a-5(g)(1)**

To the Partners of  
HBK Global Securities L.P.:

In planning and performing our audit of the financial statements and supplemental schedules of HBK Global Securities L.P. (the "Partnership") as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate debits and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Partnership's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

## Report of Independent Accountants

To HBK Global Securities L.P.:

In accordance with Rule 17a-5(e)(4) of the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of the Securities Investor Protection Corporation (SIPC) of HBK Global Securities, L.P. for the year ended December 31, 2012, which were agreed to by HBK Global Securities L.P., the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the Securities Investor Protection Corporation (collectively, the "specified parties") solely to assist the specified parties in evaluating HBK Global Securities L.P.'s compliance with the applicable instructions of Form SIPC-7 during the year ended December 31, 2012. Management is responsible for HBK Global Securities L.P.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1.
