INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Ausdal Financial Partners, Inc.
Davenport, Iowa

We have audited the accompanying statement of financial condition of Ausdal Financial Partners, Inc. as of January 31, 2013 and the related statements of income, changes in stockholders' equity, cash flows, and changes in liability subordinated to the claims of general creditors for the year then ended that you are filing pursuant to Rule 17a-5 under Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ausdal Financial Partners, Inc. as of January 31, 2013 and the results of its operations, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

January 31, 2013

Note 1 - NATURE OF BUSINESS, ACCOUNTING ESTIMATES, AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company operates as a broker-dealer in securities. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

For transactions in mutual fund shares, limited partnership interests, and variable products, the Company operates under the provisions of paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Commission. Among other items (k)(2)(i) requires that the Company carry no margin accounts, that it promptly transmits all customers funds and securities and does not hold customer funds or securities or perform custodial services for customers. It effectuates all such transactions through a special bank account for the exclusive benefit of its customers.

With respect to all other securities transactions, the Company operates under the provisions of paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission. Essentially, the requirements of paragraph (k)(2)(ii) provides that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

As a result of the above two paragraphs, the Company is exempt from the remaining provisions of Rule 15c3-3.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 1 - NATURE OF BUSINESS, ACCOUNTING ESTIMATES, AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Cash and Cash Equivalents

For the purposes of reporting of cash flows, the Company considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with an original maturity of three months or less, to be cash equivalents.

Fair Value Measurements

The Fair Value Measurement and Disclosure Topic of the FASB Accounting Standards Codification defines fair value, establishes a framework for measuring fair value and expands disclosure of fair value measurements. The framework emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with the highest priority being quoted prices in active markets. Fair value measurements are disclosed by level within that hierarchy.

Securities

Investments in marketable securities with readily determinable fair market values and all investments in debt securities are reported at their fair values in the financial statements. Unrealized gains and losses are included in the financial statements. All investment transactions are accounted for as of the trade date.

Leasehold Improvements, Furniture and Equipment

All leasehold improvements, furniture, and equipment are carried at cost with depreciation computed using straight line method over the estimated useful lives of the assets.

Investment Advisory Fees

Investment advisory fees are recognized as earned.

Commissions

Commissions, and related clearing expenses, for publicly traded securities, are recorded on a trade - date basis as securities transactions occur. Commissions

Note 1 - NATURE OF BUSINESS, ACCOUNTING ESTIMATES, AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Commissions (Cont'd)

receivable and payable on private placement transactions are recognized when all documents have been completed, and funds received from the client.

Concentration of Credit Risks

The Company maintains a substantial amount of its cash in a prime money market fund held in custody by a major brokerage firm. This account had a balance of \$134,067 at January 31, 2013 none of which is guaranteed or insured.

The Company maintains cash deposits in one bank. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At January 31, 2013, the Company's uninsured balance totaled \$1,796,186. This bank has a strong credit rating and management believes that the credit risk related to these deposits is minimal.

Allowance for Doubtful Accounts

An allowance for doubtful accounts is provided equal to the estimated uncollectible portion of employee and independent contractor receivables. This estimate is based on historical collection experience and a review of the current status of those receivables.

Note 2 - CASH SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS

Included in cash and cash equivalents, as of January 31, 2013 is \$79 which has been segregated in a "special reserve bank account for the exclusive benefit of customers". In accordance with the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, no amount was required to be on deposit in this special account.

Note 3 - SECURITIES OWNED

Securities owned are presented in the financial statements at fair market or estimated fair market values, and realized and unrealized gains and losses are included in the statement of income.

AUSDAL FINANCIAL PARTNERS, INC.

Notes to Financial Statements

January 31, 2013

Note 3 - SECURITIES OWNED (Cont'd)

The Company's securities owned at January 31, 2013 are summarized as follows:

Equity Securities	\$ 96,120
Money Market Funds	134,067
	<u>\$ 230,187</u>

The securities of the Company are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Note 4 - FAIR VALUE MEASUREMENTS

As discussed in Note 1, the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements.

The framework defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. It requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the fair value hierarchy for valuation gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy set forth in the Topic is as follows:

AUSDAL FINANCIAL PARTNERS, INC.
Notes to Financial Statements
January 31, 2013

Note 4 - FAIR VALUE MEASUREMENTS (Cont'd)

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

A description of the valuation methodologies used for significant assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below:

Investments – Where quoted prices are available in an active market securities are classified within level 1 of the valuation hierarchy. Level 1 securities would include publicly traded stocks, government and agency bonds and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flow. Level 2 securities would include emerging-market government bonds, some mortgage and asset backed securities and infrequently traded corporate and municipal bonds. In certain cases where there is limited activity or less transparency around inputs to the valuation, securities are classified within level 3 of the valuation hierarchy.

Significant assets and liabilities recorded at fair value on a recurring basis:

The following table summarizes significant assets measured at fair value on a recurring basis as of January 31, 2013 segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:

Note 5 - PROPERTY AND EQUIPMENT

At January 31, 2013, the major classes of depreciable assets and their related accumulated depreciation consisted of the following:

Furnitures and Fixtures	\$ 65,264
Computers and Other Equipment	147,921
	213,185
Less: Accumulated Depreciation	166,623
Net Property and Equipment	\$ 46,562

Note 6 - LIABILITY SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The borrowings under subordination agreements, approved by the Financial Industry Regulatory Authority, with the officer-stockholders at January 31, 2013, were paid in full on July 31, 2012.

AUSDAL FINANCIAL PARTNERS, INC.

Notes to Financial Statements

January 31, 2013

Note 7 - INCOME TAXES

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related to timing differences resulting from unrealized gain on securities owned, bad debt recognition, and book to tax depreciation differences. The deferred tax assets and liabilities represent the future tax consequences of those differences, which will either increase or decrease deductions and/or revenue when realized. Deferred tax assets and liabilities are reflected at the estimated income tax rate expected to be incurred when those events are realized.

Income tax expense for the year ended January 31, 2013 consisted of the following:

Tax at 35 Percent	\$	309,440
State Taxes		60,735
Decrease in Expense Due to Tax Bracket		<u>(18,441)</u>
Total Income Tax Expense	\$	<u><u>351,734</u></u>

Deferred income taxes consisted of the following at January 31, 2013:

	<u>Current</u>	<u>Noncurrent</u>
Deferred Tax Assets	\$ 1,600	\$ 0
Deferred Tax Liabilities	<u>0</u>	<u>\$ 20,000</u>
Total	<u><u>\$ 1,600</u></u>	<u><u>\$ 20,000</u></u>

Note 8 - DEFINED CONTRIBUTION PLAN

The Company sponsors a savings incentive match plan for employees (SIMPLE) covering substantially all of its employees. Contributions are determined by a Company matching contribution of 1% to 3% of participating employees' compensation. Company contributions to the plan totaled \$36,519 for year ended January 31, 2013.

AUSDAL FINANCIAL PARTNERS, INC.

Notes to Financial Statements

January 31, 2013

Note 9 - LEASE COMMITMENTS

The Company leases office space on a month-to-month lease. Equipment is also leased with a 30-day right of cancellation.

Note 10 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15-to-1. The rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10-to-1.

As of January 31, 2013, the Company was operating under (k)(2)(i) exemption for mutual fund transactions and a (k)(2)(ii) for other than mutual fund transactions which had a minimum net capital requirement of \$123,480 as of January 31, 2013.

At January 31, 2013, the Company had net capital as computed under Rule 15c3-1 of the Securities and Exchange Commission of \$672,796 which was \$549,316 in excess of its required net capital of \$123,480. The Company's net capital ratio (aggregate indebtedness to net capital) was 2.753 to 1.

Note 11 - CONTINGENCIES

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection, and payment of funds, as well as receipt and delivery of securities relative to customers' transactions. Off-balance-sheet-risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers, and see that customer transactions are executed properly by clearing the broker/dealer.

AUSDAL FINANCIAL PARTNERS, INC.

Notes to Financial Statements

January 31, 2013

Note 12 - CONCENTRATIONS AND BUSINESS RISK

The Company's revenues and profitability are affected by many conditions, including changes in economic conditions, inflation, political events, and investor sentiment. Because these factors are unpredictable and beyond the Company's control, earnings may fluctuate significantly from year to year.

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Note 13 - UNCERTAIN TAX POSITIONS

The Company adopted the income standard related to the recognition and measurement of uncertain tax positions. The adoption of this standard had no financial statement effect for the Company. The Company is no longer subject to Federal or State tax examinations for the years prior to 2008.

Note 14 - SUBSEQUENT EVENTS

Management evaluated events and transactions that occurred after the balance sheet date for potential disclosure through March 25, 2013, the date on which the financial statements were available to be issued.
