21. Put Option:	Not Applicable
22. Final Redemption Amount of each Note:	The Final Redemption Amount per Calculation Amount will be payable in USD and determined by the Calculation Agent, on the Rate Fixing Date in respect of the Maturity Date, as follows,:

Calculation Amount *divided by* Reference Rate

Where:

“Calculation Agent” means J.P. Morgan Chase Bank N.A.

“Reference Rate” means the rate used on each Rate Fixing Date which will be the USD/INR spot rate, expressed as the amount of Indian

Rupees per one United States Dollar, for settlement in two Fixing Business Days, reported by the Reserve Bank of India, which is displayed on Reuters page "RBIB" (or any successor page) at approximately 1:00pm, Mumbai time, on each Rate Fixing Date. If a Price Source Disruption Event occurs on the Scheduled Rate Fixing Date, then the Reference Rate for such Rate Fixing Date shall be determined by the Calculation Agent in accordance with the Fallback Provisions set out below.

"Rate Fixing Date" means the Scheduled Rate Fixing Date, subject to Valuation Postponement.

"Scheduled Rate Fixing Date" means the date which is two Fixing Business Days prior to the Interest Payment Date or the Maturity Date or such other date on which an amount in respect of the Notes is due and payable. If the Scheduled Rate Fixing Date is an Unscheduled Holiday, the Rate Fixing Date shall be the next following relevant Fixing Business Day, subject to the Deferral Period for Unscheduled Holiday set out below.

"Unscheduled Holiday" means a day that is not a Fixing Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in Mumbai, two Fixing Business Days prior to the relevant Rate Fixing Date.

Adjustments to Interest Payment Date and Maturity Date:

If a Scheduled Rate Fixing Date is adjusted in accordance with the Following Business Day Convention or if Valuation Postponement applies, then the Interest Payment Date or Maturity Date relating to such Scheduled Rate Fixing Date shall be as soon as practicable, but in no event later than two (2) Payment Business Day(s) after the date on which the Reference Rate for such Interest Payment Date or Maturity Date is determined. If any Interest Payment Date or Maturity Date is adjusted in accordance with the preceding sentence, then such adjustment (and the corresponding payment obligations to be made on such dates) shall apply only to such Interest Payment Date or the Maturity Date, as applicable, and no further adjustment shall apply to the amount of interest payable.

Fallback Provisions:

"Price Source Disruption Event" means it becomes impossible to obtain the Reference Rate on a Rate Fixing Date.

"Applicable Price Source Disruption Fallbacks":

In the event of a Price Source Disruption Event, the Calculation Agent shall apply each of the following Price Source Disruption

Fallbacks for the determination of the Reference Rate, in the following order, until the Reference Rate can be determined.

1. Valuation Postponement	(As defined below)
2. Fallback Reference Price	SFEMC INR Indicative Survey Rate (INR02)
3. Fallback Survey Valuation Postponement	(As defined below)
4. Calculation Agent Determination of Reference Rate	

“Cumulative Events” has the following meaning: Notwithstanding anything to the contrary, in no event shall the total number of consecutive calendar days during which either (i) valuation is deferred due to an **Unscheduled Holiday**, or (ii) a **Valuation Postponement** shall occur (or any combination of (i) and (ii)), exceed 14 consecutive calendar days in the aggregate. Accordingly, (x) if, upon the lapse of any such 14 calendar day period, an **Unscheduled Holiday** shall have occurred or be continuing on the day following such period that otherwise would have been a **Fixing Business Day**, then such day shall be deemed to be a **Rate Fixing Date**, and (y) if, upon the lapse of any such 14 calendar day period, a **Price Source Disruption** shall have occurred or be continuing on the day following such period on which the **Reference Rate** otherwise would be determined, then **Valuation Postponement** shall not apply and the **Reference Rate** shall be determined in accordance with the next **Price Source Disruption Fallback**.

“**Valuation Postponement**” means that the **Reference Rate** will be determined on the **Fixing Business Day** first succeeding the day on which the **Price Source Disruption** ceases to exist, unless the **Price Source Disruption** continues to exist (measured from the date that, but for the occurrence of the **Price Source Disruption**, would have been the **Rate Fixing Date**) for a consecutive number of calendar days equal to the **Maximum Days of Postponement**. In such event, the **Reference Rate** will be determined on the next **Fixing Business Day** after the **Maximum Days of Postponement** (which will, subject to the provisions relating to **Fallback Survey Valuation Postponement**, be deemed to be the applicable **Rate Fixing Date**) in accordance with the next applicable **Price Source Disruption Fallback**.

“**Maximum Days of Postponement**”: 14 calendar days.

“SFEMC INR Indicative Survey Rate (INR02)” means that the Reference Rate for a given Rate Fixing Date will be the Indian Rupee/U.S. Dollar Specified Rate for U.S. Dollars, expressed as the amount of Indian Rupees per one U.S. Dollar, for settlement in two Fixing Business Days, as published on the web site of Singapore Foreign Exchange Market Committee (“SFEMC”) at approximately 3:30 p.m. (Singapore time), or as soon thereafter as practicable, on such date. The Reference Rate shall be calculated by SFEMC (or a service provider SFEMC may select in its sole discretion) pursuant to the SFEMC INR Indicative Survey (as defined below) for the purpose of determining the SFEMC INR Indicative Survey Rate.

“SFEMC INR Indicative Survey” means a methodology, dated as of December 1, 2004, as amended from time to time, for a centralized industry-wide survey of financial institutions that are active participants in the Indian Rupee/U.S. Dollar markets for the purpose of determining the SFEMC INR Indicative Survey Rate.

“Fallback Survey Valuation Postponement” means that, in the event that the Fallback Reference Price is not available on or before the third Fixing Business Day (or day that would have been a Fixing Business Day but for an Unscheduled Holiday) succeeding the end of either (i) Valuation Postponement for Price Source Disruption, (ii) Deferral Period for Unscheduled Holiday, or (iii) Cumulative Events, as applicable, then the Reference Rate will be determined in accordance with the next Applicable Price Source Disruption Fallback on such day (which will be deemed to be the applicable Rate Fixing Date). For the avoidance of doubt, Cumulative Events, if applicable, does not preclude postponement of valuation in accordance with this provision.

“Payment Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York City and Mumbai.

“Fixing Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Mumbai.

Deferral Period for Unscheduled Holiday:

In the event the Scheduled Rate Fixing Date is postponed due to the occurrence of an Unscheduled Holiday, and if the Rate Fixing Date has not occurred on or before the 14th calendar day after the Scheduled Rate Fixing Date (any such period being a “Deferral Period”), then the next day after the Deferral Period that would have

been a Fixing Business Day but for the Unscheduled Holiday, shall be deemed to be the Rate Fixing Date.

23. **Early Redemption Amount:**
Early Redemption Amount(s) of each Note payable on redemption for taxation reasons or on event of default or other early redemption and/or the method of calculating the same (if required or if different from that set out in the Conditions):
- The Final Redemption Amount as determined in accordance with item 22. above plus accrued and unpaid interest, if any, as determined in accordance with item 15.(iii) above; *provided that*, for purposes of such determination, the Scheduled Rate Fixing Date shall be the date that is two Fixing Business Days prior to the date upon which the Notes become due and payable.

UNITED STATES TAXATION

United States Internal Revenue Service Circular 230 Notice: To ensure compliance with Internal Revenue Service Circular 230, prospective investors are hereby notified that: (a) any discussion of United States federal tax issues contained or referred to in this final terms or any document referred to herein is not intended or written to be used, and cannot be used by prospective investors for the purpose of avoiding penalties that may be imposed on them under the U.S. Internal Revenue Code; (b) such discussion is written for use in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) prospective investors should seek advice based on their particular circumstances from an independent tax advisor.

The following paragraphs supplement the discussion under "Tax Matters" in the Prospectus dated as of June 3, 2008, and reflect recently enacted legislation.

Capital gain of a non-corporate U.S. Holder is generally taxed at preferential rates where the property is held for more than one year.

Medicare Tax

A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the "Medicare tax") on the lesser of (1) the U.S. Holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between \$125,000 and \$250,000, depending on the individual's circumstances). A holder's net investment income generally includes its interest income and its net gains from the disposition of notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the notes.

Treasury Regulations Requiring Disclosure of Reportable Transactions

Treasury regulations require United States taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a "Reportable Transaction"). Under these regulations, because the Notes are denominated in a foreign currency, a U.S. Holder (or a non-U.S. Holder that holds the Notes in connection with a U.S. trade or business) that recognizes a loss with respect to the Notes that is characterized as an ordinary loss due to changes in currency exchange rates (under any of the rules discussed in the Prospectus) would be required to report the loss on Internal Revenue Service Form 8886 (Reportable Transaction Statement) if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is \$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher. You should consult with your tax advisor regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of the Notes.

Information with Respect to Foreign Financial Assets

Owners of "specified foreign financial assets" with an aggregate value in excess of \$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. U.S. Holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the notes.

OTHER RELATIONSHIPS

Some of the Dealers and their affiliates (together, the "Dealers") have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Corporation. The Dealers have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the Dealers may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve notes of the Corporation. Typically, such Dealers would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Corporation's notes, including potentially the notes offered hereby. Any such short positions could adversely affect future trading prices of the notes offered hereby. The Dealers may also make investment recommendations and/or publish or express independent research views in respect of such notes and may hold, or recommend to clients that they acquire, long and/or short positions in such notes.

- 11** For purposes hereof, the notice details of each of the undersigned are set out in Schedule II hereto.

All notices and other communications hereunder shall be in writing and shall be transmitted in accordance with Clause 10 of the Standard Provisions.

- 12** If a default occurs with respect to one or more of the several underwriting commitments to purchase any Notes under this Agreement, Dealers who have not defaulted with respect to their respective several underwriting commitments will take up and pay for, as nearly as practicable in proportion to their respective several underwriting commitments, Notes as to which such default occurred, up to but not exceeding in the aggregate 20% of the nominal amount of the Notes for which the non-defaulting Dealers were originally committed; provided, however, that if the aggregate nominal amount of Notes as to which such default occurred exceeds 16.667% of the principal amount of the Notes, the non-defaulting Dealers shall be entitled to terminate this Agreement without any liability on the part of any non-defaulting Dealers. Nothing herein will relieve a defaulting Dealer from liability for its default.
- 13** This Terms Agreement shall be governed by and construed in accordance with the laws of New York.
- 14** This Terms Agreement may be executed by any one or more of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such respective counterparts together shall constitute one and the same instrument.
