Forward-Looking Statements

In connection with the provisions of the Private Securities Litigation Reform Act of 1995 (the "Reform Act"), the Company may include forward-looking statements (as defined in the Reform Act) in oral or written public statements issued by or on behalf of the Company. These forward-looking statements may include, among other things, plans, objectives, projections and anticipated future economic performance based on assumptions and the like that are subject to risks and uncertainties. As such, actual results or outcomes may differ materially from those discussed in the forward-looking statements. Important factors that may cause actual results to differ include but are not limited to: the unanticipated loss of a material client or key personnel, delays or reductions in client advertising budgets, shifts in industry rates of compensation, regulatory compliance costs or litigation, natural disasters or acts of terrorism, the Company's exposure to changes in the values of major currencies other than the UK pound sterling (because a substantial portion of its revenues are derived and costs incurred outside of the United Kingdom) and the overall level of economic activity in the Company's major markets (which varies depending on, among other things, regional, national and international political and economic conditions and government regulations in the world's advertising markets). In light of these and other uncertainties, the forward-looking statements included in the oral or written public statements should not be regarded as a representation by the Company that the Company's plans and objectives will be achieved.

April 2014

We are delighted to enclose your copy of the 2013 Annual Report and Accounts, which highlights another record year.

As always, the Report is written for a number of different audiences: for clients, both current and prospective; for our people; for analysts; the financial community and our share owners throughout the world.

For the past eight years, we have drawn visual inspiration for our Reports from India, China, Africa, Brazil, the United States, Eastern Europe, the United Kingdom and, last year, Indonesia: all important markets for our clients and companies. This year, we have taken our visual cue from the vibrant culture and economy of Mexico and are delighted to be able to feature the iconic work of that nation's famous artist, Diego Rivera.

I hope you enjoy its look as well as its content. As always, your views would be very welcome.

Best wishes,

Sir Martin Sorrell
Group Chief Executive
