Report of Independent Registered Public Accounting Firm

The Benefits Committee
City National Corporation Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the City National Corporation Profit Sharing Plan (the Plan) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H Part IV, Line 4(i) –Schedule of Assets (Held at End of Year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The following description of the City National Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of City National Corporation and its subsidiaries (the Company) that have agreed to participate in the Plan. The Plan is administered by City National Corporation (the Sponsoring Employer) who acts by and through its administrative committee, the Benefits Committee. The Benefits Committee comprises officers of the Sponsoring Employer and City National Bank, a subsidiary of the Sponsoring Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Department of Labor is conducting an investigation of the Plan which began in 2009 for Plan Years 2006 through the present date. Pursuant to the investigation, the Department of Labor, City National Corporation and other parties entered into a tolling agreement dated September 23, 2011. A second tolling agreement was entered into dated November 5, 2012. A third tolling agreement was entered into dated September 9, 2013. The tolling agreements waive a right to claim that litigation should be dismissed due to the expiration of a statute of limitations. The agreements allow the Department of Labor additional time to assess the information provided by City National Corporation without the necessity of filing an action.

The Department of Labor issued its findings by letter dated September 29, 2012 in which the Department of Labor addressed the appearance of violations of ERISA, subject to the possibility that additional information may revise its views. By letter dated December 6, 2012, City National Corporation responded to the Department of Labor. Representatives of the Department of Labor and City National Corporation met on May 29, 2013. During the May 29 meeting, both the Department of Labor and City National Corporation agreed to provide additional information and to continue discussions. Subsequent to that meeting, City National Corporation provided additional information to the Department of Labor and has not received any further inquiry.

Employees of the Company who are entitled to paid vacation time and have completed one hour of service are eligible to participate in the Plan as of their hire date. Company profit sharing contributions to the Plan are discretionary and are equal to a percentage of employee eligible compensation based on the change in Net Profits (as defined by the Plan) over the prior year, subject to an overall maximum Company contribution of 8% of Consolidated Net Profits reduced by matching contributions made for such plan year (which are not made by forfeitures). For the years ended December 31, 2013 and 2012, a profit sharing contribution of 5.08% and 5.70%, respectively, of each participant's eligible compensation was made. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested at the participant's discretion in the same manner as the salary reduction contributions described below.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

Participants can contribute, under a salary reduction agreement, up to 50% of their eligible compensation as defined, but not to exceed the dollar amount allowed by law, which was \$17,500 for 2013 and \$17,000 for 2012. The Company matches these employee deferrals up to a maximum amount of 50% of the first 6% of covered compensation contributed to the Plan each payroll period. Participants age 50 and over may make unmatched "catch-up" deferrals in accordance with Internal Revenue Code (IRC) regulations and limitations, not to exceed the dollar amount allowed by law, which was \$5,500 for 2013 and 2012. Participants may also contribute amounts representing distributions (rollovers) from other tax-favored plans.

(b) Participant Accounts

Each participant account is credited with the participant's contributions, allocations of the Company's matching contribution and profit sharing contribution (if any), earnings or losses and administrative expenses as applicable. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

(c) Vesting

Participant contributions and the Company's matching contributions are immediately fully vested. A participant shall become fully vested in his or her entire accrued benefit upon the participant's normal retirement date (as defined by the Plan), death, or total disability (as defined by the Plan). The Company's profit sharing discretionary contributions, for participants whose employment terminates prior to his or her normal retirement date for reasons other than death or total disability shall vest in accordance with the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2 years	—%
2	25
3	50
4	75
5 or more	100

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

Any nonvested amounts in a terminated participant's account will be forfeited in accordance with Plan provisions and used in the following sequence: first, to make any Plan contributions due to participants that have returned from qualified military service that are consistent with applicable law and the terms of the Plan; second, to make any Plan contributions required to correct administrative errors; third, to reduce matching contributions otherwise payable by the Company in the year that the forfeiture first becomes available; fourth, to restore previously forfeited account balances, if any; and fifth, to reduce matching contributions in the following year. At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$163,439 and \$5,598, respectively. During 2013 and 2012, the total amount forfeited was \$588,626 and \$579,924, respectively. During 2013 and 2012, \$455,395 and \$574,838, respectively, were used in accordance with plan provisions as summarized above. During 2013, the Plan received \$24,610 in existing forfeitures from the plans that were merged into the Plan.

(d) Benefit Payments

A participant may receive a distribution of his or her entire vested accrued benefit only upon the participant's termination of employment or, as of April 15, 2012, upon attainment of age 59 ½. While employed, a participant may receive a distribution of his or her rollover account and employee contribution deferrals for reason of financial hardship in accordance with plan provisions. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months. Withdrawal of previously contributed employee after-tax contributions and employee rollover amounts is also permitted in accordance with plan provisions.

In general, for distributions other than for financial hardship or on account of withdrawal of employee after-tax contributions, the method of payment shall be based on the participant's election and may be made in the form of a lump-sum payment, installments (if eligible as defined by the Plan), or direct transfer to an Individual Retirement Account (IRA) or tax-favored plan that accepts the transfer. A participant may also elect a combination of lump-sum payment and direct transfer. Distributions shall be made in cash or in-kind in accordance with the participant's election and plan provisions.

(e) Notes Receivable from Participants

Loans to participants may be made, at the discretion of the Plan's administrator, in an amount not less than \$1,000 and not to exceed the lesser of 50% of the participant's vested account balance, or \$50,000 reduced by the highest outstanding balance during the previous 12 months. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. Interest rates ranged from 4.25% to 10.00% and maturity dates ranged from January 2014 to May 2029 on 1,022 outstanding loan balances for the year ended December 31, 2013. The terms of these loans cannot exceed five years except that if the loan is used to purchase the principal residence of the participant, the loan term may be extended for up to a period of 15 years. Principal and interest are paid ratably through payroll deductions.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

(f) Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at any time, subject to the provisions of ERISA. In the event of Plan termination, participants automatically become fully vested in their accrued benefits.

(g) Transfers into this Plan

On April 30, 2012, the Plan sponsor acquired First American Commercial Bancorp, Inc. In connection with the acquisition, the First American Commercial 401(k) Profit Sharing Plan (the First American Plan) was merged with and into the Plan on February 1, 2013, on which date the assets of the First American Plan, totaling \$5,159,573, were liquidated and transferred into the Plan.

On July 2, 2012, the Plan sponsor acquired Rochdale Investment Management, LLC. In connection with the acquisition, the Rochdale Investment Management, LLC 401(k) Plan (the Rochdale Investment Plan) was merged with and into the Plan on February 11, 2013, on which date the assets of the Rochdale Investment Plan, totaling \$9,210,067, were liquidated and transferred into the Plan.

On July 2, 2012, the Plan sponsor acquired Symphonic Financial Advisors, LLC. In connection with the acquisition, the Symphonic Financial Advisors, LLC 401(k) Plan (the Symphonic Financial Plan) was merged with and into the Plan on February 11, 2013, on which date the assets of the Symphonic Financial Plan, totaling \$917,377, were liquidated and transferred into the Plan.

(h) Plan Amendments

The Plan was amended effective January 1, 2012 to modify the definition of Net Profits, restoring profits derived from mortgage activity as permitted by applicable regulations. The Plan was also amended effective April 15, 2012 to permit in-service withdrawals at age 59 ½ or later, subject to a minimum of \$1,000 per distribution and limited to one distribution per calendar year.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Adoption of New Accounting Standards

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS* (ASU 2011-04). ASU 2011-04 amended *Accounting Standards Codification 820* to converge the fair value measurement guidance in accounting principles generally accepted in the U.S. (GAAP) and International Financial Reporting Standards (IFRS). ASU 2011-04 is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with GAAP and IFRS. The amendments are of two types: (i) those that clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular

CITY NATIONAL CORPORATION
PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2013 and 2012

principle or requirement for measuring fair value or for disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan adopted the new guidance for the disclosures as required effective January 1, 2012. The adoption of the new guidance did not have a material impact on the Plan's financial statements.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for benefits and the additions and deductions in the statements of changes in net assets available for benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

Publicly traded securities are carried at fair value based on the published market quotations. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The Plan's investment in the CNI Charter Funds Prime Money Market Fund is valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a settlement-date basis, which does not materially differ from trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Participant Benefits

Participant benefits are recorded when paid.

(g) Administrative Expenses

A portion of the administrative expenses of the Plan are paid by participants, and a portion is paid by the Company, except for loan and Individually Directed Account (IDA) fees, which are charged to the applicable participant accounts. City National Bank, the Plan's trustee, charges a fee for processing loan applications and IDA transactions.

Participant accounts are charged, on a per capita basis, the actual third-party costs of plan recordkeeping. The Company continues to pay the Trustee and servicing fees for the Plan.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

(h) Risks and Uncertainties

The Plan provides for various investment options in money market funds, mutual funds, common stocks, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

(i) Concentration of Credit Risk

Investment in the common stock of City National Corporation comprises approximately 16% and 14% of the Plan's investments as of December 31, 2013 and 2012, respectively.

(3) Fair Value Measurements

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that marketplace participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

If the determination of fair value measurement for a particular asset or liability is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and cash equivalents: Valued at the quoted NAV of shares held by the Plan at year-end.

Corporate debt: Valued at the bid or evaluated bid in conjunction with a multidimensional relational model of the par value held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2013 and 2012, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

Asset type	Fair value measurement as of December 31, 2013, using input type			Total
	Level 1	Level 2	Level 3	
Cash equivalents	\$ 45,210,490	—	—	45,210,490

Eagle Small Cap Growth Fund	33,538,946	24,347,418
PIMCO Total Return Fd	31,120,294	31,525,166
CNI Charter H/Y Bond	—	24,249,486
All other investments less than 5%	215,573,197	131,434,354
Total	<u>\$ 591,930,021</u>	<u>440,985,255</u>

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds, common and preferred stock, corporate debt, and other investments appreciated in value by \$97,396,198 and \$33,143,606, respectively, as follows:

<u>Investment</u>	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 57,647,261	24,632,721
Common stock	39,491,923	8,250,495
Preferred stock	(11,712)	6,283
Corporate debt	(10,625)	944
Other	279,351	253,163
Net appreciation	<u>\$ 97,396,198</u>	<u>33,143,606</u>

(5) Party-in-Interest Transactions

Certain Plan investments are shares of CNR Funds managed by City National Rochdale (CNR) and shares of preferred and common stock of City National Corporation. CNR is a wholly owned subsidiary of City National Bank, which is a subsidiary of City National Corporation (the Plan sponsor as defined by the Plan), and thus, these are party-in-interest transactions. In addition, City National Bank receives mutual fund servicing fees for funds invested in CNR Funds.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

(6) Income Taxes

The Company received a favorable tax determination letter on April 16, 2003 from the Internal Revenue Service (IRS) stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the assets available for benefits between the financial statements and Form 5500 at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$ 620,084,928	467,548,272
Less interest income on notes receivable from participants	8,425	6,476
Net assets available for benefits per Form 5500	<u>\$ 620,076,503</u>	<u>467,541,796</u>

The following is a reconciliation of the net increase in net assets available for benefits between the financial statements and the Form 5500 at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Net increase in net assets available for benefits per the financial statements	\$ 137,249,639	71,621,054
Less interest income on notes receivable from participants	1,949	3,645
Net increase in net assets available for benefits per Form 5500	<u>\$ 137,247,690</u>	<u>71,617,409</u>
