INDEPENDENT AUDITORS' REPORT

Capital Management of the Carolinas, LLC:

We have audited the accompanying statement of financial condition of Capital Management of the Carolinas, LLC (the "Company") as of December 31, 2013, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with generally accepted accounting principles in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conduct our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the statement of financial condition, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company’s preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Capital Management of the Carolinas, LLC as of December 31, 2013, in accordance with generally accepted accounting principles in the United States of America.

NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2013

1. SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Operations - Capital Management of the Carolinas, LLC (the "Company") is a limited liability company and operates as a registered broker-dealer primarily involved in the distribution of mutual funds. The Company does not take title to, or control of, any securities. The Company is registered with the Securities and Exchange Commission as a broker-dealer and is a member of the Financial Industry Regulatory Authority.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash and Cash Equivalents - The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash deposits with financial institutions that at times may exceed federally insured limits. As of December 31, 2013, the Company had cash equivalents of $105,989 that were uninsured.

Accounts Receivable - The Company extends credit to Fidelity Distributors Corporation for monthly 12b(1) distribution fees earned under its service agreements, and to Sterling Capital Management for consulting fees. As of December 31, 2013, the Company considers all such receivables fully collectible, and therefore, no allowance for bad debts has been provided for in the accompanying financial statements. As of December 31, 2013, receivables from one customer represented 94% of total receivables.

Property - Property is stated at cost. Depreciation and amortization are provided over the estimated useful lives of the related assets using accelerated and straight-line methods.

Income Taxes - For income tax purposes, the Company is considered to be a partnership. No provision for federal or state income taxes has been made in the accompanying financial statements since the members include their allocable share of the Company's taxable income or loss in their respective individual income tax returns.

The Company records liabilities for income tax positions taken or expected to be taken when those positions are deemed uncertain to be upheld in an examination by taxing authorities. As of December 31, 2013, the tax years ended December 31, 2010 through 2013 were open for potential examination by taxing authorities. No liabilities for uncertain income tax positions were recorded as of December 31, 2013.

Income and Loss Allocations, Distributions and Contributions to/from Members - Allocations of income and losses, and distributions and contributions of cash to/from members are governed by the terms of the members' operating agreement.

Subsequent Events - In preparing its financial statements, the Company has evaluated subsequent events through February 5, 2014, which is the date the financial statements were available to be issued.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2013, the Company had net capital of $255,204 which was $250,204 in excess of its required net capital of $5,000. The Company's net capital ratio was approximately .08 to 1.
3. PROFIT SHARING PLAN

The Company sponsors a profit sharing plan which covers all full-time employees. Company contributions to the plan are made at the discretion of management. During the year ended December 31, 2013, contributions in the amount of $60,000 were made to the plan.

4. LEASE COMMITMENTS

The Company leases office space under two operating leases with terms that expire in October 2014 and June 2015, respectively. Rent expense under both office leases for the year ended December 31, 2013, totaled $52,771.

The Company also leases office equipment with lease terms expiring at various dates through May 2015. Rent expense under all equipment leases totaled $8,581 for the year ended December 31, 2013. As of December 31, 2013, aggregate future minimum lease payments for all operating leases are $83,070 and $25,478 for 2014 and 2015, respectively.

5. MEMBERS’ EQUITY

The members of the Company are subject to an operating agreement which stipulates, among other things, the terms under which equity interests of the Company can be sold or transferred. Under terms of the agreement, a member must receive written consent from 75% of the percentage interest then held by the members to dispose of any interest in the Company. The agreement also provides that a member intending to dispose of an interest in the Company must first offer the interest to the Company and then to other members at a price determined in accordance with the agreement. In addition, the Company is required to purchase the interest of a member upon death or retirement of the member. As of December 31, 2013, the Company’s liability for redemptions related to the death of any of its members would be funded from the proceeds of term life insurance policies.

6. CONCENTRATION OF REVENUE

The Company maintains two service agent agreements with Fidelity Distributors Corporation with respect to the North Carolina Capital Management Trust (the "Trust") cash and term portfolios. During 2013, the two service agreements accounted for approximately 97% of total Company revenue. The agreements are renewable annually by approval of the trustees of the Trust. If approval is not obtained, the agreement expires 12 months after the date of the last approval. The trustees are scheduled to vote on the renewal in 2014. Management of the Company expects that the agreements will be renewed. Recertification of the Trust is normally conducted every five years by the North Carolina Local Government Commission. In 2011, the Local Government Commission extended the recertification of the Trust for a five-year period into 2016, when a five-year recertification will again be considered.
