Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of this financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether this financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in this financial statement. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of this financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of this financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The accompanying notes are an integral part of this financial statement.
NOTE 1. ORGANIZATION, OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Synergy Capital I, LLC (the "Company") was originally organized as a Subchapter S corporation in January 1996 in the State of New York. In January 2002, the company completed a stock purchase agreement ("Purchase Agreement") pursuant to which it converted to a Delaware limited liability company. At that time, CSG III, LLC ("CSG III") purchased all of the outstanding membership interests of the company, formerly known as Synergy Capital Inc., upon the terms and conditions set forth in the Purchase Agreement. The Company is a securities broker-dealer, registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority Inc. ("FINRA").

The Company maintains its books and records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

The Company is not subject to income taxes. The member is individually liable for the taxes on the Company’s income or loss. However, the Company is subject to New York City Unincorporated Business Tax and when applicable a provision will be included on the Statement of Operations. The Company recognizes tax benefits or expenses of uncertain tax positions in the year such determination is made when the position is "more likely than not" to be sustained assuming examination by tax authorities. The tax years that remain subject to examination are 2012, 2011, and 2010. The Company determined that there are no uncertain tax positions which would require adjustments or disclosures on the financial statements.
