Independent Accountants' Report on Applying Agreed-Upon Procedures Related to an Entity's SIPC Assessment Reconciliation

To the Member of WRSequence, LLC
40 Calhoun Street, Suite 330
Charleston, South Carolina 29401

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2013, which were agreed to by WRSequence, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC solely to assist you and the other specified parties in evaluating WRSequence, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). WRSequence, LLC's management is responsible for the WRSequence, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries as recorded in the entity's accounting system noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report

To the Member
WRSequence, LLC
Charleston, South Carolina

We have audited the accompanying financial statements of WRSequence, LLC (a South Carolina Limited Liability Company), which comprise the statement of financial condition as of December 31, 2013, and the related statements of loss, changes in member's equity, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of WRSequence, LLC as of December 31, 2013 and the changes in operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental information contained in Schedule I is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare financial statements. The information has been subjected to the auditing procedures applied to the audit of the financial statements and certain additional procedures, including comparing such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

A handwritten signature in cursive script that reads "GlaserDuncan, CPAs". The signature is written in dark ink and is positioned above the typed name and address.

WRSEQUENCE, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of WRSequence, LLC (the "Company") is presented to assist in understanding the Company's financial statements. The financial statements and notes are the representation of the Company's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization and Nature of Business

WRSequence, LLC is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company is a South Carolina Limited Liability Company and wholly owned subsidiary of WRSequence Holdings, LLC.

Limited Liability Company

The single member of WRSequence, LLC has limited liability.

Cash and Cash Equivalents

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash deposits. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to certain limits and may, at times, be in excess of those limits. For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Accounts Receivable

Accounts receivable are stated at the amount the Company expects to collect. The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of its customers to make required payments. Management considers the following factors when determining the collectibility of specific customer accounts: customer credit-worthiness, past transaction history with the customer, current economic industry trends, and changes in customer payment terms. Past due balances over 90 days and other higher risk amounts are reviewed individually for collectibility. If the financial condition of the Company's customers were to deteriorate, adversely affecting their ability to make payments, additional allowances would be required. Based on management's assessment, the Company provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is computed using the straight line method over estimated useful lives of related assets. Depreciation expense for the year ended December 31, 2013 was \$1,894.

Advertising

The Company expenses advertising costs as they are incurred. As of December 31, 2013, WRSequence, LLC had no advertising expenses.

WRSEQUENCE, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Income Taxes

The Company was established as a single member Limited Liability Company (LLC), which is disregarded as an entity separate from its owner for federal and state income tax purposes. In lieu of corporate income taxes, the members of an LLC are taxed on their proportionate share of the Company's taxable income.

The Company recognizes and measures its unrecognized tax positions in accordance with FASB ASC 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax position is adjusted when new information is available, or when an event occurs that requires a change. Management has considered this guidance and there was no impact to these financial statements associated with this consideration.

2. CERTAIN SIGNIFICANT RISKS AND UNCERTAINTIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates include collectability of accounts receivable, amounts due from related parties and depreciable lives and depreciation methods for fixed assets. It is at least reasonably possible that the estimate of the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events. The effect of this change would be material to the financial statements.

Concentration in Business

During the year ended December 31, 2013, 51% of the Company's operating revenue came from two customers and 75% of net accounts receivable came from two customers. Due to the nature of the Company's business, it is reasonably possible that the loss of a customer or the default on receivables due from customers could have an adverse effect on the Company's results of operations and financial condition.

3. PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2013 are as follows:

Software	\$ 7,069
Office equipment & furniture	11,043
	<hr/> 18,112
Accumulated depreciation	(12,302)
	<hr/>
Net property and equipment	<u>\$ 5,810</u>

WRSEQUENCE, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013

4. RELATED PARTY TRANSACTIONS

During the year ended December 31, 2013, the Company leased its operating premises from the majority member of its parent company, WRSequence Holdings, LLC. Total rental expense paid to related parties for facilities was \$34,483 for the year ended December 31, 2013. The Company also has a corporate services agreement with WRSequence Holdings, LLC. Under the terms of the agreement, the Company pays a fee to WRSequence Holdings, LLC for various accounting and administration services. Expenses related to this agreement totaled \$10,101 for the year ended December 31, 2013.

5. CONTINGENCIES AND COMMITMENTS

The Company was involved in litigation arising in the ordinary course of business during prior years. An agreement was reached on the matter and a \$100,000 settlement was paid by the Company during the year ended December 31, 2013, with no admission of liability and entered into to avoid further litigation. The action has been dismissed and there are no further matters as of December 31, 2013.

6. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and limits the ratio of aggregate indebtedness to net worth. At December 31, 2013, the Company had net capital of \$221,210, which was in excess of the required net capital balance.

7. SUBSEQUENT EVENTS

FASB ASC 855 defines two types of subsequent events. The first type consists of events or transactions that provide additional evidence about conditions that existed at the date of the statement of financial position, including the estimates inherent in the process of preparing financial statements (i.e., recognized event). The second type consists of events or transactions that provide evidence about conditions that did not exist as of the financial statement date (i.e., non-recognized event). Management evaluated all events and transactions that occurred after December 31, 2013 through February 26, 2014, the date these financial statements were available for issuance.

On February 17, 2014, Michael Grady, a partner in the majority owner of the parent company of WRSequence Holdings, and Gene King, an existing owner of WRSequence Holdings, acquired the 92% ownership interest held by the present majority member of WRSequence Holdings. As a result of this transaction, Grady will own 80% of the parent company and King will own 20%. In accordance with this review, no adjustments to the financial statements were made by management.

The differences are due to adjustments WRSequence, LLC made to the financials after the focus report was issued.

***Report on Internal Control Required by SEC Rule 17a-5(g)(1) for a Broker-Dealer
Claiming an Exemption from SEC Rule 15c3-3***

To the Member
WRSequence, LLC
Charleston, South Carolina

In planning and performing our audit of the financial statements of WRSequence, LLC (the Company), as of and for the year ended December 31, 2013 in accordance with the standards of the Public Company Accounting Oversight Board (United States), we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

Also, the Company is exempt from the provisions of Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(2)(i) at and for the year ended December 31, 2013, in that the Company carries no margin accounts; promptly transmits all customer funds and delivers all securities received; does not otherwise hold funds or securities for, or owe money or securities to, customers; and effectuates all financial transactions on behalf of customers on a fully disclosed basis.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a deficiency, or combination of significant deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Member, management, the SEC, Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

GlaserDuncan, CPAs
