INDEPENDENT AUDITORS' REPORT

To the Member of
Founders Financial Securities, LLC

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Founders Financial Securities, LLC (the "Company") as of December 31, 2013 and the related statements of operations, changes in member's equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statements.

Managements' Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Founders Financial Securities, LLC as of December 31, 2013, and the results of its operations and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Founders Financial Securities, LLC (the “Company”), a Maryland limited liability company was formed in 2004. The Company began operations as a securities broker-dealer registered with the Securities and Exchange Commission (“SEC”) and became a member of the Financial Industry Regulatory, Inc. (“FINRA”) on April 6, 2006. The Company’s operations consist primarily of providing financial advisory and wealth management services. The Company earns revenues from commissions and fees earned from fund companies and clearing houses who maintain all customer accounts on behalf of the Company. The Company is a wholly owned subsidiary of Founders Financial, Inc.

Clearing Agreement

The Company, under Rule 15c3-3(k)(2)(ii), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts. Accordingly, all customer transactions are executed and cleared on behalf of the Company by its clearing broker on a fully disclosed basis. The Company’s agreements with its clearing brokers provides that as clearing broker, that firm will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the “Act”). It also performs all services customarily incident thereon, including the preparation and distribution of customer's confirmation and statements and maintenance margin requirements under the Act and the rules of the Self Regulatory Organizations of which the Company is a member.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents.

Revenue Recognition and Deferred Revenue

Securities transactions and commission revenue and expense are recorded on a trade date basis. Revenue from financial advisory services accrue under the terms of the respective advisory contracts and deferred revenue arises from timing differences between when the cash is received and the completion of the services.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(concluded)*

Commissions Receivable

Commissions receivable is comprised of commissions earned but not received. The Company utilizes the allowance method to provide for doubtful accounts based on management's evaluation of the collectability of commissions receivable. Based on historical experience and current review of commissions receivable, management believes all receivables will be collected, accordingly an allowance has not been established.

Property and Equipment

Property and equipment is stated at cost less accumulated depreciation. The Company provides for depreciation on a straight-line method based on the estimated useful lives of the assets which is estimated to be three to seven years.

Valuation of Long Lived Assets

The Company accounts for the valuation of long lived assets under ASC 360-10 *Property, Plant and Equipment*. ASC 360-10 requires that long lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. As of December 31, 2013, management does not believe any long lived assets are impaired and has not identified any assets that are being held for disposal.

Income Taxes

No provision for income taxes is provided since the Company is considered a disregarded entity for federal and state income tax purposes. The member reports the Company's taxable income or loss on its respective income tax return.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states. The Company is not subject to income tax return examinations by major taxing authorities for years before 2010. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2013.

FOUNDERS FINANCIAL SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - NET CAPITAL

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2013, the Company had net capital and net capital requirements of \$765,766 and \$50,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 0.34 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 3 - COMMITMENTS AND RELATED PARTY TRANSACTIONS

The Company leases office space under a non-cancelable operating lease from an affiliated entity by virtue of common ownership expiring December 31, 2014. The lease requires future minimum monthly payments of \$1,511 through 2014 and is renewable for three successive one year terms.

Rent expense for the year ended December 31, 2013 was approximately \$18,000.

The Company pays its Parent certain costs under a shared services agreement. For the year ended December 31, 2013 the Company paid approximately \$ 1,053,000 pursuant to the agreement.

NOTE 4 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND UNCERTAINTIES

In the normal course of business, the Company's activities through its clearing broker involve the execution, settlement and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk. In the event a customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations.

In addition, the Company bears the risk of financial failure by its clearing broker. If the clearing broker should cease doing business, the Company's receivable from this clearing broker could be subject to forfeiture.

The Company's financial instruments, including cash and cash equivalents, receivables, prepaid expenses and other assets, accounts payable and accrued expenses, commissions and salaries payable and due to broker are carried at amounts that approximate fair value, due to the short-term nature of the instruments.

The Company also maintains its cash balances in several financial institutions, which at times may exceed federally insured limits. As of December 31, 2013, the Company held \$407,694 in cash balances in excess of the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.
