PENSION FUND EVALUATIONS, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1- Nature of Business

Pension Fund Evaluations, Inc. (the "Company") is a New York State corporation formed for the purpose of conducting business as a broker/dealer in securities. The Company mainly provides advisory services to investors. The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Note 2- Summary of Significant Accounting Policies

(a) Revenue Recognition

Advisory fees are recognized as revenues on a monthly basis as earned

Securities transactions (and the recognition of related income and expense) are recorded on a settlement date basis which is generally three business days after the trade date and one day after the trade date for options. There is no material difference between trade date and settlement date.

(b) Income Tax

The Company has elected to be treated as an "S" corporation under the provisions of the Internal Revenue Code and New York State Tax regulations. The Company does not pay Federal or State Corporate Income Taxes on its taxable income. Instead, the stockholders are liable for individual income taxes on their respective share of the company's taxable income.

(c) Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company has defined cash equivalents as short-term, highly liquid debt instruments purchased with a maturity of three months or less, other than securities held for sale in the ordinary course of business. The Company maintains cash in a bank account which, at times, may exceed federally insured limits.

(d) Depreciation

Depreciation is computed by the modified accelerated cost recovery method over the estimated useful lives of the assets, which does not differ materially from generally accepted accounting depreciation methods.

(g) Subsequent Events

<u>Year</u>	<u>Amount</u>

2015	\$ 6,089

Note 5- Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The Company introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may

impair customers' ability to satisfy their obligations to the Company and the company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers.

The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guideline. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

Note 6- Net Capital Requirement

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of financial condition, whether due to fraud or error.
