To the Board of Directors
Access Financial Group, Inc.
Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Access Financial Group, Inc. (the Company), which comprise the statement of financial condition as of March 31, 2014, and the related statements of income and comprehensive income, changes in liabilities subordinated to claims of general creditors, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Access Financial Group, Inc. as of March 31, 2014, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information contained in the Supplementary Information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated in all material respects in relation to the financial statements as a whole.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE A – Organization and nature of business

Access Financial Group, Inc. (the Company) was incorporated in the State of Delaware on April 1, 1994. The Company is a registered securities broker-dealer and registered investment advisor regulated by the Securities and Exchange Commission and Financial Investors Regulatory Authority, and clears its trades through a clearing broker on a fully disclosed basis. The Company provides recordkeeping, investment services and investment advice, primarily to funeral directors and cemetery associations throughout the United States.

The Company was a wholly-owned subsidiary of Access Capital Group through December 31, 2012. The members of Access Capital Group then amended the Certificate of Incorporation, dissolving Access Capital Group, and authorized a total of 4,000,000 shares of common stock having a par value of \$.01. Consistent with the ownership structure of Access Capital Group, new shares of the authorized common stock were issued to the members.

NOTE B – Summary of significant accounting policies

Basis of accounting

The Company uses the accrual method of accounting. Customer transactions are cleared on a fully disclosed basis through another broker-dealer. Commissions and related clearing expenses are recorded on a trade date basis as transactions occur.

Cash and cash equivalents

The Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents. Furthermore, the Company maintains its cash in accounts at various financial institutions. The balances, at times, may exceed federally-insured amounts. Management periodically reviews the financial stability of these institutions.

Management fee receivable, administrative fees receivable and allowance for doubtful accounts

Management and administrative fees are recognized as income ratably during the year. Management fees and administrative fees are billed substantially in arrears of each calendar quarter. The Company determined there were no accounts deemed uncollectible, and as a result had no allowance for doubtful accounts recorded at March 31, 2014.

Property and equipment

Property and equipment are carried at cost and depreciated by the straight-line method over the estimated useful lives of the assets.

Income taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred taxes are recognized for differences between the basis of assets and liabilities for financial statement and income tax purposes. The differences primarily relate to depreciable assets (use of different depreciation methods and lives for financial statement and income tax purposes), and other comprehensive income.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE B – Summary of significant accounting policies, continued

Income taxes, continued

The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled.

Advertising costs

The Company expenses advertising costs as incurred. Advertising expense for the year ended March 31, 2014 was \$1,460.

Securities transactions

Securities transactions on behalf of customers and the related income and expenses are recorded on trade date. Proprietary securities transactions are recorded on trade date, as if they have settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis.

Securities owned are recorded at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comprehensive income

Other comprehensive income refers to revenues, expenses, gains and losses that, under accounting principles generally accepted in the United States of America, are included in comprehensive income but are excluded from net income as these amounts are recorded directly as an adjustment to stockholders' equity.

Subsequent events

The Company has evaluated subsequent events through May 27, 2014, the date which the financial statements were issued, and has determined that there were no subsequent events to recognize or disclose in these financial statements.

NOTE C – Employee benefit plan

The Company's eligible employees participate in a Safe Harbor 401(k) plan. The Company made its mandatory Safe Harbor contribution; however, no additional discretionary contributions were made. The amount of the Safe Harbor contribution for the year ended March 31, 2014 was \$33,878.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE D – Fair value measurements

Fair value of financial instruments

The Company has adopted FASB ASC Topic 820, *Fair Value Measurements and Disclosures*. FASB ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement (s) and the lowest priority to unobservable inputs (level 3 measurements). The three levels established by FASB ASC 820 are described as follows:

Level 1 - Valuation is based on quoted prices for identical assets or liabilities traded in active markets.

Level 2 - Valuation is based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 - Valuation is based on model-based techniques that use significant inputs and assumptions not observable in the market. These unobservable inputs and assumptions reflect the entity's estimates of inputs and assumptions that market participants would use in pricing the assets and liabilities, and may require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement.

In accordance with ASC 820, the following table represents the Company's fair value hierarchy for those assets measured at fair value on a recurring basis as of March 31, 2014:

	Quoted Prices In Active Markets for Identical Assets (Level 1)
Equities and financial institution preferred equities	\$849,565

NOTE E – Securities owned, at fair value

The Company classifies its marketable securities as "available for sale." They may be sold in response to changes in interest rates, liquidity needs, and for other purposes.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE E – Securities owned, at fair value, continued

Cost and fair value of marketable equity securities at March 31, 2014 are as follows:

	<u>Cost</u>	Gross unrealized gains (losses)	<u>Fair value</u>
Equities and financial institution preferred equities	\$794,084	\$ 55,481	\$ 849,565

NOTE F – Commitments and related party transactions

The Company leases office space under an operating lease agreement expiring on May 31, 2015. The lease is with a partnership in which the officers of the Company have an interest. Future minimum annual payments, exclusive of additional payments for operating expenses and taxes, are as follows for the years ending March 31st:

2015	\$ 149,718
2016	<u>25,075</u>
	<u>\$ 174,793</u>

Rent expense for the year ended March 31, 2014 was \$144,382 all of which was paid to the affiliated partnership.

NOTE G – Property and equipment

Property and equipment

Property and equipment consist of the following as of March 31, 2014:

Furniture and equipment	\$ 17,314
Computer equipment	115,901
Leasehold improvements	<u>88,947</u>
	222,162
Less accumulated depreciation	<u>(139,191)</u>
	<u>\$ 82,971</u>

Depreciation expense for the year ended March 31, 2014 was \$23,442.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE H – Off balance sheet credit and market risk

Securities transactions of customers are introduced to and cleared through a clearing broker. Under the terms of its clearing agreement, the Company is required to guarantee the performance of its customers in meeting contracted obligations. In conjunction with the clearing broker, the Company seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines. Compliance with the various guidelines is monitored daily and, pursuant to such guidelines, the customers may be required to deposit additional collateral, or reduce positions where necessary. The Company does not anticipate nonperformance by customers with which it conducts business.

NOTE I – Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2014, the Company has a net capital of \$1,509,965, which is \$1,459,965 in excess of its required net capital of \$50,000. The Company's net capital ratio was .19 to 1.

NOTE J – Income taxes

The Company's total deferred tax assets and liabilities at March 31, 2014 are as follows:

Total deferred tax assets	\$ -
Total deferred tax liabilities	<u>(37,000)</u>
Net deferred tax liabilities	<u>\$ (37,000)</u>

The Company's provision for income taxes for the year ended March 31, 2014 consists of the following:

Current income tax expense	\$ 120,245
Deferred tax expense	<u>9,365</u>
	<u>\$ 129,610</u>

The provision for income taxes is based upon income or loss before tax for financial reporting purposes. Deferred tax assets or liabilities are recognized for the expected future tax consequences of temporary differences between tax basis of assets and liabilities and their carrying values for financial reporting purposes. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

ACCESS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE J – Income taxes, continued

The Company files income tax returns in the U.S. federal jurisdiction and Illinois. The Company follows the accounting guidance for uncertainty in income taxes according to the FASB ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities.

As of March 31, 2014, the Company had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. It is the Company's policy to include any penalties and interest related to income taxes in its operating expenses, however, the Company currently has no penalties or interest related to income taxes. The Company is no longer subject to U.S. federal and state income tax examinations by authorities for years before 2010.

SUPPLEMENTARY INFORMATION

ACCESS FINANCIAL GROUP, INC.

COMPUTATION OF NET CAPITAL PURSUANT TO RULE 15c3-1

	MARCH 31, 2014

Total Aggregate Indebtedness, per March 31, 2014 audit report	<u>\$ 292,508</u>

ACCESS FINANCIAL GROUP, INC.

STATEMENT REGARDING RULE 15c3-3

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(2)(i) of that rule for the year ending March 31, 2014.

SUPPLEMENTARY REPORT

Certified Public Accountants and Advisers

INDEPENDENT AUDITORS' SUPPLEMENTARY REPORT ON INTERNAL CONTROL

Chicago Office

225 West Illinois Street

Chicago, IL 60654

312-863-2300

fax: 312-863-2301

www.SSandG.com

To the Board of Directors
Access Financial Group, Inc.
Chicago, Illinois

In planning and performing our audit of the financial statements of Access Financial Group, Inc. (the Company), as of and for the year ended March 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's

Providing the
services that
bring solutions

Member of the AICPA

Registered with the PCAOB

Founding member of LEA Global

authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2014, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

To the Board of Directors
Access Financial Group, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended March 31, 2014, which were agreed to by Access Financial Group, Inc. (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with the respective cash disbursement record entry (disbursement made on October 30, 2013 with SIPC-6 filing), recorded as an expense in the amount of \$2,591, noting no difference. Compared the listed assessment balance due as of March 31, 2014, in the amount of \$2,468 with the related accrued expense entry of \$2,200 in the general ledger, noting a \$268 difference;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended March 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended March 31, 2014, noting no differences;
3. Compared the adjustments reported in Form SIPC-7 with the supporting schedules and working papers. The following adjustments were noted: a deduction in the amount of \$409,487 for revenues from the distribution of shares of a registered open end investment company or unit investment trust, from the sale of variable annuities, from the business of insurance, from investment advisory services rendered to registered investment companies

or insurance company separate accounts, and for transactions in security futures products; a deduction in the amount of \$179,041 representing commissions, floor brokerage and clearance paid to other SIPC members in connection with securities transactions; a deduction in the amount of \$1,855,581 for revenue not related either directly or indirectly to the securities business. The adjustment amounts were agreed to the supporting income statement work paper that agreed to the related amounts in the audited trial balance, noting no differences; and

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers (the income statement worksheet) supporting the adjustments, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be, and should not be, used by anyone other than these specified parties.
