REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Onyx Partners, Incorporated

We have audited the accompanying financial statement of Onyx Partners, Incorporated (the "Company") which comprises the statement of financial condition as of June 30, 2014, and the related notes to the financial statement. The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of Onyx Partners, Incorporated as of June 30, 2014 in conformity with accounting principles generally accepted in the United States of America.

ONYX PARTNERS, INCORPORATED
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014
(AUDITED)

NOTE 1 – ORGANIZATION

Onyx Partners, Incorporated, a California corporation, was formed in August 1990 and was granted its registration as a broker-dealer in securities under the Securities Exchange Act of 1934 in December 1991. Onyx Partners, Incorporated (the “Company” or “Onyx”) became qualified as a broker-dealer with the National Association of Securities Dealers (now known as the Financial Industry Regulatory Authority (FINRA)) in May 1993.

In connection with its activities as a broker-dealer, the Company intends to hold no funds or securities for customers, and does not intend to execute or clear customer transactions. Accordingly, it is exempt from provisions of SEC Rule 15c3-3 relating to the physical possession or control of such funds or securities.

The Company is also a registered investment adviser with the California Department of Corporations. For investment adviser purposes, the Company itself holds no funds or securities for customers.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Definition of Fiscal Year:

The Company’s fiscal year is June 30.

Cash and Cash Equivalents:

Cash equivalents consist of highly liquid investments with maturities of three months or less from the date of acquisition. Cash is on deposit with financial institutions without restrictions.

Fair Value

The fair value of financial instruments, including cash and cash equivalents and accounts payable, approximate carrying value principally because of the short maturity of those items.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reported period. Actual results could differ from these estimates.

Concentration of credit risk:

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist primarily of cash. The Company maintains cash balances at financial institutions that may, at times, exceed amounts insured by the Federal Deposit Insurance Corporation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment:

Property and equipment are stated at cost less accumulated depreciation. Property and equipment are depreciated over the estimated useful lives of the assets on a straight line basis. Estimated useful lives of the assets are between three to five years.

Property and equipment as of June 30, 2014 consisted of the following:

Furniture and equipment	\$ 8,200
Vehicle	74,617
Less accumulated depreciation	<u>(58,356)</u>
Total property and equipment	<u>\$ 24,461</u>

Income Taxes:

The Company applies the Income Taxes Topic of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) relating to accounting for uncertain tax positions. The Income Taxes Topic establishes financial accounting and reporting standards for the effects of income taxes that result from an enterprise's activities during the current and preceding years. It requires deferred tax assets be recognized for temporary differences that will result in deductible amounts in future years and for carry forwards. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company recognizes the tax benefit from uncertain tax positions only if it is more likely than not that the tax positions will be sustained on examination by the tax authorities, based on the technical merits of the position. The tax benefit is measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Company’s policy for interest and penalties related to uncertain tax positions is to classify them in the financial statements as interest expense.

Subsequent Events:

Subsequent events are events or transactions that occur after the balance sheet date but before the date the financial statements are available to be issued. Subsequent events that provide additional evidence about conditions that existed at the balance sheet date are considered in the preparation of the financial statements presented herein. Subsequent events that occur after the balance sheet date that do not provide evidence about the conditions that existed as of the balance sheet date are considered for disclosure based upon their significance in relation to the financial statements taken as a whole.

The Company has evaluated subsequent events through August 25, 2014, which is the date the financial statements were issued.

NOTE 3 – LEASE COMMITMENTS

Beginning January 1, 2013 the Company entered into a one-year lease agreement for office space at a cost of \$320 per month. Since the lease expired on December 31, 2013, the Company has leased the same space on a month-to-month basis.

NOTE 4 – CAPITAL CONTRIBUTIONS

The sole officer of the Company, Andrew J. Astrachan, contributed \$160,562 during the fiscal year ended June 30, 2014. Contributions were made for the purpose of maintaining minimum net capital requirements as required by a registered Broker Dealer. No common stock was exchanged for the contribution.

NOTE 5 – INCOME TAXES

The deferred tax consequences of temporary differences in reporting items for financial statement and income tax purposes are recognized, as deferred tax assets or liabilities. Realization of the future tax benefits related to the deferred tax assets is dependent on many factors, including the Company's ability to generate taxable income within the net operating loss carry forward period. Management has considered these factors in reaching its conclusion that a valuation allowance for financial reporting purposes is appropriate at June 30, 2014.

As of June 30, 2014, there is no accrued interest or penalties recorded in the financial statements. The Company's federal tax filings remain subject to examination by the federal taxing authorities for years 2009 through present.

The composition of the Company's net deferred tax asset as at June 30, 2014 is as follows:

Net operating loss carry forward	<u>\$ 1,123,442</u>
Statutory federal income tax rate	35%
Deferred tax asset	(393,204)
Less: Valuation allowance	<u>393,204</u>
Net deferred tax asset	<u>\$ --</u>
