Report of Independent Registered Public Accounting Firm

We have audited the accompanying statement of financial condition of Allied Asset Management, Inc. as of June 30, 2014 and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of Allied Asset Management, Inc. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Allied Asset Management, Inc. as of June 30, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplemental information, Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission, has been subjected to audit procedures performed in conjunction with the audit of Allied Asset Management, Inc.'s financial statements. The supplemental schedule is the responsibility of Allied Asset Management, Inc.'s management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content is presented in conformity with 17 C.F.R. 240.17a-5. In our opinion, the Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

This summary of significant accounting policies is presented to assist in understanding Allied Asset Management, Inc.'s (the Company's) financial statements. The financial statements and notes are representations of the Company's management which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization and nature of business:

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company was incorporated on February 15, 1984 and operates as an investment brokerage house in Seattle, Washington. The Company does not hold customer funds or securities in its own accounts. All customer funds received are immediately remitted to the appropriate investment or insurance company. The Company has one employee. This employee is responsible for all accounting functions, including writing checks, making bank deposits, and recording daily sales activity.

Marketable securities:

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on any assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs – Inputs other than the quoted prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

ALLIED ASSET MANAGEMENT, INC.

NOTES TO FINANCIAL STATEMENTS, continued
June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (continued):

Marketable securities, continued:

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements.

As of June 30, 2014, marketable securities were required to be reported at fair value on a recurring basis using level one inputs. There are no changes in methods or assumptions during the year ended June 30, 2014.

The Company classifies its marketable securities as available for sale and they are carried in the financial statements at fair value. Realized and unrealized gains and losses are included in earnings. Components of marketable securities include one gain security and are as follows: cost basis \$3,900; unrecognized gain on securities \$7,686. Deferred taxes of \$1,153 have been provided on this unrecognized gain.

Commissions receivable:

The Company clears all of its brokerage transactions through a clearing broker on a fully-disclosed basis. The Company also has agreements to arrange sales of mutual fund shares and variable annuity products. Commissions due from the clearing broker, mutual fund companies and insurance companies and related clearing expenses are recorded in the period in which the commission is earned.

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur. The Company utilizes the allowance method of accounting for bad debts. In the opinion of management, no allowance for doubtful accounts is required.

Advertising:

Advertising costs are expensed as incurred.

ALLIED ASSET MANAGEMENT, INC.

NOTES TO FINANCIAL STATEMENTS, continued
June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (continued):

Pension plan:

The Company has a pension plan which is based on Section 408(k) of the Internal Revenue Code. It is the Company's intent to make discretionary contributions limited to the lesser of 25% of each eligible employee's compensation or \$45,000. The company has elected to make a \$10,000 contribution for the year ended June 30, 2014.

Statement of cash flows:

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash paid for interest expense and federal income tax expense for the year ended June 30, 2014 was \$-0-.

Management's estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. SIGNIFICANT ECONOMIC AND GROUP CONCENTRATION OF CREDIT RISK:

As stated in Note 1, the Company receives commissions associated with the clearing broker and mutual fund companies. During the year ended June 30, 2014, amounts due from the clearing broker and two mutual fund companies represented 49% of commissions receivable.

As of June 30, 2014, commissions receivable totaled \$47,426 and were collected within thirty days.

Total commissions earned from the clearing broker and one mutual fund company totaled 34% and 23%, respectively of revenue for the fiscal year ended June 30, 2014.

As of June 30, 2014, the Company has no amount in excess of the insurance limits provided by a government agency.

ALLIED ASSET MANAGEMENT, INC.

NOTES TO FINANCIAL STATEMENTS, continued
June 30, 2014

NOTE 3. TAXES:

Federal income taxes:

The Company accounts for income taxes in accordance with FASB Accounting Standards Codification Topic ("FASB ASC") 740, Income Taxes, which requires the recognition of deferred income taxes for differences between the basis of assets and liabilities for financial statement and income tax purposes. Such differences arise primarily from unrealized gains on investments (see also note 4).

The Company follows the provisions of FASB ASC 740-10-25, which prescribes a recognition threshold and measurement attribute for the recognition and measurement of tax positions taken or expected to be taken on an income tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. For the year ended June 30, 2014, management believes there are no material uncertain tax positions to be accounted for in the financial statements.

The Company's policy for classifying interest and penalties associated with its tax positions that are recognized in the financial statements is to include them with the related income tax amounts. Penalties are not deductible for income tax purposes and, accordingly, represent a permanent difference between the taxable loss and the net loss presented in these financial statements. For the year ended June 30, 2014 penalties included in operating expenses total \$-0-.

On June 30, 2014, the Company had a net operating loss carry forward of \$2,617 that may be used to offset future taxable income. Net deferred tax assets are to be reduced by a valuation allowance if it is more likely than not that some portion or all of the net deferred tax assets will not be realized. Due to the fact that the Company has shown no history of generating taxable income, the Company established a valuation allowance against its deferred tax assets as of June 30, 2014. The expected tax benefit that would result from applying federal statutory tax rates to the pre-tax income differs from amounts reported in the financial statements because of this valuation allowance.

The Company files a corporate tax return with the U.S. Federal Jurisdiction (IRS). The Company's federal tax return is subject to possible examination by the taxing authorities until the expiration of the statute of limitations. Federal income tax returns generally have a three year statute of limitations.

Current income taxes:

The net operating loss carry forward available is \$2,617, expiring in 2015.

ALLIED ASSET MANAGEMENT, INC.

NOTES TO FINANCIAL STATEMENTS, continued
June 30, 2014

NOTE 3. TAXES, continued:

Sales and excise taxes:

The Company files tax returns with the State of Washington Department of Revenue and the City of Seattle. Taxes are based on revenues earned at prescribed rates and are reported under state and local taxes on the Statement of Operations. The State of Washington and City of Seattle have four years after the close of the tax year to audit the Company's returns. The Company has not been audited by either taxing authority.

NOTE 4. DEFERRED INCOME TAXES:

Deferred income taxes of \$1,153 have been provided for the unrealized appreciation of marketable securities as of June 30, 2014.

NOTE 5. RELATED PARTY TRANSACTIONS:

The Company and its affiliate, AAM Insurance, Inc., have common ownership and management and share the same office. Common expenses such as rent, office supplies, and telephone are allocated based on the relative revenues of the combined companies. The Company acts as the common paymaster for the payroll and payroll taxes for the combined companies and then divides the expense using the relative revenues of the combined companies as a guide. The Company does not have any obligation to repay costs advanced by its affiliate.

Total costs reimbursed to the related party for shared expense totaled \$33,000 for the fiscal year ended June 30, 2014. There were no liabilities due to the related party at the close of the fiscal year.

All wages are paid to the single owner/employee of the Company. No allowance for accrued compensated absences has been made for the single owner/employee as the amount cannot be reasonably estimated.

ALLIED ASSET MANAGEMENT, INC.

NOTES TO FINANCIAL STATEMENTS, continued
June 30, 2014

NOTE 6. LEASE COMMITMENT:

The Company renewed its operating lease for the office space for five years effective June 1, 2013. The following is a summary of minimum rental payments under the lease. Annual rents will be adjusted based on the consumer price index, janitorial hourly labor rates, and cost of electricity.

Lease commitments for the years ending June 30:

2015	\$ 20,703
2016	21,318
2017	21,966
2018	20,680
2019	-
Thereafter	-
Total	<u><u>\$ 84,667</u></u>

NOTE 7. NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). Net capital at June 30, 2014 was \$20,582, \$15,547 over the minimum required amount of \$5,035.

NOTE 8. CONTINGENCIES:

The Company may from time to time be involved in various claims and possible actions arising out of the normal course of business. Although the outcome of any such matters cannot be predicted with certainty, the Company believes that at the present time there are no pending or threatened matters that are reasonably likely to have a material adverse effect on the financial position, results of operations, or liquidity of the Company.

NOTE 9. SUBSEQUENT EVENTS:

Subsequent events were evaluated through August 28, 2014, which is the date the financial statements were available to be issued.

Report of Independent Registered Public Accounting Firm

We have reviewed management's statements, included in the accompanying Allied Asset Management, Inc. Exemption Report in which (1) Allied Asset Management, Inc. identified the following provisions of 17 C.F.R. 15c3-3(k) under which Allied Asset Management, Inc. claimed an exemption from 17 C.F.R. 240.15c3-3(2)(ii) (the "exemption provision") and (2) Allied Asset Management, Inc. stated that Allied Asset Management, Inc. met the identified exemption provisions throughout the period from June 1 through June 30, 2014 without exception. Allied Asset Management, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Allied Asset Management, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934
