Report of Independent Registered Public Accounting Firm

To the Board of Directors of
Compass Securities Corporation

We have audited the accompanying statements of Compass Securities Corporation which comprise the statement of financial condition as of June 30, 2014, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplementary information. Compass Securities Corporation's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Compass Securities Corporation as of June 30, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Schedule I, computation of net capital under rule 15c3-1 has been subjected to audit procedures performed in conjunction with the audit of Compass Securities Corporation's financial statements. The supplemental information is the responsibility of Compass Security Corporation's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information. In forming our opinion of the supplementary

information, we evaluated whether the supplementary information, including the form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Actual results could differ from those estimates.

COMPASS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS, CONTINUED

NOTE 2 - RELATED PARTY TRANSACTIONS

The Company utilizes office space, shares telephone service, and receives consulting services from its parent company, Compass Capital Corporation, (CCC). The related party charged \$460,913 for these services for the fiscal year ending June 30, 2014. At June 30, 2014 the Company owed \$45,307 to the related party. Since the Company is a 100% subsidiary of CCC, operating results could vary significantly from those that would be obtained if the entities were autonomous.

NOTE 3 – INCOME TAXES

Income tax expense consisted of the following:

Current tax expense	
Federal	\$ 5,190
State	<u>3,331</u>
	<u>\$ 8,521</u>

NOTE 4 - NET CAPITAL

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company had net capital of \$156,609, which was \$104,397 in excess of its required net capital of \$ 52,212. The Company's net capital ratio was 5 to 1.

NOTE 5 - CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities whose counterparties include other financial institutions. In the event counterparties do not fulfill their obligations the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company maintains cash in bank accounts in excess of the established limit insured by the Federal Deposit Insurance Corporation (FDIC).

COMPASS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS, CONTINUED

JUNE 30, 2014

NOTE 6 – LITIGATION

The Company is not involved in any legal proceedings arising in the ordinary course of its business activities.

NOTE 7 – FAIR VALUE

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumption about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The Company's qualifying assets or liabilities are recorded at fair value using Level 1 inputs.

COMPASS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS, CONTINUED
JUNE 30, 2014

NOTE 8 – UNCERTAINTY IN INCOME TAXES

Effective July 1, 2009, the Company adopted ASC Topic 740-10 Accounting for Uncertainty in Income Taxes, which required the Company to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of June 30, 2014, the Company determined that it had no tax positions that did not meet the “more likely than not” threshold of being sustained by the applicable tax authority. The Company files taxes and information returns in the United States Federal and Massachusetts state jurisdictions. These returns are generally subject to examination by the authorities for the last three years.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 16, 2014, the date on which the financial statements were available to be issued. There were no subsequent events that require adjustment or disclosure in the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Directors of
Compass Securities Corporation

We have reviewed management's statements, included in the accompanying Exemption Report, in which Compass Securities Corporation identified the following provisions of 17 C.F.R. 15c3-3(k) (2) (ii) under which Compass Securities Corporation claimed an exemption from 17 C.F.R. 240.15c3-3 provision (1) (the "exemption provisions") and (2) Compass Securities Corporation stated that Compass Securities Corporation met the identified exemption provisions throughout the most recent fiscal year without exception. Compass Securities Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Compass Securities Corporation's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Norwood, Massachusetts
July 16, 2014

- ii. Compass dealer transactions (as principal for our own account) are limited to the purchase, sale, and redemption of redeemable securities of registered investment companies or of interests or participations in an insurance company separate account, whether or not registered as an investment company
- iii. Compass transactions as broker (agent) are limited to: (i) The sale and redemption of redeemable securities of registered investment companies or of interests or participations in an insurance company separate account, whether or not registered as an investment company; (ii) the solicitation of share accounts for savings and loan associations insured by an instrumentality of the United States; and (iii) the sale of securities for the account of a customer to obtain funds for immediate reinvestment in redeemable securities of registered investment companies; and
- iv. Compass promptly transmits all funds and delivers all securities received in connection with our activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to, customers.
