REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Brown Associates, Inc.

We have audited the accompanying financial statements of Brown Associates, Inc. (the "Company") (a Tennessee corporation), which comprise the statement of financial condition as of July 31, 2014, and the related statements of operations, changes in shareholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of July 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Supplementary Information has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

BROWN ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS

JULY 31, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Brown Associates, Inc. (the “Company”) is a Tennessee corporation formed in 1969. The Company provides general investment and management advisory services relating to investment venture capital and pension and profit sharing plans as well as investment banking services. Additionally, the Company sells and distributes various investments such as securities, mutual funds and insurance contracts. The Company does not ordinarily provide credit to its customers. Fees and commissions are normally received from the entities offering the various investments.

Marketable Securities

The Company carries investments in marketable securities at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*. Unrealized gains and losses resulting from changes in the market value are charged or credited to operations in the current period.

Depreciation and Amortization

Depreciation and amortization are provided using the straight-line and accelerated methods over the estimated useful lives of the depreciable assets. Estimated useful lives are as follows:

Asset	Life
Office equipment	5-7 years
Leasehold improvements	15 years

Investments in Limited Partnerships

Distributions from limited partnerships in excess of the Company's proportionate share of partnership income and permanent declines in the market values of the investments have been recorded as a reduction of the cost of the investments.

Concentration of Risk

The Company maintains cash on deposit with federally insured banks. At times, the balances in these accounts may be in excess of federally insured limits. Cash equivalents include investments which are not insured by the Federal Deposit Insurance Corporation (FDIC), but may be insured by the Securities Investor Protection Corporation (SIPC). At times these investments may be in excess of SIPC limits.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

Income tax expense includes federal and state taxes currently payable and deferred taxes arising from temporary differences between income for financial reporting and income tax purposes. These differences result principally from unrealized gains and losses on marketable equity securities and the tax benefits attributed to net operating loss carryforwards.

Uncertain tax positions

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

With few exceptions, the Company is no longer subject to U.S. federal and state tax examinations by tax authorities for tax years before 2010.

The Company has concluded that there are no significant uncertain tax positions requiring recognition or disclosure, and there are no material amounts of unrecognized tax benefits. There were no tax penalties and interest levied against the Company during the year.

Recognition of Income

The Company records commissions from life insurance companies as income when received. Commissions from the sale of general securities and registered investments are recorded as income when earned as per terms of the contract.

Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purpose of the statement of cash flows the Company considers all highly liquid investments with original maturities of less than ninety days to be cash equivalents.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Advertising Costs

Advertising costs are expensed as incurred. Advertising expense was \$1,271 for the year ended July 31, 2014.

NOTE 2 – FAIR VALUE MEASUREMENT

FASB ASC Topic 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC Topic 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- ! Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company had the ability to access.
- ! Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- ! Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

All securities were valued using Level 1 inputs. Securities owned consisted of \$26,722 in equity securities. There were no securities valued using level 2 or level 3 input valuations.

NOTE 3 – OFFICE EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Major classes of equipment and leasehold improvements and accumulated depreciation are as follows:

Office equipment	\$ 59,559
Leasehold improvements	<u>5,626</u>
	65,185
Less accumulated depreciation	<u>(52,053)</u>
Total	<u>\$ 13,132</u>

Depreciation expense was \$5,038 for the year ended July 31, 2014.

This partnership has been inactive for several years and management has determined that the Company's percentage of ownership in the remaining assets is \$5,000.

NOTE 6 – INCOME TAXES

REVIEW REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Brown Associates, Inc.

We have reviewed management's statements, included in assertions made in Part 11A of the Company's Financial and Operational Combined Uniform Single Report ("Focus Report"), in which (1) Brown Associates, Inc. (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(ii) and (2) the Company stated that they met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the Public Company Accounting Oversight Board (United States). The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries and bank statements, noting no differences;
- 2) Compared the amounts reported on the audited Form X-17A-5 for the year ended July 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended July 31, 2014, noting no differences;

- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences (if applicable).

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
