Report on the Financial Statements

We have audited the accompanying financial statements of Vorpahl Wing Securities, Inc. (A Washing Corporation), which comprise the statement of financial condition as of December 31, 2013 and 2012, and the related statements of income, changes in stockholder's equity and cash flows for the years then ended that are filed pursuant of Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America: this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amount and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that our audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITOR'S REPORT (Continued)

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - ORGANIZATION AND NATURE OF OPERATIONS:

Vorpahl Wing Securities, Inc. (the Company) was incorporated April 19, 1996. The Company is an Introducing Broker in securities, which is a non-clearing, securities broker/dealer (fully disclosed). The Company accepts customer orders, but elects to clear the orders through another broker for cost efficiency. The Company is registered with the Securities and Exchange Commission (SEC) and licensed by the Financial Industry Regulatory Authority (FINRA). FINRA was created in July 2007 through consolidation of the National Association of Securities Dealers (NASD) and the member regulation, enforcement and arbitration functions of the New York Stock Exchange.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

This summary of significant accounting policies of the Company is presented to assist in understanding its financial statements. The financial statements and notes are representations of the Company's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Accounting Method - The Company prepares its financial statements on the accrual basis with a fiscal year-end of December 31.

Accounting Estimates - Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Cash Equivalents - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity date of three months or less to be cash equivalents. Cash equivalents exclude restricted deposit accounts.

Accounts Receivable - Accounts receivable are recorded when purchase and sale orders are issued and are presented in the statements of financial position net of the allowance for doubtful accounts. In the opinion of management, substantially all receivables are collectible in full; therefore no allowance for doubtful accounts is provided. See also Note 4.

Property and Equipment - Property and equipment is stated at cost, and is depreciated by straight-line and accelerated methods over the estimated useful lives of the various assets. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

VORPAHL WING SECURITIES, INC.
Spokane, Washington

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Fair Value of Financial Instruments - The carrying value of the company's accounts receivable, prepaid expenses, lease deposits, bank overdrafts, accounts payable, and accrued liabilities approximates fair value because of the short-term maturity of those instruments. CRD and Wedbush Morgan accounts are held in cash equivalents, for which cost equals fair value.

Commission Revenue - Commission revenue and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Advertising - Advertising costs are expensed as incurred.

Compensated Absences - Employees of the Company are entitled to paid vacation and paid sick days, based on various factors. It is impracticable to estimate the amount of compensation for future absences and, accordingly, no liability has been recorded in the accompanying financial statements. The Company's policy is to recognize the costs of compensated absences when actually paid.

Federal Income Taxes - Effective January 1, 2001, the Company, with the consent of its shareholder, elected to be taxed under provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, corporate taxable income is taxed directly to its shareholder. As such, no provisions for income taxes have been recorded in these financial statements.

The Company is subject to audit or examination by various regulatory jurisdictions. As of February 5, 2014, there were no audits or examinations in progress. With few exceptions, as of December 31, 2013, the Company was no longer open to audit or examination for fiscal years ended prior to December 31, 2010.

Subsequent Events - Management has considered subsequent events through February 5, 2014, the date the financial statements were available to be issued.

NOTE 3 - CENTRAL REGISTRATION DEPOSITORY ACCOUNT:

Vorpahl Wing Securities, Inc. maintains a central registration depository (CRD) account which is used to settle fees charged to the Company by FINRA. The Company is required to maintain a positive balance in this account. As of December 31, 2013 and 2012 the balance was \$1,228 and (\$90), respectively.

NOTE 4 - ACCOUNTS RECEIVABLE:

Management has accounts receivable for commissions and rent. All receivables are current and less than ninety days. No receivables are collateralized.

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE

Vorpahl Wing Securities, Inc.
Mr. Timothy Vorpahl
505 West Riverside, Ste. 205
Spokane, WA 99201

In planning and performing our audit of the financial statements of Vorpahl Wing Securities, Inc. (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE
(Continued)

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate as of December 31, 2013 to meet the SEC's objectives.

This report is intended solely for the information and the use of the Board of Directors, management, the SEC, the FINRA, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
