INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Offutt Securities, Inc.

We have audited the accompanying statement of financial condition of Offutt Securities, Inc. as of June 30, 2014 and related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

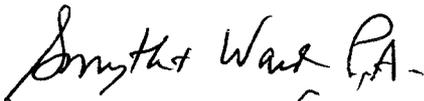

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Offutt Securities, Inc. as of June 30, 2014 and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules I, II, III and IV is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, III, and IV has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information presented in Schedules I, II, III, and IV is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2014

NOTE A – NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of operations

Offutt Securities, Inc. is a broker dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is principally engaged in providing securities research to institutions. The Company's profitability is sensitive to a variety of factors including the volatility and general level of market prices and the volume of trading in securities and the Company's research ability to generate opportunities for their clients.

Summary of Significant Accounting Policies

Cash and cash equivalents - The Company considers only cash balances in bank and brokerage accounts as cash and cash equivalents for financial reporting purposes. Cash held as deposits in brokerage accounts are listed separately as deposits.

Commissions receivable – The receivable from broker and dealer reflects net commissions due to the Company. Commissions are paid the month after they are earned. The Company does not establish an allowance for doubtful accounts due to the nature of the receivables.

Marketable securities - Marketable securities, which consist of corporate stocks, are valued at market value and the resulting difference between cost and market is included in income.

Property and equipment - Equipment and vehicle are recorded at cost, \$21,879. Depreciation expense for the year was \$797. Depreciation of office equipment and the vehicle was determined by using the straight line method over the estimated useful life of the assets.

Revenue recognition - Commission revenue and related expenses are recorded on a settlement-date basis. Transactions relating to owned securities are recorded on a settlement date basis.

Accrued absences - The owner of the Company is the only employee and no compensated absences have been accrued.

Income taxes - The Company, with the consent of its stockholders, has elected to be an S corporation for federal and state purposes and files its tax return on a calendar year basis. In lieu of corporation income taxes, the stockholders of an S corporation are taxed on their proportionate share of the Company's taxable income or loss. Therefore, no provision or liability for federal or state income taxes has been provided in these financial statements.

OFFUTT SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014

NOTE A – NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES -  
CONTINUED

The Company is no longer subject to income tax examination for any years earlier than 2011 for federal and state purposes.

Use of accounting estimates – The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – SECURITIES OWNED

Securities owned consist of publicly traded corporate stocks at quoted market values. These securities are available for sale. The total value as of June 30, 2014 was \$502,448.

NOTE C – LINE OF CREDIT

The Company has a \$5,000 line of credit to cover any overdrafts in its checking account. As of June 30, 2014 the balance on the line of credit is \$0. The line of credit is charged interest at seven per cent above the bank's prime rate.

NOTE D – LEASES, RELATED PARTY TRANSACTIONS

The Company conducts its operation from facilities that are leased from its principal stockholder, R. Bentley Offutt, under a month to month lease. The Company paid rent of \$36,000 for the year ended June 30, 2014.

The Company leases a vehicle for business use from its principal stockholder, R. Bentley Offutt. The lease is for 36 months, expiring in October 2016. The monthly lease payments are \$413.

Total	<u>\$11,496</u>

NOTE E – FAIR VALUES OF ASSETS AND LIABILITIES

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are unadjusted quoted prices for identical assets and liabilities in an active market that the Company has the ability to access.
- Level 2 inputs are inputs other than the quoted prices in active markets that are observable either directly or indirectly.
- Level 3 inputs are based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements

Assets and Liabilities Recorded at Fair Value

The Company's assets recorded at fair value include certain securities owned and available for sale. The Company uses prices obtained from a third party institution to measure the fair value of certain investment securities. The Company validates prices received from the third party institution using various methods including comparison to quoted market prices, where available, and review of other relevant market data including implied yields of major categories of

OFFUTT SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE E – FAIR VALUES OF ASSETS AND LIABILITIES – CONTINUED

securities. The Company does not adjust the prices received from the third party institution unless such prices are inconsistent with FASB ASC 820 and result in a material difference in the recorded amounts. At June 30, 2014, the Company did not adjust prices received from the third party institution. The Company records liabilities at amounts that approximate fair value except as noted below.

The following table presents the Company’s fair value hierarchy as of June 30, 2014 for assets and liabilities measured at fair value:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at Fair Value
<b>Assets</b>				
Securities available for sale	<u>\$ 502,448</u>	<u>\$ -----</u>	<u>\$ -----</u>	<u>\$ 502,448</u>
Total assets at fair value	<u>\$ 502,448</u>	<u>\$ -----</u>	<u>\$ -----</u>	<u>\$ 502,448</u>
<b>Liabilities</b>				
Total liabilities at fair value	<u>\$ -----</u>	<u>\$ -----</u>	<u>\$ -----</u>	<u>\$ -----</u>

Cash, receivables from and payables to brokers and dealers, accounts payable and accrued expenses are short term in nature and accordingly are recorded at amounts that approximate fair value.

NOTE F – FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET CREDIT RISKS

In the normal course of business, the Company’s securities activities through its correspondent broker involve execution, settlement and financing of various securities transactions for customers. These activities may expose the Company to risk in the event customers, other brokers and dealers, banks, depositories or clearing organizations are unable to fulfill contractual obligations.

OFFUTT SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014

NOTE F – FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET CREDIT RISKS -  
CONTINUED

In accordance with industry practice, the Company records securities transactions executed on behalf of its customers on settlement date which is generally three business days after trade date. The risk of loss on the trade date transactions is identical to the risk inherent in settlement date transactions and relates to the customer's or broker's and dealer's inability to meet the terms of their contracts.

The Company has not experienced any material nonperformance by counter parties in the aforementioned situations.

NOTE G – NET CAPITAL

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) which requires that "aggregate indebtedness" shall not exceed 15 times "net capital" as these terms are defined by the Rule. As of June 30, 2014, the Company's net capital was \$372,952 which exceeded the capital requirements of \$5,000 by \$367,952 and its net capital ratio was .004 to 1.

NOTE H - SUBSEQUENT EVENTS

The Company has evaluated events and transactions for subsequent events that would impact the financial statements for the year ending June 30, 2014 through August 5, 2014, the date the financial statements were available to be issued. There are no subsequent events that require recognition or disclosure in the financial statements.

Independent Auditors' Report on Internal Accounting Control  
Required by SEC Rule 17a-5(g)(1) for a Broker-Dealer  
Claiming an Exemption from SEC Rule 15c3-3

To The Board of Directors  
Offutt Securities, Inc.

In planning and performing our audit of the financial statements of Offutt Securities, Inc., as of and for the year ended June 30, 2014 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e). Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance

that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operations may deteriorate.

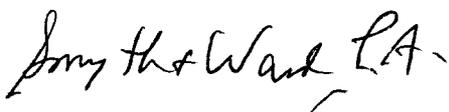

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2014 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, FINRA and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Post Office Box 559  
Cockeysville, Maryland 21030

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended June 30, 2014, which were agreed to by Offutt Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Offutt Securities, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Offutt Securities, Inc.'s management is responsible for the Offutt Securities, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries in the general ledger noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended June 30, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended June 30, 2014, noting no differences;
3. Proved the arithmetical accuracy of the calculations reflected on Form SIPC-7, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Exemption Report  
From June 1, 2014 to June 30, 2014  
Required Under SEC Rule 17a-5 (d)(1)(i)(C) for a Broker-Dealer  
Claiming an Exemption from SEC Rule 15c3-3

To the Board of Directors of  
Offutt Securities, Inc.

In planning and performing our audit of the financial statements of Offutt Securities, Inc. as of and for the year ended June 30, 2014 we did review the practices and procedures of the Company. Starting June 1, 2014 the Company is required to acknowledge annually at the end of the fiscal year of the Company to the Securities and Exchange Commission and the Financial Industry Regulatory Authority, Inc. that to the best knowledge and belief that the Company was exempt from Rule 15c3-3 pursuant to the provisions in paragraph (k)(2)(i) of Section 240.17a-5.

In accordance with Rule 17a-5(g) (1) under the Securities Exchange Act of 1934, we have examined the statements made by the Company required under paragraphs (d)(4)(i) through (iii) of Rule 17a-5 in accordance with standards of the Public Company Accounting Oversight Board. Our consideration was to attest to the statement made by the Company.

This report is intended solely for the use of the Board of Directors, management, the SEC, FINRA and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
