### **Report of Independent Registered Public Accounting Firm**

The Board of Directors  
Gordian Knot Inc.:

We have audited the accompanying statement of financial condition of Gordian Knot Inc. as of September 30, 2014 (the financial statement). The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Gordian Knot Inc. as of September 30, 2014, in conformity with U.S. generally accepted accounting principles.

	\$	<u>1,482,431</u>

## NOTES TO FINANCIAL STATEMENTS

---

### 1. Nature of business

Gordian Knot Inc. (the "Company") is a broker dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly owned subsidiary of Gordian Knot Limited. (the "Parent"), a private limited company incorporated under the laws of England and Wales. The Company was established to engage in brokerage activity in connection with the sale of securities to customers for which the Parent provides investment management services.

### 2. Summary of significant accounting policies

#### *Basis of Presentation*

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

#### *Revenue Recognition*

Servicing fee income is recognized under terms outlined in a contract with the Parent and are recorded when related expenses are incurred.

#### *Property and Equipment*

Property and equipment is stated at cost less accumulated depreciation and amortization. The Company provides for depreciation and amortization on the straight-line method as follows:

<b>Asset</b>	<b>Useful Life</b>
Furniture and fixtures	5 years
Office equipment	3 years
Leasehold improvements	Term of lease

#### *Income Taxes*

The Company follows an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax asset and liabilities are computed for difference between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

The determination of the Company's provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items and the probability of sustaining uncertain tax positions. The benefits of uncertain tax positions are recorded in the Company's financial statements only after determining a more-likely than-not probability that the uncertain tax positions will withstand challenge, if any, from

## NOTES TO FINANCIAL STATEMENTS

---

### 2. Summary of significant accounting policies (continued)

#### *Income Taxes (continued)*

tax authorities. When facts and circumstances change, the Company reassesses these probabilities and records any changes in the financial statements as appropriate. Accrued interest and penalties related to income tax matters are classified as a component of income tax expense. At September 30, 2014, management has determined that the Company had no uncertain tax positions that would require financial statement recognition.

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce net assets. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. Management's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

The company files its income tax returns in the U.S. federal and various state and local jurisdictions. Generally, the Company is no longer subject to income tax examinations by major taxing authorities for years before 2011. Any potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, state and local tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

### 3. Related party transactions

Under a servicing agreement, the Parent pays a fee to the Company for services to certain customers of the Parent equal to approximately 105% of the expenses attributable to such activities, excluding income taxes. Due from Parent on the Statement of Financial Condition includes amounts due to the Company pursuant to the servicing agreement.

## NOTES TO FINANCIAL STATEMENTS

---

### 4. Property and equipment

Details of property and equipment at September 30, 2014 are as follows:

Furniture and fixtures	\$ 86,307
Office equipment	96,482
Leasehold improvements	11,125
	<hr/>
	193,914
Less Accumulated depreciation and amortization	(186,928)
	<hr/>
	<u>\$ 6,986</u>

### 5. Leasehold deposit

The Company is obligated under a lease expiring on November 30, 2015. In connection with this lease, the Company has given the lessor a letter of credit that is collateralized by a deposit account with the company's bankers and will remain in place until the end of the lease. Since January 2013 the security deposit remained at approximately \$100,000.

### 6. Concentrations

The Company maintains significantly all of its cash, including the cash that collateralizes the letter of credit given to the lessor, in one financial institution. The Company has not experienced any loss in this account and believes it is not subject to any significant credit risk.

The revenue that the Company receives under the servicing agreement represents substantially all of the Company's revenue. In addition, the amount due from the Company's Parent represents a significant portion of the Company's assets.

## NOTES TO FINANCIAL STATEMENTS

---

### 7. Commitments

The Company leases its facility under a non-cancelable lease which expires November 30, 2015. The lease provides for escalations based on certain increases in costs incurred by the lessor.

Aggregate future minimum annual rental payments in the years subsequent to September 30, 2014 are as follows

Year ending September 30, 2015	\$ 224,000
Thereafter	<u>36,000</u>
	<u>\$ 260,000</u>

### 8. Employee benefit plan

The Company maintains a retirement plan (the "Plan"), pursuant to Section 401(k) of the Internal Revenue Code, for eligible participants to make voluntary contributions of a portion of their annual compensation, on a deferred basis, subject to limitations provided by the Internal Revenue Code. The Company makes a contribution of 7% to the Plan and may make a matching contribution at the discretion of the Board of Directors. At September 30, 2014, the Company incurred expenses related to the Plan in the amount of approximately \$23,000.

### 9. Net capital requirements

The Company, as a member of FINRA, is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At September 30, 2014, the Company's net capital was \$211,755, which was \$206,755 in excess of its minimum requirement of \$5,000.

### 10. Exemption from Rule 15c3-3

Under its membership agreement with FINRA, the company is considered to be exempt from SEC Rule 15c3-3 under paragraph (k)(2)(i) of that rule and therefore is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers" as the Company does not handle customer cash or securities.

## NOTES TO FINANCIAL STATEMENTS

---

### 11. Off-balance sheet risk

The accounting standard for guarantor's accounting and disclosure requirements for guarantees, including indirect guarantees of indebtedness of others requires the disclosure of representations and warranties which the Company enters into which may provide general indemnifications to others. The Company in its normal course of business may enter into legal contracts that contain a variety of these representations and warranties which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown as this would involve future claims that may be against the Company that have not yet occurred. However, based on its experience, the Company expects the risk of loss to be remote. The Company currently is not obligated under any guarantee agreements.
