REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

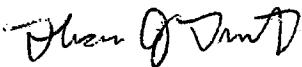

To the Board of Directors and Shareholders
Bodell Overcash Anderson & Co, Inc.

We have audited the accompanying financial statements of Bodell Overcash Anderson, & Co, Inc. (a New York State corporation), which comprise the statement of financial condition as of September 30, 2014, and the related statements of operations, changes in shareholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Bodell Overcash Anderson, & Co., Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Bodell Overcash Anderson & Co, Inc. as of September 30, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The schedules of selling, general, and administrative expenses and schedule of other expenses have been subjected to audit procedures performed in conjunction with the audit of Bodell Overcash Anderson & Co, Inc's financial statements. The supplemental information is the responsibility of Bodell Overcash Anderson & Co., Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

1. THE COMPANY

The Company earns commissions from the buying and selling of financial instruments for client's accounts and in providing Registered Investment Advisory Services. The Company was founded in Jamestown, NY in 1970 and has offices in Jamestown, Fredonia, and Lockport, NY.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Company reports its operations on the accrual basis of accounting which recognizes revenues when earned and expenses when incurred. Customers' securities transactions are recorded on the settlement date, with related commissions income and expense recorded on the trade date.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash – For the purposes of reporting cash flows and amounts in the Statement of Financial Condition, the Company defines cash as cash on hand and demand deposits. Cash equivalents are reported as securities owned at fair value in the Statement of Financial Condition.

Segregated Cash - Cash is segregated in a special reserve bank account for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission. At the balance sheet date, cash in the amount of \$10,190 has been segregated in this account.

Commissions Receivable – The Company has commission receivable that arise from the buying and selling of financial instruments for its clients in the amount of \$38,983 as of September 30, 2014. Management estimates that the entire balance is collectible, and, as such, no reserve for uncollectible commissions has been established.

Investments – Investments are valued at quoted market values. The resulting difference between cost and market is treated as unrealized gain or loss at year end. All investments were sold during the year, and, as such, there were no unrealized gains or losses. Realized gains of \$3,494 were included in operations during the year.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investments (Cont.) - FASB ASC 940-320-45-7 states that broker-dealers should report trading securities activities in the operating activities in the statement of cash flows. Trading activities are recorded as such in these financial statements.

Subsequent Events - The Company has evaluated for subsequent events through the date of the registered independent accountant's report, which is the date the financial statements were made available to be issued.

Property, Equipment and Depreciation - Property and equipment are stated at cost. When retired or otherwise disposed of, the related cost and accumulated depreciation are cleared from the respective accounts and the net difference, less any amount realized from the disposition, is reflected in the Statement of Operations.

Depreciation is computed using straight-line and declining balance methods over the following estimated useful lives:

Computers & Equipment	5-10 years
Leasehold Improvements	39 years

Income Taxes - The Company is organized as a "C" Corporation, and pays Federal and New York State income taxes on its income based on rates currently in effect. The Company adopted the provisions of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 740-10 pertaining to accounting for uncertainty in income taxes. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest and penalties assessed to the Company would be recorded in operating expenses. No such items have been recorded in 2014. Management is not aware of any uncertain tax positions requiring measurement or disclosure in these financial statements.

Advertising Costs - The Company expenses all advertising and marketing expenses as incurred. Advertising and marketing expenses for the year ended September 30, 2014 were \$3,932.

3. FAIR VALUE

The fair value of the Company's financial instruments is determined by using available market information and appropriate valuation methodologies. The Company's principal financial instruments are cash, accounts receivable, accounts payable, common stock and preferred stock. At September 30, 2014, cash, accounts receivable, and accounts payable, due to their short maturities, and liquidity, are carried at amounts which reasonably approximate fair value.

BODELL OVERCASH ANDERSON & CO., INC
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

3. FAIR VALUE (CONT'D)

The Company measures the fair value of its financial instruments using the procedures set forth below for all assets and liabilities that fall in the scope of this accounting guidance.

Under FASB ASC 820 (Prior authoritative literature: SFAS No. 157, "Fair Value Measurements"), fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

FASB ASC 820 establishes a three-level hierarchy for disclosure to show the extent and level of judgment used to estimate fair value measurements.

Level 1 — Uses unadjusted quoted prices that are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 — Uses inputs, other than Level 1, that are either directly or indirectly observable as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data. Instruments in this category include non-exchange-traded derivatives, including interest rate swaps.

Level 3 — Uses inputs that are unobservable and are supported by little or no market activity and reflect the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

The Company considers all assets as of September 30, 2014 to be Level 1 assets.

4. PROPERTY AND EQUIPMENT

Property and equipment consists of the following at September 30, 2014

Computers and Equipment	\$ 41,849
Leasehold Improvements	<u>5,544</u>
	47,393
Less: Accumulated depreciation	<u>(43,429)</u>
	<u>\$ 3,964</u>

BODELL OVERCASH ANDERSON & CO., INC
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

At September 30, 2014, the Company had net capital of \$73,849 which was \$23,849 in excess of its required net capital of \$ 50,000 and a ratio aggregate indebtedness to net capital of 1.38 to 1.

BODELL OVERCASH ANDERSON & CO., INC
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

9. OPERATING LEASES (CONTINUED)

Rent expense under the premises leases and equipment leases for the year ended September 30, 2014 was \$43,959.

Minimum annual rentals due under these operating leases are as follows for the year ending:

<u>September 30</u>	<u>Amount</u>
2015	\$ 35,559
2016	35,559
2017	8,255
2018	-0-
2019	-0-

10. LITIGATION

During 2014, three arbitration proceedings were filed against the Company by clients. In addition, the Company received one complaint which was settled without going to arbitration or litigation. The arbitrations and complaint assert that the Company and a broker recommended unsuitable investments and the company was negligent in its supervisory capacity.

The Company has concluded or is completing proceedings in two of the three arbitrations and has settled the complaint, and has agreed to or can reasonably estimate settlements amounting to a combined total of approximately \$57,400. This entire amount has been included in operations for the year.

The company and a registered representative is currently defending itself in the last of the four arbitration actions. This action asserts the Company was responsible for losses to a client due to unsuitable investment choices. The Company believes this action is meritless, and intends to vigorously defend itself in this matter. As this matter is currently in the discovery stage, it is too early to determine the probability of liability, or to estimate any additional exposure amount. Therefore, no liability has been recorded in these financial statements.

11. CONCENTRATION OF CREDIT RISK

The Company's financial instruments that are exposed to concentrations of credit risk consist primarily of commissions receivable, which are due from its clearing broker that arise from the buying and selling of financial instruments. These commissions receivable are normally received within thirty days of the transaction. The Company has not experienced any losses and believes it is not exposed to any significant credit risk with respect to its commission's receivable.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANT'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17A-5(g)(1)
FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15C3-3

To the Board of Directors and Shareholders
Bodell Overcash Anderson & Co., Inc.

In planning and performing our audit of the financial statements of Bodell Overcash Anderson & Co., (Company) as of and for the year ended September 30, 2014 in accordance with auditing standards of the Public Company Accounting Oversight Board (United States), we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute,

assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and the transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

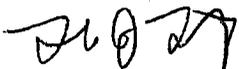

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities and firm assets we consider to be material weaknesses or significant deficiencies, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2014 to meet the SEC's objectives.

This report is intended solely for the information and use of the shareholders, management, the SEC, the Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments on Form SIPC-7 with respective cash disbursement records, noting no differences;
2. Compared the total revenue amount reported on the audited Form X-17A-5 for the year ended September 30, 2014 with the total revenue amount reported on Form SIPC-7 for the year ended September 30, 2014 noting no difference;

4. Proved the arithmetical accuracy of the calculations reflected on Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct, an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion.
