## INDEPENDENT AUDITOR'S REPORT

To the Stockholders of  
Gordon, Haskett Capital Corporation

We have audited the accompanying statement of financial condition of Gordon, Haskett Capital Corporation (the Company), as of March 31, 2014, and the related notes to the financial statement.

### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Gordon, Haskett Capital Corporation as of March 31, 2014, in accordance with the accounting principles generally accepted in the United States of America.

**NOTES TO FINANCIAL STATEMENT**  
**MARCH 31, 2014**

**Note 1 - Nature of Business and Summary of Significant Accounting Policies**

**Nature of Business**

Gordon, Haskett Capital Corporation (the “Company”) is a Delaware corporation formed for the purpose of conducting business as a broker-dealer in securities. The Company is registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”) and the Securities Investor Protection Corporation (“SIPC”). The Company, like other securities industry entities, is affected by economic and political conditions.

The Company operates under the exemptive provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934, and clears all transactions on behalf of customers on a fully-disclosed basis with a clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer. The primary sources of revenues consist of commissions.

**Basis of Presentation**

The accompanying financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash and cash equivalents include short-term money market funds and highly-liquid debt instruments purchased with an original maturity of three months or less when purchased.

**Income Taxes**

The Company has elected, by unanimous consent of its stockholders, to be taxed under the provisions of subchapter “S” of the Internal Revenue Code and reports its taxable income on a cash basis for each calendar year. Under those provisions, the Company does not provide for federal and state corporate income taxes on its taxable income. Instead, the stockholders are liable for individual federal and state income taxes on their respective shares of the Company’s taxable income. . However, the Company is subject to New York City corporate taxes. At March 31, 2014, the Company has New York City net operating loss carryforwards of approximately \$5,400,000 expiring in 2023 through 2031, giving rise to a deferred tax asset of \$478,000 offset by a contra valuation allowance in the same amount.

The Company recognizes the tax benefits of uncertain tax positions only where the positions are “more likely than not” to be sustained assuming examination by tax authorities and determined to be attributed to the Company. The determination of attribution, if any, applies for each jurisdiction where the Company is subject to income taxes on the basis of tax laws and regulations of the jurisdiction. The application of tax laws and regulations is subject to legal and factual interpretation, judgment and uncertainty. Tax laws and regulations themselves are subject to change as a result of changes in fiscal

policy, changes in legislation, the evolution of regulations and court rulings. Therefore, the actual liability of the various jurisdictions may be materially different from management's estimate which is zero as of March 31, 2014.

Management has analyzed the Company's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded for related tax positions taken on returns filed for open years 2010-2012, or expected to be taken in year 2013 tax returns. The Company identifies its major tax jurisdictions as U.S. Federal, New York State and New York City where the Company operates. The Company is not aware of any tax positions for which is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months. The Company will recognize interest and penalties accrued on any unrecognized tax benefits as a component of other expenses. As of March 31, 2014, the Company has no accrued interest or penalties related to uncertain tax positions.

**Furniture and Equipment**

Furniture and equipment consists of computers, furniture and fixtures which are recorded at cost and depreciated over their useful lives of five years. Maintenance and repairs are charged to operations. Major renewals and improvements are capitalized.

**Note 2 - Furniture and Equipment**

The components of furniture and equipment are as follows:

Office equipment	\$ 186,492
Furniture and fixtures	<u>41,269</u>
	227,761
Less: Accumulated depreciation	<u>(202,367)</u>
	<u>\$ 25,394</u>

**Note 3 - Net Capital Requirement**

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2014, the Company had net capital of \$665,597 which exceeded the requirement of \$50,000 by \$615,597. The Company's net capital ratio was 0.18 to 1.

**Note 4 - Financial Instruments with Off-Balance-Sheet Credit Risk**

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The Company introduces these transactions for clearance to another broker-dealer on a fully-disclosed basis.

**NOTES TO FINANCIAL STATEMENT**  
**MARCH 31, 2014**

**Note 4 - Financial Instruments with Off-Balance-Sheet Credit Risk (Continued)**

The Company's exposure to credit risk associated with nonperformance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's original contracted amount. The agreement between the Company and its clearing broker-dealer provides that the Company is obligated to assume any exposure related to such nonperformance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker-dealer's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker-dealer on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

In the normal course of business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specific potential losses in connection with their acting as an agent of, or providing services to, the Company. The Company also indemnifies some clients against potential losses incurred in the event specific third-party service providers, including sub custodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company maintains its cash and cash equivalents at various financial institutions which, at times, may exceed the Federal Deposit Insurance Corporation insurance limits of \$250,000 per entity per institution. The Company has not experienced any losses on such accounts.

**Note 5 – Related Party Transactions**

The Company leases office space from a related entity that is wholly owned by a 50% stockholder of the Company, on a month-to-month basis.

As of March 31, 2014, the Company owes \$2,578 to a certain related party under common ownership.

**Note 6 – Employee Benefit Plans – 401(k) Plan**

The Company sponsors a non-contributory 401(k) Plan for its employees. This Plan provides for tax-deferred salary deductions for employees meeting certain minimum age and service requirements.

**Note 7 - Subsequent Events**

Subsequent events have been evaluated through May 29, 2014, the date of issuance, and management has determined that no subsequent events occurred that would require adjustment to or disclosure in the financial statements or accompanying notes.
