INDEPENDENT AUDITORS' REPORT

To the Member of
Focus Securities LLC

Report on the Financial Statements

We have audited the accompanying financial statements of Focus Securities LLC (a limited liability company) (the "Company"), which comprise the statement of financial condition as of December 31, 2013, and the related statements of operations, changes in member's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in pages 11 through 12 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in pages 11 through 12 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in pages 11 through 12 is fairly stated in all material respects in relation to the financial statements as a whole.

FOCUS SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note A

Summary of Significant Accounting Policies

Nature of Operations:

FOCUS SECURITIES LLC (the "Company"), was formed as a limited liability company in Georgia, in March 2009. The Company is a wholly-owned subsidiary of FOCUS, LLC (the "Sole Member") and is a registered broker-dealer under the Securities Exchange Act of 1934, and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company provides merger and acquisition advisory services to domestic and international companies and assists its clients in analyzing capitalization alternatives and arranging private placements of debt, equity and equity-related securities.

The Company does not maintain customer accounts.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk Arising From Cash Deposits in Excess of Insured Limits:

The Company maintains cash balances at one financial institution that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant risks on cash.

Revenue Recognition:

Commissions revenue includes fees earned from providing merger and acquisition and other advisory services to clients. Revenue is recognized when earned, which generally occurs as continuing services are performed, or upon consummation of a transaction.

Compensation and Benefits:

Compensation and benefits in the statement of operations includes \$578,002 of commissions paid to registered representatives of the Company during the year ended December 31, 2013.

Summary of Significant Accounting Policies (Continued)

Securities Owned:

Securities owned represents an investment in marketable equity securities and are classified as trading securities. The decision to classify the investment as trading securities was made by the Company at the time of acquisition. Accordingly, these securities are reported at fair value with the realized and unrealized gains or losses reported net as a component of revenue. Trading securities include securities that are bought and held principally for the purpose of selling them in the near term. The Company uses the first in, first out method to determine the cost of securities sold.

Securities owned are reported or disclosed at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the Company's principal market for such transactions. If the Company has not established a principal market for such transactions, fair value is determined based on the most advantageous market.

Valuation inputs used to determine fair value are arranged in a hierarchy that categorizes the inputs into three broad levels, which are as follows:

- Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are directly or indirectly observable valuation inputs for the asset or liability, excluding Level 1 inputs.
- Level 3 inputs are unobservable inputs for the asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. The fair value of securities owned is determined using quoted prices in an active market, which are categorized as Level 1 inputs in the fair value hierarchy.

Income Taxes:

The Company is a single member limited liability company. The Company is a disregarded entity for tax purposes and does not file tax returns or pay income taxes. All income and losses are passed through to the Sole Member to be included on the Sole Member's tax return.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a tax return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

Fair Value of Financial Instruments:

The Company's financial instruments, including cash, accounts receivable, other assets, accounts payable and accrued liabilities and amount due to member are carried at cost, which approximates their fair value because of the short term nature of these assets and liabilities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL UNDER SEC RULE 17A-5(g)(1)

To the Member of
Focus Securities, LLC

In planning and performing our audit of the financial statements of Focus Securities, LLC (the "Company") as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- 2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL UNDER SEC RULE 17A-5(g)(1)
(CONTINUED)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the sole member, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested, or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noted below, noting no differences;

<u>Payee</u>	<u>Date</u>	<u>Amount</u>
Securities Investor Protection Corp.	July 17, 2013	\$ 375
Securities Investor Protection Corp.	January 22, 2014	<u>1,807</u>
Total		<u>\$ 2,182</u>

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the Rollforward of Investments excel spreadsheet that calculates the net losses from principal transactions in securities in trading accounts supporting the adjustments, noting no differences; and
5. Read the current assessment, noting there was no overpayment applied.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of any opinion on compliance. Accordingly, we do not express such an opinion.
