**LIBERUM CAPITAL INC.**  
**AGREED UPON PROCEDURES**  
**DECEMBER 31, 2013**

**Independent Accountant's Report on Applying Agreed-Upon Procedures Related to an Entity's  
SIPC Assessment Reconciliation**

To the Stockholder  
Liberum Capital Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (General Assessment Reconciliation (Form SIPC-7)) to the Securities Investor Protection Corporation ("SIPC") for the year ended December 31, 2013, which were agreed to by Liberum Capital Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Liberum Capital Inc. compliance with the applicable instructions of the General Assessment reconciliation (Form SIPC-7). Liberum Capital Inc.'s management is responsible for Liberum Capital Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries (copy of disbursement) noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

## **Independent Auditors' Report**

To the Stockholder  
Liberum Capital Inc.

### **Report on the Financial Statements**

We have audited the accompanying statement of financial condition of Liberum Capital Inc. (the Company) as of December 31, 2013, and the related statements of income, changes in stockholder's equity, changes in subordinated borrowings, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Liberum Capital Inc. as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2013**

---

***Note 1 - Organization and Nature of Operations***

Liberum Capital Inc. (the "Company"), a New York corporation organized in February 2008, is a wholly owned subsidiary of Liberum Capital Limited (the "Parent"). The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company received its FINRA approval for membership on January 23, 2009. The Company provides sales and marketing services to the Parent and engages in a general securities business with institutional investors.

***Note 2 - Summary of Significant Accounting Policies***

***Revenue Recognition*** – The Company provides sales and marketing services to the Parent. The fee for services is calculated based on direct and certain indirect costs incurred plus fifteen percent (15%).

***Clearing Transactions*** - The Company transmits all transactions through a clearing broker who maintains the customers' accounts.

***Property and Equipment*** - Property and equipment are carried at cost. When assets are sold or retired, the cost and related accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is reflected in income for the period. The cost of maintenance and repairs is charged to expense as incurred.

Depreciation is computed on the straight-line basis over the assets' useful lives.

***Advertising*** – The Company expenses the cost of advertising and promotions as incurred.

***Income Taxes and Deferred Taxes*** – The Company has elected to be taxed as a C-corporation pursuant to the Internal Revenue Code and applicable state laws. The Company accounts for income taxes in accordance with FASB ASC 740, *Income Taxes*, which requires the recognition of deferred income taxes for differences between the basis of assets and liabilities for financial statement and income tax purposes. The differences relate principally to stock-based compensation, depreciation and amortization of fixed assets, and cash basis tax reporting versus accrual basis reporting. Deferred tax assets and liabilities represent the future tax consequence for those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled. If it is more likely than not that some portion or all of a deferred tax asset will not be realized, a valuation allowance is recognized.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

---

### *Note 2 - Summary of Significant Accounting Policies (continued)*

***Uncertain Tax Positions*** – The Company is required to recognize, measure, classify, and disclose in the financial statements uncertain tax positions taken or expected to be taken in the Company's tax returns. Management has determined that the Company does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Company's tax returns will not be challenged by the taxing authorities and that the Company will not be subject to additional tax, penalties, and interest as a result of such challenge. Generally, the Company's tax returns remain open for three years for income tax examination.

***Foreign Currency Translation*** - Assets and liabilities that are translated use exchange rates in effect at the balance sheet date and revenues and expenses that have occurred throughout the current fiscal year are converted at a weighted-average rate of exchange for the entire year. Resulting translation adjustments are recorded directly in accumulated other comprehensive income which is a separate component of stockholder's equity.

***Share-based Compensation*** – The Company recognizes compensation expense for share awards granted to employees in accordance with the fair value recognition provisions of FASB ASC 718, *Compensation – Stock Compensation*, at their estimated fair market value on the date of the grant.

***Compensated Absences*** - Employees are entitled to paid vacations, sick days and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and accordingly, no liability has been recorded in the accompanying financial statements. It is the Company's policy to recognize the cost of compensated absence when actually paid.

***Statement of Cash Flows*** – For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid assets, with original maturities of less than three months that are not held for sale in the ordinary course of business.

***Use of Estimates*** - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Subsequent Events*** – Management has reviewed and evaluated all events and transactions from December 31, 2013 (balance sheet date) through February 25, 2014, the date that the financial statements are available for issuance. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the balance sheet date have been recognized in the accompanying financial statements.

***Note 3 - Property and Equipment***

Property and equipment at December 31, 2013, consisted of the following:

Furniture and fixtures	\$	114,292
Equipment		243,421
Leasehold Improvements		<u>162,602</u>
		520,315
Accumulated depreciation		<u>(511,753)</u>
	\$	<u>8,562</u>

***Note 4 - Operating Lease***

The Company occupies office space under a lease agreement that expires in October 2018. The lease agreement requires annual rent increases of 103% of the prior year's annual rent on November 1 for the term of the lease agreement. Aggregated future minimum annual rental payments under the lease agreement are as follows:

2014	\$	227,331
2015		234,151
2016		241,175
2017		248,411
2018		<u>212,158</u>
Total		<u>\$1,163,226</u>

Rent expense for the year ended December 31, 2013 amounted to \$278,775.

***Note 5 - Investment - Parent***

The Parent has adopted stock-based compensation plans that eligible employees of the Company may participate in (See Note 14). When an employee of the Company is awarded shares under the plans, the Company records a contribution to additional paid-in capital, and a corresponding investment in parent for the fair market value of the Parent's shares on the date of the award. As compensation expense is recognized in accordance with FASB ASC 718, *Compensation - Stock Compensation*, the investment in parent is reduced accordingly.

*Note 7 - Related Party Transactions*

At December 31, 2013 the Company has a receivable from the Parent totaling \$1,600,202. There are no repayment terms associated with this transaction.

During April 2009, the Company entered into a service agreement with the Parent. During February 2012, the Company and the Parent amended the service agreement with an effective date of January 1, 2010. Under the amended service agreement, the Company will provide sales and marketing services to the Parent. The fee earned by the Company for sales and marketing services is to be calculated based on direct and certain indirect costs incurred by the Company plus fifteen percent (15%). For the year ended December 31, 2013, the fees earned by the Company from the Parent for these services amounted to \$5,759,702.

*Note 8 – Comprehensive Income*

During 2009, the Company was required to make a deposit with its clearing broker. The deposit amount was 350,000 British Pound. This asset was translated into U.S. dollars using the exchange rate as of the balance sheet date. For the year ended December 31, 2013, the Company did not have a foreign currency translation adjustment.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

---

### *Note 9 – Capital*

During 2010, the Company amended its Certificate of Incorporation as filed with the New York State Department of State, Division of Corporation, to provide that the Company shall be entitled to issue 10,000 shares, consisting of 1,000 shares of common stock with no par value and 9,000 shares of preferred stock with no par value. The total of 9,000 shares of preferred stock shall be designated as a series known as Series A Preferred Stock.

The holders of Common Stock shall be entitled to receive dividends out of the funds legally available therefore at 2% above LIBOR at such times and in such amounts. At December 31, 2013 the six-month LIBOR was .3467%.

Upon liquidation, dissolution or winding up of the Company, each holder of each outstanding share of Series A Preferred Stock shall be entitled to be paid out of the assets of the Company available for distribution, whether such assets are capital, surplus or earnings before any amount shall be paid or distributed to the holders of the Common Stock or any other series or class of capital stock of the Company ranking on liquidation junior to the Series A Preferred Stock, an amount per share equal to any declared but unpaid dividends to which such holder of Series A Preferred Stock is then entitled.

### *Note 10 – Net Capital Requirement*

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2013, the Company had net capital of \$464,273, which was \$364,273 in excess of its required net capital of \$100,000. The Company's ratio of aggregate indebtedness to net capital was 1.12 to 1.00.

### *Note 11 – Indemnifications*

In normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connections with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly execute transactions.

The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach

*Note 11 – Indemnifications (continued)*

of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications

*Note 12 - Cash Segregated under Federal and other Regulations*

The Company is not required to maintain a special reserve bank account for the protection of customers as required by Rule 15c3-3 of the Securities and Exchange Commission under Section K(2)ii of the rule.

*Note 13 - Concentration of Credit Risk and Other Financial Information*

Cash held by financial institutions which exceed the Federal deposit Insurance Corporation ("FDIC") limits expose the Company to concentrations of credit risk. Balances throughout the year usually exceed the maximum coverage by the FDIC on insured depositor accounts. At December 31, 2013, the Company did not have any uninsured cash balances.

Supplemental Disclosure of Cash Flow Information

Cash paid during the year for:

Taxes	\$ 636,687
-------	------------

*Note 14 – Share Plans and Stock-Based Compensation*

The Parent has adopted an Ordinary Share Scheme and a Growth Share Plan (the "Plans") for eligible employees as defined in the Plans. The shares of the Parent are awarded at a price that approximates the estimated fair value of the shares at the date of grant as determined in accordance with the Plans. The shares awarded vest under various provisions, not to exceed 5 years. For the year ended December 31, 2013, the Company recorded compensation expense under the Plans of \$257,578.

**Independent Auditors' Supplementary Report on  
Internal Control Required by SEC Rule 17a-5**

To the Stockholder  
Liberum Capital Inc.

In planning and performing our audit of the financial statements of Liberum Capital Inc. (the "Company") as of and for the year ended December 31, 2013 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC) we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of difference required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projections of any evaluation of them to future periods are subject to the risk that may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be used by anyone other than these specified parties.
