REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Members
Spectrum Capital, LLC
Omaha, Nebraska

We have audited the accompanying statement of financial condition of Spectrum Capital, LLC, an Iowa Limited Liability Corporation, as of December 31, 2013, and the related statements of operations, changes in members' equity, statement of changes in liabilities subordinated to claims of general creditors and changes in financial position for the year then ended that are filed pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Spectrum Capital, LLC as of December 31, 2013, and the results of its operations and its changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, III, and IV has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II, III, and IV is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

NOTE A – ORGANIZATION AND BUSINESS

On January 26, 2011 the Company entered into a sale agreement with SagePoint Financial (see Note I). Spectrum Capital, Inc. (the Company) was an introducing broker-dealer with the Financial Industry Regulatory Authority (FINRA). The Company was engaged in the sale of mutual funds, stocks, bonds, variable annuities and variable universal life insurances. The Company executed and cleared trades through an unaffiliated brokerage firm on a fully disclosed basis. After the sale the Company earns revenue by wholesaling variable annuities, variable life products and fixed insurance. It also earns commissions for a period of 60 months from the date of closing for products sold by the registered representatives that are affiliated with the new entity, Spectrum SagePoint Group.

Effective May 3, 2013 the Company converted to a limited liability company from a S corporation. The Company was a wholly owned subsidiary of Premier Financial, Inc. until May 3, 2013 when majority interest was purchased by Barney & Barney, LLC.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Company is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, who are responsible for their integrity and objectivity.

Basis of Accounting

The Company prepares its financial statements on the accrual basis using generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company earns commissions for wholesaling variable annuities and variable life products and fixed insurance. It also earns commissions for a period of 60 months from the date of closing for products sold by the registered representatives that were affiliated with the new entity, Spectrum SagePoint Group. This commission revenue is recognized when earned.

Furniture and Equipment

All furniture and equipment are stated at cost. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the related assets. When furniture and equipment are

retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and any resulting gain or loss on disposition is reflected in operations. Repairs and maintenance are expensed as incurred; expenditure for additions, improvements and replacements are capitalized. There was no depreciation expense for the year ended December 31, 2013.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Company had no cash equivalents at December 31, 2013.

Income Taxes

The Company elected to be taxed as a partnership for federal and state income tax purposes. The Company's taxable income or losses, as well as certain other tax attributes, are passed through directly to the Company's members and are reported in each member's individual income tax return. Consequently, these financial statements do not include any provision for federal or state income tax expense.

Certain transactions of the Company may be subject to accounting methods for income tax purposes that differ significantly from the accounting methods used in preparing the financial statements in the accordance with generally accepted accounting principles. Accordingly, the taxable income of the Company reported for income tax purposes may differ from net income in these financial statements.

The Company has adopted the provisions of FASB ASC 740-10, "Accounting for Uncertain Tax Positions". The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. Management does not expect the interpretation will have a material impact (if any) on its results from operations or financial position.

No interest or penalties have been accrued for the year ended December 31, 2012. The federal and state income tax returns of the Company for 2012, 2011, 2010 are subject to examination by the IRS and The State of Nebraska generally for 3 years after they are filed.

Commission receivable and other receivables

All receivables have been adjusted for all known uncollectible accounts. No allowance for bad debts is considered necessary at year end.

Compensated Absences

Full-time year round employees are entitled to paid vacations depending on the length of services and other factors. Accrued vacation pay at December 31, 2013 was deemed immaterial and not accrued.

**REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM ON INTERNAL CONTROL**

GORACKE & ASSOCIATES, P.C.
Certified Public Accountants

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING
FIRM ON INTERNAL CONTROL

To the Board of Members
Spectrum Capital, LLC
Omaha, Nebraska

In planning and performing our audit of the financial statements of Spectrum Capital, LLC (the Company) as of and for the year ended December 31, 2013 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those objectives of internal control and the practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations of internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projections of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the company's financial reporting.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs of this report and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We consider the following deficiency in the Company's internal control to be a significant deficiency.

Segregation of Duties

At present the Company does not have enough employees to fully segregate duties.
Segregation of duties is a critical feature in any internal control structure.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and the practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is intended to be and should not be used by anyone other than these specified parties.

To the Board of Members
Spectrum Capital, LLC
Omaha, Nebraska

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2013, which were agreed to by Spectrum Capital, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you in evaluating Spectrum Capital, LLC's compliance with the applicable instructions of the Assessment Reconciliation of Form SIPC-7. Spectrum Capital, LLC's management is responsible for the Spectrum Capital, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
