INDEPENDENT AUDITORS' REPORT

To StoneCastle Securities, LLC.

We have audited the accompanying statement of financial condition of StoneCastle Securities, LLC. (the "Company") as of December 31, 2013 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of financial condition, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of financial condition.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of StoneCastle Securities, LLC as of December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

The length of the agreements are between 6 months and 4 years. Payments are pursuant to the terms of each agreement and are expensed as incurred.

9. Recent Regulatory Developments

In July 2013, the U.S. Securities and Exchange Commission ("SEC") adopted amendments to its broker-dealer reports rules, which will now require, among other things, that audits of all SEC-registered broker-dealers be conducted under Public Company Accounting Oversight Board ("PCAOB") standards for fiscal years ending on or after June 1, 2014, effectively replacing the American Institute of Certified Public Accountants with the PCAOB as the auditing standard-setter for auditors of broker-dealers, and replacing Generally Accepted Auditing Standards with PCAOB standards for broker-dealers that are subject to audit. Broker-dealers will be required to file either compliance reports or exemption reports, as applicable, and file reports of independent public accountants covering compliance reports or exemption reports (prepared in accordance with the PCAOB standards). Additionally, effective December 31, 2013, if a broker-dealer is a SIPC member firm, broker-dealer audited financial statements will also be required to be submitted to SIPC, and broker-dealers will be required to file a new quarterly Form Custody.

In addition, SEC adopted amendments to various financial responsibility rules. For a broker-dealer such as the Company, these amendments were mostly technical in nature and effectively ratified various interpretive and no-action positions taken by SEC staff over many years or which conformed to existing practices or self-regulatory organization rules.

Management has evaluated the implications of the amendments to the broker-dealer reports and the financial responsibility rules and does not expect that the adoption of the amendments will have a material impact on the Company or its financial statements.
