BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

1. Summary of Significant Accounting Policies

Nature of Operations

BFP Securities, LLC (the "Company"), is a limited liability company formed in 2000 under the laws of the State of Delaware. The Company is a wholly-owned subsidiary of Benefit Finance Partners, LLC ("Benefit Finance Partners"). The Company is registered with the Securities and Exchange Commission (the "SEC") as a broker-dealer distributing public and private variable insurance contracts. The Company is a member of the Financial Industry Regulatory Authority and operates under the exemptive provisions of SEC Rule 15c3-3(k)(1). The latest date upon which the Company is to dissolve is December 31, 2050.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the provisions of Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates in Financial Statements

The preparation of the Company's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of certain assets and liabilities at the date of the financial statements and the reported amounts of certain revenues and expenses during the reporting period. Actual results could differ from those estimates.

BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

Fair Value Measurements

The Company adopted FASB ASC 820, "Fair Value Measurements", which defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value investments. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach. The guidance establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. Level 1 inputs consist of unadjusted quoted prices in active markets for identical instruments and have the highest priority. Level 2 inputs include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or inputs other than quoted prices that are directly or indirectly observable. Level 3 inputs are unobservable and are given the lowest priority. Carrying amounts of certain financial instruments such as cash and cash equivalents, receivables and accounts payable approximate fair value due to their short maturities or because the terms are similar to market terms.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less at the time of purchase to be cash equivalents.

Restricted Cash

The Company has set aside \$1,100,000 in cash to satisfy distributions payable.

Wholesaler Compensation Receivable

Wholesaler compensation receivables are uncollateralized customer obligations due under normal trade terms.

The Company provides an allowance for doubtful accounts equal to the estimated losses that will be incurred in the collection of accounts receivable, if any. When necessary, this estimate is based on historical experience coupled with a review of the current status of existing receivables. The allowance and associated receivables are reduced when the receivables are determined to be uncollectable. Currently, the Company considers accounts receivable to be fully collectable.

BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

Concentration of Credit Risk

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and receivables. The Company maintains its cash primarily with two financial institutions. Deposits at these banks are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At December 31, 2013, there were cash balances of \$1,100,772 in excess of federally insured limits at these banks. The Company performs ongoing credit evaluations of its customers and maintains allowances, as needed, for potential credit losses. Although the Company is directly affected by the financial stability of its customer base, management does not believe significant credit risk exists at December 31, 2013.

Revenue Recognition

Wholesaler compensation is calculated based on the investment value of separate account assets of the variable insurance contracts sold by retail broker-dealers pursuant to a selling group agreement between the Company and such broker-dealer who maintains the relationship with the ultimate buyer.

Certain wholesaler compensation earned by the Company is remitted by the payor to an affiliate, and the expense related to such items is recorded as placement costs.

Underwriting fees and administrative oversight revenues are derived and recognized over the term of the underlying agreements.

Placement Costs

The Company incurs placement costs pursuant to agreements with an affiliate. The Company recognizes such costs as incurred.

Commission Expense

Commissions are incurred and paid to retail broker-dealers related to the sale of variable insurance contracts.

The Company capitalizes and amortizes most commissions incurred on a straight-line basis over a seven-year period, rather than fully expensing the commissions as paid to retail broker-dealers. The amortization period is consistent with the typical charge-back period contained in selling agreements that the Company has with its retail broker-dealers. Commissions, which are not capitalized, are expensed as incurred.

BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

Income Taxes

The Company is formed as a single-member limited liability company and as such, its operations are included in Benefit Finance Partners' tax returns. Earnings are included in the personal tax returns of the members. Accordingly, the financial statements do not include a provision for income taxes.

The Company is required to evaluate tax positions taken (or expected to be taken) in the course of preparing the Company's tax returns and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Company has analyzed the tax positions taken and has concluded that as of December 31, 2013, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

If applicable, the Company recognizes interest and penalties related to unrecognized tax liabilities in the statement of income.

Management is required to analyze all open tax years, as defined by the Statute of Limitations, for all major jurisdictions, including federal and certain state taxing authorities. The Company is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations by taxing authorities for years before 2010. As of and for the year ended December 31, 2013, the Company did not have a liability for any unrecognized taxes. The Company has no examinations in progress and is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax liabilities will significantly change in the next twelve months.

2. Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to regulatory net capital, both as defined, shall not exceed 15 to 1. At December 31, 2013, the Company had net capital of \$314,950, which was \$240,371 in excess of its required net capital of \$74,579. The Company's net capital ratio was 3.55193 to 1.

3. Related Party Transactions

The Company and Benefit Finance Securities, LLC ("BFS"), a wholly-owned subsidiary of Bancorp Services, LLC ("Bancorp"), a 50 percent member of Benefit Finance Partners, are related by common ownership. The Company and Zurich Insurance Company ("Zurich") are related due to Zurich Benefit Finance, a 50 percent member of Benefit Finance Partners, being an affiliate of Zurich.

BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

For the year ended December 31, 2013, the Company paid commissions to BFS of \$230,398.

For the year ended December 31, 2013, wholesaler compensation from Zurich totaled \$3,523,994.

For the year ended December 31, 2013, underwriting fees from Zurich totaled \$42,000.

For the year ended December 31, 2013, administrative oversight fees from Zurich totaled \$13,000.

For the year ended December 31, 2013, placement costs to Zurich totaled \$1,615,177.

At December 31, 2013 the Company's receivables included \$11,234 due from Zurich.

At December 31, 2013 the Company's receivables included \$3,269 due from BFS.

Sales commissions, plan administrative fees, and other advances may be due to and receivable from BFS and BFP. The Company had \$17,679 due to BFS at December 31, 2013.

Benefit Finance Partners pays certain indirect expenses and/or obligations on behalf of the Company and, pursuant to an Occupancy and Services Agreement, charges the Company a management fee of \$10,000 per month for these costs. Expenses under the agreement totaled \$120,000 for the year ended December 31, 2013. Management believes this is an appropriate charge for such expenses. Management periodically analyzes the indirect expenses and, if necessary, modifies the monthly charge.

4. Risks and Uncertainties

Changes to the Internal Revenue Code and other factors may affect the demand for variable insurance contracts. A large part of the Company's customer base consists of companies in the banking industry. Economic difficulties by customers could lead to the surrender of existing insurance contracts and the resulting recognition of surrender charges. It is not currently possible for the Company to determine the likelihood or potential impact of the above uncertainties.

Revenue from two customers were approximately 100 percent of the Company's revenue for the year ended December 31, 2013. Receivables from one of these customers was approximately 96 percent of the Company's receivables at December 31, 2013.

BFP Securities, LLC
Notes to Financial Statements
December 31, 2013

5. Subsequent Events

The Company has evaluated subsequent events through February 20, 2014, the date the financial statements were available to be issued. It was concluded there were no events or transactions occurring during this period that required recognition or disclosure in the financial statements.

| Minimum net capital required (6 2/3% of total aggregate indebtedness) | <u>\$ 74,579</u> |
| Minimum dollar net capital requirement | <u>\$ 5,000</u> |
| Minimum capital requirement (greater of above) | <u>\$ 74,579</u> |
| Excess net capital | <u>\$ 240,371</u> |
| Net capital less greater of 10% of aggregated indebtedness or 120% of minimum capital requirement | <u>\$ 203,082</u> |
| Ratio of Aggregate Indebtedness to Net Capital | <u>3.55193 to 1</u> |

There are no differences between the audited Computation of Net Capital above and the Company's corresponding computation in the unaudited Part IIA FOCUS Report.

BFP Securities, LLC
Exemptive Provision Under Rule 15c3-3
Schedule 2
December 31, 2013

An exemption from Rule 15c3-3 is claimed as the broker-dealer does not hold customer funds or securities. All accounts are on a fully disclosed basis.

Therefore the schedules of "Computation for Determination of Reserve Requirements Under Rule 15c3-3" and "Information Relating to Possession or Control Requirements Under Rule 15c3-3" are not applicable.

Independent Auditors' Supplementary Report on Internal Control

Member
BFP Securities, LLC
St. Louis, Missouri

In planning and performing our audit of the financial statements of BFP Securities, LLC (the "Company") as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- 2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report

Member
BFP Securities, LLC
St. Louis, Missouri

We have audited the accompanying financial statements of BFP Securities, LLC (a Delaware limited liability company), which comprise the statement of financial condition as of December 31, 2013, and the related statements of income, changes in member's equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BFP Securities, LLC as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules 1 and 2 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules 1 and 2 is fairly stated in all material respects in relation to the financial statements as a whole.

Anders Minkler Heber & Helms LLP

February 20, 2014
