**1. Organization**

N.B. Zoullas Securities, Inc. (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company operates as an introducing broker under a clearance agreement with another broker-dealer (clearing broker), which assumes and maintains the accounts of the Company's customers. The Company transacts its business with customers located worldwide.

**2. Summary of Significant Accounting Policies**

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Property and Equipment**

Property and equipment is stated at cost less accumulated depreciation and amortization.

**Income Taxes**

The Company has elected to be treated as an S Corporation under the appropriate provisions of the Internal Revenue Code. Accordingly, the Company is not subject to federal income tax. In addition, the Company has elected S Corporation status for New York State tax purposes and, accordingly, the Company pays New York State tax at the minimum rate. New York City, however, does not recognize S Corporation status, and the Company is, therefore, taxed at regular corporate tax rates.

The Company has adopted the authoritative guidance issued, as it pertains to accounting for uncertainty in income taxes. This standard prescribes a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken by the Company. As of December 31, 2013, the Company determined that it had no uncertain tax positions which affected its financial position and its results of operations or its cash flows and will continue to evaluate for uncertain tax positions in the future. The Company is no longer subject to federal, state, and local income tax examinations by tax authorities for years before December 31, 2010.

**Cash and Cash Equivalents**

The Company considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

**3. Deposits with Clearing Broker**

The Company clears its proprietary and customer transactions through a clearing broker on a fully disclosed basis. The Company's clearing agreement with its clearing broker requires that a minimum balance of \$300,000 be maintained on deposit with the clearing broker. The deposits at the clearing broker consist of cash and cash equivalents.

**4. Commitments**

The Company is obligated under a non-cancellable operating lease, for its office premises, which expires on November 30, 2017. The lease commitment is collateralized by an \$81,932 letter of credit in favor of the landlord, which is secured by a certificate of deposit account and is recorded as restricted cash in the statement of financial condition.

Future minimum annual rental payments are as follows:

<u>Year ending</u> <u>December 31,</u>	
2014	\$ 180,731
2015	184,748
2016	184,748
2017	<u>169,352</u>
	<u>\$ 719,579</u>

**5. Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. In accordance with the rule, the Company is required to maintain defined minimum net capital equal to the greater of either \$5,000 or 1/15 of aggregate indebtedness.

At December 31, 2013, the Company had net capital, as defined, of \$6,866,579, which exceeded the required minimum net capital of \$9,323 by \$6,857,256. Aggregate indebtedness at December 31, 2013 totaled \$139,842. The ratio of aggregate indebtedness to net capital was .02 to 1.

**6. 401(k) Plan**

The Company sponsors a defined contribution plan under Section 401(k) of the Internal Revenue Code. The plan covers all employees who have attained age 21 and provides for participants to defer salary amounts up to statutory limits. The Company makes a discretionary matching contribution based on the salary deferrals contributed by each participant.

The Company also sponsors a defined contribution profit sharing plan covering all of the Company's employees who have attained age 21. The contribution, which is at management's discretion, is determined annually.

**7. Off-Balance Sheet Risk and Concentration of Credit Risk**

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and securities on deposit at its bank and clearing broker. The accounts at its bank and clearing broker contain cash and cash equivalents. The Company maintains cash at a bank in excess of Federal Deposit Insurance Corporation ("FDIC") insured limits and is exposed to the credit risk resulting from this concentration. Balances at its bank are generally insured by the FDIC up to \$250,000. Balances at its clearing broker are insured up to \$500,000, with a limit of \$250,000 for cash, by the Securities Investor Protection Corporation ("SIPC"). Net equity positions at the clearing broker in excess of SIPC limits are protected by additional coverage maintained by the clearing broker.

In the normal course of business, the Company's customer activities involve the execution, settlement and financing of various securities transactions. These activities may expose the Company to off-balance-sheet credit risk in the event the customer or other party is unable to fulfill its contractual obligations.

The Company, as introducing broker, clears all transactions with and for customers on a fully disclosed basis with the clearing broker, and promptly transmits all customer funds and securities to the clearing broker, who carries all of the accounts of such customers. The Company does not maintain margin accounts for its customers and, therefore, there are no excess margin securities. However, the Company may be liable for chargebacks on introduced customer accounts carried by the clearing broker. In addition, the Company may be exposed to off-balance-sheet risk in the event the clearing broker is unable to fulfill its contractual obligations. At December 31, 2013, the Company has determined that potential liabilities, if any, are not material.

**8. Subsequent Events**

The Company has evaluated subsequent events through February 25, 2014, the date the financial statements were issued.
