Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholder
Inland Securities Corporation:

We have audited the accompanying financial statements of Inland Securities Corporation (wholly owned by Inland Real Estate Investment Corporation), which comprise the statement of financial condition as of December 31, 2013, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended, that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of Inland Securities Corporation as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, and III has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II, and III is fairly stated in all material respects in relation to the financial statements as a whole.

INLAND SECURITIES CORPORATION
(Wholly Owned by Inland Real Estate Investment Corp.)

Notes to Financial Statements

December 31, 2013

(1) General Information and Summary of Significant Accounting Policies

Inland Securities Corporation (the Company) is registered as a broker and dealer in securities under the Securities Exchange Act of 1934. Inland Real Estate Investment Corp. (IREIC), as the sole stockholder, is committed to funding cash flow needs of the Company in the normal course of business. The Inland Group, Inc. (Inland) is the ultimate parent.

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP). The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual amounts could subsequently differ from such estimates.

A description of significant accounting policies is as follows:

(a) Commissions

In connection with the marketing of investment programs, commissions are based upon a percentage of a third-party investment in the related interest. For financial reporting and income tax purposes, these commissions are earned and the related expense is incurred at the time the third-party investment is accepted by the offering party.

(b) Cash and Cash Equivalents

For purposes of reporting cash flows, the Company considers all investments with an original maturity of three months or less to be a cash equivalent.

(c) Income Taxes

The Company is included in the consolidated federal and combined unitary state income tax returns of Inland.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(2) Net Capital Requirements

Pursuant to the Securities and Exchange Commission Uniform Net Capital Rule, the Company is required to maintain minimum net capital and maintain an allowable ratio of aggregate indebtedness to net capital as defined under this rule. At December 31, 2013, the Company had net capital and minimum net capital requirements of \$2,292,531 and \$108,620, respectively. At December 31, 2013, the Company's ratio of aggregate indebtedness to net capital was approximately 0.71 to 1.

INLAND SECURITIES CORPORATION
(Wholly Owned by Inland Real Estate Investment Corp.)

Notes to Financial Statements

December 31, 2013

(3) Related-Party Transactions

Commission income of \$26,331,545 was derived from the sale of interests in investment programs in which IREIC's wholly owned subsidiaries are the advisor or asset manager. As of December 31, 2013, accounts receivable related to this income amounted to \$252,413.

The Company is charged direct costs for specific legal, payroll processing, information technology services, and certain other administrative services performed by administrative departments of Inland. Such amounts totaled approximately \$230,186 for the year ended December 31, 2013. As of December 31, 2013, accounts payable related to these direct costs amounted to \$1,578. In addition, the Company paid rent to IREIC of approximately \$28,329 for the year ended December 31, 2013. In the opinion of management, the aforementioned administrative costs and rent are believed to be reasonable; however, it is not necessarily indicative of the expense the Company may have incurred on its own account.

(4) Income Taxes

The Company is party to a tax-sharing agreement between Inland and IREIC, which provides that income tax expense or benefit be reflected on a separate company basis. The Company recorded a \$2,997,431 income tax benefit for the year ended December 31, 2013. In addition to the \$542,019 remaining balance of the excess tax payment made by IREIC for the year ended December 31, 2012, the Company received a \$2,200,000 payment from IREIC representing payment by IREIC of \$2,742,019 of available tax benefits with the remainder not paid recorded as current income tax receivable as of December 31, 2013. The income tax benefit for the year ended December 31, 2013 was computed by applying an estimated combined tax rate of 41.18% to pretax income. Income tax expense from operations for the years ended December 31, 2013 and 2012 differs from "expected" tax expense (computed by applying the U.S. federal income tax rate of 35% for the years ended December 31, 2013 and 2012, to pretax income) principally due to the effect of state and local income taxes (net of federal benefit).

**Report of Independent Registered Public Accounting Firm
on Internal Control Pursuant to Securities and Exchange Commission Rule 17a-5**

The Board of Directors
Inland Securities Corporation:

In planning and performing our audit of the financial statements of Inland Securities Corporation (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13, and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Report of Independent Registered Public Accounting Firm on Applying Agreed-Upon Procedures Pursuant to SEC Rule 17a-5(e)(4)

The Board of Directors
Inland Securities Corporation:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (General Assessment Reconciliation (Form SIPC-7)) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2013, which were agreed to by Inland Securities Corporation (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and specified parties of report, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
