INDEPENDENT AUDITORS' REPORT

Member
Allstate Distributors, L.L.C.
Northbrook, Illinois

We have audited the accompanying financial statements of Allstate Distributors, LLC (the "Company") (ultimately a wholly owned subsidiary of The Allstate Corporation), which comprise the statement of financial condition as of December 31, 2013, and the related statements of operations and member's equity and of cash flows for the year then ended, and the related notes to the financial statements, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Allstate Distributors, L.L.C. as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Schedules

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules g and h listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. These schedules are the responsibility of the Company's management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such schedules have been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such schedules directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such schedules are fairly stated in all material respects in relation to the financial statements as a whole.

ALLSTATE DISTRIBUTORS, L.L.C.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013

1. GENERAL

Basis of presentation — The accompanying financial statements include the accounts of Allstate Distributors, L.L.C. (the “Company”), a limited liability company wholly owned by Allstate Life Insurance Company (“Allstate Life”). Allstate Life is a wholly owned subsidiary of Allstate Insurance Company (“Allstate”), a wholly owned subsidiary of Allstate Insurance Holdings LLC (“Allstate Holdings”), a wholly owned subsidiary of The Allstate Corporation (the “Corporation”). These financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of estimates — The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Nature of operations — The Company, a Delaware limited liability company, is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”).

The Company serves as principal underwriter for individual and group flexible premium deferred annuity contracts (“contracts”) issued by Allstate Life and certain of its subsidiaries (the “issuers”). These contracts are sold by registered representatives of an affiliated broker-dealer who are licensed insurance agents appointed by these issuers and have entered into a selling agreement with the Company to sell the contracts. The Company underwrites certain SEC-registered variable annuity, variable life, and variable universal life contracts which are issued by Allstate Life or one of its affiliates (collectively, the “Affiliates”) and contracts with affiliated and unaffiliated broker-dealers to sell these contracts. The Company also distributes certain insurance products issued by Allstate Life, which are exempt from registration with the SEC, but are required to be sold by persons appropriately registered with FINRA. Further, the Company employs wholesalers who promote the sale of the contracts being underwritten by the Company as well as single and flexible premium fixed annuity contracts and universal life contracts of the issuers. The Company charges fees to the issuers in exact proportion to expenses incurred in the execution of the selling agreements and wholesaling activities. Expenses incurred by the Company are reimbursed through these fees.

Subsequent events – Subsequent events were evaluated through February 27, 2014, the date the financial statements were issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fee income - Fee income reflects amounts charged to Allstate Life and its subsidiaries in connection with the sales and underwriting services provided by the Company. Fee income is earned in the period that the corresponding reimbursable expenses are incurred. A receivable is established for fees charged but not yet collected.

Underwriting revenues - Underwriting revenues reflect distribution fees due from Allstate Life for variable annuity contracts underwritten by the Company. A receivable is established for fees earned but not yet collected.

Expenses - Expenses consist of salaries and employee benefits and general and administrative expenses. Expenses are accrued as incurred. Expenses incurred in carrying out the Company's duties and responsibilities in its role as principal underwriter for contracts issued by Allstate Life and certain of its subsidiaries are fully reimbursed through fee income.

Regulatory fees and other expenses - Regulatory fees and other expenses are expensed as incurred and reflect FINRA licensing fees, advertising costs, state filing fees and other costs incurred in the normal course of business. A payable is established for expenses incurred but not yet paid.

Wholesaling and marketing expense - Wholesaling and marketing expenses are expensed as incurred and reflect amounts due to an unaffiliated third party for wholesaling and marketing support provided to an affiliated broker-dealer for variable annuity contracts underwritten by the Company. A payable is established for expenses incurred but not yet paid.

Income taxes - The income tax provision is calculated under the liability method. Deferred tax assets and liabilities are recorded based upon the difference between the financial statement and tax bases of assets and liabilities at the enacted tax rates.

The Company had no differences between the financial statement and tax bases of assets and liabilities as of December 31, 2013.

Cash and cash equivalents - Cash equivalents include highly liquid investments in money market funds with original maturities of less than ninety days. Money market funds are carried at fair value, which is equal to the net asset value of the funds.

3. FAIR VALUE OF ASSETS AND LIABILITIES

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy for inputs used in determining fair value maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Assets recorded on the Statement of Financial Condition at fair value as of December 31, 2013 consists of money market funds included as a component of cash and cash equivalents and are categorized in the fair value hierarchy based on the observability of inputs to the valuation techniques as follows:

Level 1: Assets whose values are based on unadjusted quoted prices for identical assets in an active market that the Company can access.

Level 2: Assets whose values are based on the following:

- a. Quoted prices for similar assets in active markets;
- b. Quoted prices for identical or similar assets in markets that are not active; or
- c. Valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset.

Level 3: Assets whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Unobservable inputs reflect the Company's estimates of the assumptions that market participants would use in valuing the assets.

During the reporting period, all money market funds consist of shares of actively traded mutual funds totaling \$814,225 that have daily quoted net asset values for identical assets that the Company can access and are categorized as Level 1. The net asset values are received monthly from the third party custodial financial institution.

The fair value of all other assets and liabilities approximates their carrying value as they are short-term in nature.

4. NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the SEC Uniform Net Capital Rule 15c3-1 (the "Rule"), which requires the maintenance of minimum net capital, as defined under the Rule, equivalent to the greater of \$5,000 or 6-2/3% of aggregate indebtedness, as defined under the Rule.

As of December 31, 2013, the Company had net capital, as defined under the Rule, of \$781,335 which was \$776,335 in excess of required net capital of \$5,000. The Company's aggregate indebtedness, as defined under the Rule, was 6.83% of its net capital.

5. INCOME TAXES

As a limited liability company, the Company's 2013 income will be reported on the income tax return of Allstate Life as the Company's sole member. Allstate Life will join the Corporation and its other eligible domestic subsidiaries (the "Allstate Group") in the filing of a consolidated federal income tax return and is a party to a federal income tax allocation agreement (the "Tax Sharing Agreement"). Under the Tax Sharing Agreement, the Company will settle its share of Allstate Life's 2013 tax liability or benefit with Allstate Life. Effectively, this results in the Company's annual income tax provision being computed, with adjustments, as if the Company filed a separate return.

The Internal Revenue Service ("IRS") is currently examining the Allstate Group's 2011 and 2012 federal income tax returns. The IRS has completed its examination of the Allstate Group's federal income tax returns for 2009 and 2010 and the case is under consideration at the IRS Appeals Office. The IRS has also completed its examination of the Allstate Group's federal income tax returns for 2005 through 2008 and a final settlement for those years has been approved by the Joint Committee on Taxation. The Allstate Group's tax years prior to 2005 have been examined by the IRS and the statute of limitations has expired on those years. Any adjustments that may result from IRS examinations of tax returns are not expected to have a material effect on the results of operations, cash flows or financial position of the Company.

The Company had no liability for unrecognized tax benefits as of December 31, 2013 and believes that it is reasonably possible that the liability balance will not significantly increase within the next 12 months. No amounts have been accrued for interest or penalties.

The Company paid income taxes of \$32 in 2013. The statutory federal income tax rate of 35% is the same as the effective rate on income from operations in 2013.

6. RELATED-PARTY TRANSACTIONS

Certain affiliates of the Corporation ("service providers") provide services and administrative activities for the Company. The Company also utilizes business facilities and equipment owned or leased and operated by the service providers in conducting its business activities. The Company reimburses the service providers for costs incurred in providing these services. The cost to the Company is determined by various allocation methods and is primarily related to the level of services provided. In 2013, the total costs allocated to the Company for these services totaled \$13,187,098.

The Company receives fee income from the contract issuers for which the Company serves as a wholesaler. The fee income is based on the expenses incurred in conducting the wholesaling activities. During 2013, the Company earned fee income of \$13,173,141. As of December 31, 2013, amounts due from the contract issuers totaled \$898,863.

The Company earned underwriting revenue of \$258,173 for underwriting services provided to Allstate Life. As of December 31, 2013, \$14,032 is due from Allstate Life for distribution fees earned.

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17A-5

February 27, 2014

To the Member of
Allstate Distributors, L.L.C.
3000 Sanders Road
Northbrook, Illinois

In planning and performing our audit of the financial statements of Allstate Distributors, L.L.C. (the "Company") (ultimately a wholly owned subsidiary of The Allstate Corporation) as of and for the year ended December 31, 2013 (on which we issued our report dated February 27, 2014 and such report expressed an unmodified opinion on those financial statements), in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934, and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Yours truly,

Deloitte & Touche LLP
