Independent Auditor's Report

To the Stockholder of Arvest Investments, Inc.

We have audited the accompanying financial statements of Arvest Investments, Inc. (the "Company"), which comprise the statement of financial condition as of December 31, 2013, and the related statements of operations, of changes in stockholder's equity, and of cashflows for the year then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company at December 31, 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental information contained in schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Arvest Investments, Inc.
(A wholly-owned subsidiary of Arvest Bank)
Notes to Financial Statements
December 31, 2013

1. Organization and Nature of Business

Arvest Investments, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority, Inc. The Company is an Arkansas corporation that is a wholly-owned subsidiary of Arvest Bank, a wholly-owned indirect subsidiary of Arvest Bank Group, Inc. ("ABG"). The Company primarily acts as an introducing broker-dealer offering a wide range of investment security products to retail customers of Arvest Bank.

The Company executes all of its customers' transactions, on a fully-disclosed basis, through unaffiliated clearing broker-dealers, which carry the accounts and securities of the Company's customers.

2. Summary of Significant Accounting Policies

The significant accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America and prevailing practices within the broker-dealer industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that management make estimates and assumptions which impact the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

The following is a summary of the more significant accounting policies of the Company:

Income Recognition

Commission revenues and mutual fund fees are recorded by the Company on a trade date basis as security transactions occur. Commission revenues are recorded at the amount charged to the customer which, in many cases, may include varying discounts to standard rates. Annuity commissions are recognized when the signed contract and premium are submitted to the annuity carrier.

Commissions include certain asset-based fees. These include mutual fund and annuity trailing commissions. These revenues are recorded ratably over the period earned.

Income Taxes

The Company's operations are included in the consolidated federal and state income tax returns of ABG. Since the Company generates no taxable income or significant permanent or temporary differences, no income tax provision has been recorded.

Cash and Cash Equivalents

The Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Statement of Changes in Subordinated Liabilities

The financial statements of the Company do not include a statement of changes in liabilities subordinated to the claims of general creditors as required under Rule 17a-5 of the SEC since no such liabilities existed at December 31, 2013 or during the year then ended.

Arvest Investments, Inc.
(A wholly-owned subsidiary of Arvest Bank)
Notes to Financial Statements
December 31, 2013

3. Receivables From Broker-Dealers

Amounts from broker-dealers at December 31, 2013 consisted of fees and commissions from the Company's clearing brokers.

4. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital and establishes a maximum ratio of aggregate indebtedness to net capital, both as defined. At December 31, 2013, the Company had net capital of \$5,063,794 which was \$4,813,794 in excess of its required net capital of \$250,000, and a ratio of aggregate indebtedness to net capital of .63 to 1, which was less than the maximum allowable ratio of 15 to 1.

The Company claims exemption from SEC Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(2)(ii) of the Rule.

5. Notes Receivable

Notes receivable consist of loans to registered representatives with maturities ranging from two to five years. The company makes loans to registered representatives as a part of its hiring process. A portion of the loan is forgiven each year (typically over five years), if certain performance levels are met. Reserves have not been established on these loans as substantially all of the outstanding note balances are collateralized by fund balances in brokerage accounts.

6. Transactions with Arvest Bank

The Company is the exclusive provider of retail brokerage services for Arvest Bank and primarily derives its revenues from these services. Most of the Company's registered representatives are located in banking locations of Arvest Bank and, therefore, Arvest Bank customers have ready access to the registered representatives. In connection with this relationship, the Company is a party to an agreement with Arvest Bank under which all of the Company's revenues, net of the direct expenses incurred in connection with the generation of the revenues, plus an allocation of all of the Company's other expenses are allocated to Arvest Bank. As a result, the Company reports no net income after such allocation, and therefore reports no retained earnings.

The Company rents office space and equipment and purchases support services, including all personnel services, from Arvest Bank. Total expenses incurred for the above activities for the year ended December 31, 2013 amounted to \$27,319,953. The amount payable to Arvest Bank at December 31, 2013 of \$380,612 represents unpaid balances relating to these expenses. Stated financial results may differ if these transactions were conducted with other external parties.

Arvest Bank may, from time to time, provide the Company with capital contributions in order to maintain minimum net capital requirements. During the year ended December 31, 2013, there were no such contributions of capital. The Company also maintained cash on deposit with Arvest Bank at December 31, 2013 totaling \$52,788.

7. Commitments and Contingent Liabilities

In the normal course of business, the Company may become subject to litigation or claims. The Company is not aware of any litigation or claims against the Company which would materially affect its financial condition or results of operations.

Arvest Investments, Inc.
(A wholly-owned subsidiary of Arvest Bank)
Notes to Financial Statements
December 31, 2013

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's clearing brokers extend credit to the Company's customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the clearing brokers clear customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. In the event the customer fails to satisfy its obligations, the clearing broker may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations. Any associated loss incurred by the clearing brokers may be reimbursed by the Company in accordance with the clearing agreements between the clearing brokers and the Company. The Company seeks to control the risks associated with these activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requires the customer to deposit additional collateral or to reduce positions, when necessary.

As the right to charge the Company has no maximum amount and may apply to all trades executed through the clearing broker-dealers, the Company believes there is no maximum amount assignable to this right. At December 31, 2013, the Company had recorded no liabilities with regard to this right. The Company has not historically incurred any material losses arising from these activities and does not anticipate future losses, if any, to have a material impact on the financial statements.

In addition, the Company has the right to pursue collection or performance from the counterparties who do not perform under their contractual obligations. The Company monitors the credit standing of the clearing brokers and all counterparties with which it conducts business.

8. Fair Value Measurements

The Company records trading securities at fair value. Fair value is a market-based measurement and is defined as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. A fair value hierarchy for disclosure of fair value measurements is used to maximize the use of observable inputs, that is, inputs that reflect the assumption market participants would use in pricing an asset or liability based on market data obtained from sources independent of the reporting entity. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets. The types of instruments valued based on quoted market prices in active markets include active listed equities, if any, and money market securities. The Company held no Level 1 assets at December 31, 2013.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. The types of instruments that valued based on quoted prices for similar assets with reasonable levels of price transparency include state and municipal obligations. At December 31, 2013, the Company held no municipal obligations.

Arvest Investments, Inc.
(A wholly-owned subsidiary of Arvest Bank)
Notes to Financial Statements
December 31, 2013

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Company held no Level 3 assets during the year ended December 31, 2013.

The following table presents the assets and liabilities that are measured at fair value on a recurring basis at December 31, 2013 for each of the fair value hierarchy levels:

Financial Assets and Liabilities at Fair Value as of December 31, 2013					
	Level 1	Level 2	Level 3	Total	Gains/ (Losses)
Assets	\$ -	\$ -	\$ -	\$ -	-
Total financial assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The Company held no financial instruments measured at fair value on a nonrecurring basis as of December 31, 2013.

9. Subsequent Events

The Company has evaluated subsequent events and has determined there are none requiring disclosure through February 26, 2014, which is the date the financial statements were issued.

No material differences existed between the above information and the information included in the Company's unaudited FOCUS report as of December 31, 2013.

**Report of Independent Auditors on Internal Control Required
By SEC Rule 17a-5(g)(1)**

To the Board of Directors of Arvest Bank Group, Inc. and
Stockholder of Arvest Investments, Inc.:

In planning and performing our audit of the financial statements of Arvest Investments, Inc. (the "Company") as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11)
2. Determining compliance with the exemptive provisions of Rule 15c3-3
3. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first, second and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second and third paragraphs of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second and third paragraphs of this report, were adequate at December 31, 2013 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors of Arvest Bank Group, Inc. and
Shareholder of Arvest Investments, Inc.

In accordance with Rule 17a-5(e)(4) of the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of the Securities Investor Protection Corporation (SIPC) of Arvest Investments, Inc. for the year ended December 31, 2013, which were agreed to by Arvest Investments, Inc., the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the Securities Investor Protection Corporation (collectively, the "specified parties") solely to assist the specified parties in evaluating Arvest Investments, Inc.'s compliance with the applicable instructions of Form SIPC-7 during the year ended December 31, 2013. Management is responsible for Arvest Investments, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments on page 1, items 2B and 2F of Form SIPC-7 with the respective cash disbursement records entries, as follows: Payments dated July 24, 2013 in the amount of \$6,955, compared to wire transfer number 108447413 obtained from Calvin Jarrett, Financial and Operations Principal. No differences were noted.
2. Compared the Total Revenue amount reported on page 3 of the audited Form X-17A-5 for the year ended December 31, 2013 to the Total revenue amount of \$27,961,863 reported on page 2, item 2a of Form SIPC-7 for the year ended December 31, 2013. No differences were noted.
3. Compared any adjustments reported on page 2, items 2b and 2c of Form SIPC-7 with the supporting schedules and working papers, as follows:
 - a. Compared deductions on line 2, revenues from the distributions of shares of registered open end investment company or unit investment trust, from the sale of variance annuities, from the business of insurance, from investment advisory services rendered to registered investment companies or insurance company separate accounts, and from transaction in security futures contracts of \$22,574,939 to supporting schedules and working papers provided by Calvin Jarrett, Financial and Operational Principal. No differences were noted.
 - b. Compare deductions on line 2, commissions, floor brokerage and clearance paid to other SIPC members in connection with securities transactions of \$596,568 to supporting schedules and working papers provided by Calvin Jarrett, Financial and Operational Principal. No differences were noted.

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers obtained in procedure 3, as follows:
 - a. Recalculated the mathematical accuracy of the SIPC Net Operating Revenues on page 2, line 2d and the General Assessment @ .0025 on page 2, line 2e of \$4,788,129 and \$11,970, respectively of the Form SIPC-7. No difference was noted.
5. Compared the amount of any overpayment applied to the current assessment on page 1, item 2C of Form SIPC-7 with page 1, item 2H of the Form SIPC-7T filed for the prior period ended December 31, 2012 on which it was originally computed of \$0. No difference was noted.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the Company's preparation of Form SIPC-7 in accordance with the applicable instructions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management and the board of directors of Arvest Investments, Inc., the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the Securities Investor Protection Corporation and is not intended to be and should not be used by anyone other than these specified parties.
