Independent Auditor's Report

To the Board of Directors and Stockholder
Cheval Capital, Inc.:

We have audited the accompanying financial statements of Cheval Capital, Inc. (the Company), which comprise the statement of financial condition as of December 31, 2013, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Buck, Sturmer & Co., P.C.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cheval Capital, Inc. as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in the Schedules on pages 10 through 12 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in the Schedules on pages 10 through 12 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in the Schedules on pages 10 through 12 is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

Cheval Capital, Inc.

Notes to Financial Statements

December 31, 2013

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Cheval Capital, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a Virginia corporation incorporated on July 12, 1996.

The Company provides investment banking services to corporate clients. Such services include providing financial advice in mergers and acquisitions and acting as a placement agent in private equity and debt offerings and other areas.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Fee Income

Fee income is recorded as earned, with billed but not paid amounts reflected as accounts receivable and amounts received but not yet earned reflected as deferred fee income.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

Concentration of Risk

The Company had revenue from two major customers that represented approximately 53% of total revenue for the year ended December 31, 2013.

Fair Value of Financial Instruments

The Company's financial instruments are cash and cash equivalents, accounts receivable and accounts payable. The recorded values of cash and cash equivalents, accounts receivable and accounts payable approximate their fair value based on their short term nature.

Accounts Receivable

The Company considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is considered necessary. Management periodically reviews accounts receivable and if amounts are considered uncollectible they are charge to bad debt expense.

Property and Equipment

Property and equipment are carried at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets (primarily five years). When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any gain or loss is recognized currently. The cost of maintenance and repairs is charged to expense as incurred, whereas renewals and betterments are capitalized.

Cheval Capital, Inc.

Notes to Financial Statements

December 31, 2013

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment, at cost, consist of the following at December 31, 2013:

Furniture and fixtures	\$ 27,533
Office equipment	5,684
Leasehold improvements	<u>10,020</u>
	34,237
Less: accumulated depreciation	<u>(39,852)</u>
	<u>\$ 3,385</u>

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the applicable exchange also provides that equity may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2013, the Company had net capital of \$206,014, which was \$201,014 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was 0.27 to 1.00.

NOTE 5 - PENSION PLAN

The Company maintains a defined contribution profit sharing pension plan for all employees meeting minimum eligibility requirements. A discretionary contribution of \$42,784 was made for the year ended December 31, 2013.

NOTE 6 - LEASE COMMITMENT

On March 9, 2012 the Company entered into a lease amendment agreement to extend the original office space lease through March 31, 2014. The lease provides in part for the payment of contingent rentals based upon the escalation of real estate taxes and certain operating expenses. Rent expense was \$63,088 for the year ended December 31, 2013.

Cheval Capital, Inc.

Notes to Financial Statements

December 31, 2013

NOTE 7 - INCOME TAXES

The Company has elected, with the consent of its stockholder, to be taxed as an "S" Corporation under Internal Revenue Code Section 1362(a). An "S" Corporation does not generally pay income tax but, instead, its stockholder is taxed on the Company's income. Therefore, these statements do not include any provision for federal or state income taxes.

The Company files income tax returns in the U.S. federal and Commonwealth of Virginia jurisdictions which are generally subject to examination by taxing authorities for a period of three years from the date they are filed. The Company is no longer subject to examinations for years before 2010. There is no current examination or adjustment proposed by the Internal Revenue Service or any other jurisdiction.

There are no positions for which it is reasonably possible that the total amount of unrecognized tax benefits will significantly increase or decrease within 12 months of the reporting date.

NOTE 8 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through February 26, 2014, the date which the financial statements were available to be issued.

**Independent Auditor's Report on Internal Control Required by
SEC Rule 17a-5(g)(1) for a Broker-Dealer Claiming an Exemption from SEC Rule 15c3-3**

To the Board of Directors
Cheval Capital, Inc.:

In planning and performing our audit of the financial statements of Cheval Capital, Inc. (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to

Buck, Sturmer & Co., P.C.

achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) list additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities and certain regulated commodity customer and firm assets that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for their purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority (FINRA) and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
