INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Kinetics Funds Distributor LLC

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Kinetics Funds Distributor LLC as of December 31, 2013, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of Kinetics Funds Distributor LLC as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

KINETICS FUNDS DISTRIBUTOR LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2013

Note A – Organization and Significant Accounting Policies

Nature of Business

Kinetics Funds Distributor LLC, (the "Company") is a registered broker-dealer under the Securities Exchange Act of 1934. The Company acts as a broker (agent) in the distribution of shares of the Kinetics Portfolio Trust series of funds and does not receive or hold funds of subscribers or securities of issuers. The Company also acts as a private placement agent for the Kinetics Portfolio Trust and receives an annual fee for such services.

Investments

Marketable securities are considered available for sale and consist of NASDAQ common stock and various mutual funds, which are carried at fair market value.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingencies in the financial statements. Actual results could differ from the estimates included in the financial statements

Cash and Cash Equivalents

Cash and cash equivalents include investments with three months or less to maturity at the date of purchase.

Income Taxes

In May 2011, the Company became a wholly-owned subsidiary of Horizon Kinetics LLC. Any change as the result of an examination by the IRS or the State of New York after 2011 would not have an impact at the entity level.

As defined by Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740, Income Taxes, no provision or liability for materially uncertain tax positions was deemed necessary by management. Therefore, no provision or liability for uncertain tax positions has been included in these financial statements.

The Company's tax returns, for the years ending 2010 – 2011, remain open for examination by federal and state taxing authorities.

Fair Value Measurements

The Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement and Disclosure defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The three levels of the fair value hierarchy under ASC Topic 820-10-35 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

**KINETICS FUNDS DISTRIBUTOR LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2013**

Note A – Organization and Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are significant to the fair value measurement and unobservable

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

At December 31, 2013, the Company has classified all of its securities owned at fair market value at Level 1 for ASC Topic 820 Fair Value Measurement purposes.

Subsequent Events

Subsequent events were evaluated through February 21, 2014 which is the date the financial statements were available to be issued.

Note B – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2013 the Company had net capital of \$1,169,462, which was \$1,144,462 in excess of its required net capital of \$25,000. The Company's net capital ratio was 0.07 to 1.

Note C – Related Party Transactions

Affiliated loans(due to/from) are non-interest bearing account balances.

Note D - Commitments

In the course of business, the Company may maintain cash balances in excess of amounts insured by the Federal Deposit Insurance Corporation and Securities Investor Protection Corporation. Cash balances at risk as of December 31, 2013 were \$620,757.

Note E - Investments

At December 31, 2013, the Company owned 3,000 shares of NASDAQ common stock with a fair market value of \$119,400 and a cost of \$39,000. The total unrealized gain with respect to these securities at December 31, 2013 was \$80,400. The Company also owned shares of various mutual funds with a fair market value of \$42,302 and a cost of \$30,200. The total unrealized gain with respect to these securities at December 31, 2013 was \$12,102.

Kinetics Funds Distributor LLC

Dear Sirs:

In planning and performing our audit of the financial statements of Kinetics Funds Distributor LLC (the "Company"), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. However, we identified the following deficiencies in internal control that we consider to be material weaknesses, as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures performed in our audit of the financial statements of Kinetics Funds Distributor LLC as of and for the year ended December 31, 2013, and this report does not affect our report thereon dated February 21, 2014.

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those control policies and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the preceding paragraph were adequate at December 31, 2013 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
