## Report of Independent Registered Public Accounting Firm

To the Members  
Q Advisors LLC  
Denver, Colorado

We have audited the accompanying financial statements of Q Advisors LLC, which comprise the statement of financial condition as of December 31, 2013, and the related statements of income, changes in subordinated borrowings, changes in members' capital and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Q Advisors LLC as of December 31, 2013, and the results of its operations and its

cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matter***

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in the supplementary schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**Q Advisors LLC**  
**Notes to Financial Statements**  
**December 31, 2013**

**Note 1: Nature of Operations and Summary of Significant Accounting Policies**

***Nature of Operations***

Q Advisors LLC (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company earns revenues from financial advisory services related to mergers and acquisitions, private equity and debt financing and capital structure advisory services. The Company extends unsecured credit to its customers, with credit extended to four customers exceeding 77% of accounts receivable at December 31, 2013. Because of the services provided, it is expected that the Company will have significant changes in the makeup of its customer base year to year.

The Company operates under the provisions of paragraph (k)(2)(i) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of paragraph (k)(2)(i) provide that the Company promptly transmit all customer funds and securities to customers and maintain a bank account designated as a “Special Account for the Exclusive Benefit of Customers.” Management has instituted a policy prohibiting the Company from receiving any customer funds or securities.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Accounts Receivable***

Accounts receivable are stated at the amount billed to customers. The Company provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information and existing economic conditions. At December 31, 2013, no accounts were deemed doubtful and thus no allowance is provided. Accounts receivable are ordinarily due 30 days after the issuance of the invoice. Accounts that are unpaid after the due date do not bear any interest. Delinquent receivables are written off based on specific circumstances of the customer.

***Furniture and Equipment***

Furniture and equipment are depreciated over the estimated useful life of each asset. Annual depreciation is computed using an accelerated method.

**Q Advisors LLC**  
**Notes to Financial Statements**  
**December 31, 2013**

***Revenue Recognition***

Financial advisory fees and reimbursed direct client costs are recognized as earned based on the terms of the specific contracts with the customers.

***Income Taxes***

The Company is not directly subject to income taxes under the provisions of the Internal Revenue Code and applicable state laws. Therefore, taxable income or loss is reported to the individual members for inclusion in their respective tax returns and no provision for federal or state income taxes has been included in the accompanying financial statements.

The Company is no longer subject to federal or state income tax examinations by taxing authorities before 2010 and 2009, respectively.

***Subsequent Events***

Subsequent events have been evaluated through February 26, 2014, which is the date the financial statements were available to be issued.

**Note 2: Related-party Transactions**

The Company pays an annual management fee to a related party through common ownership. The amount of the management fee is for all necessary management and administrative services needed to implement the operations of the Company and is determined annually by the members of the Company. For the year ended December 31, 2013, the management fee expense was \$4,288,337. Of this amount, \$1,788,337 was paid during 2013 and \$2,500,000 was paid prior to 2013. The Company's commitment for the management fee for the year ending December 31, 2014, is \$2,550,000. At December 31, 2013, the Company had prepaid the entire 2014 management fee plus an additional \$5,000, for a total of \$2,555,000.

**Note 3: Subordinated Borrowings**

The borrowings under subordination agreements at December 31, 2013, are listed in the following:

<b>Subordinated note with the following terms:</b>	\$ 200,000
25% due on June 28, 2014	
25% due on June 28, 2015	
25% due on June 28, 2016	
25% due on June 28, 2017	

Interest on the note shall accrue at the floating rate of one percent (1%) over the prime rate announced in *The Wall Street Journal* on the first day of each calendar year for the subsequent year.

**Q Advisors LLC**  
**Notes to Financial Statements**  
**December 31, 2013**

The subordinated borrowings are with related parties and are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

**Note 4: Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn, or cash dividends paid, if the resulting net capital ratio would exceed 10 to 1. At December 31, 2013, the Company had net capital of \$44,087, which was \$39,087 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.40 to 1 at December 31, 2013.

**Supplementary Information**  
Pursuant to Rule 17a-5 of the  
Securities Exchange Act of 1934

There were no material differences between the amounts presented above and the amounts presented in the Company's computation file with Part II, Form X-17A-5 for December 31, 2013. Accordingly, no reconciliation is necessary.

## Report of Independent Registered Public Accounting Firm on Internal Control

To the Members  
Q Advisors LLC  
Denver, Colorado

In planning and performing our audit of the financial statements of Q Advisors LLC (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

## Report of Independent Registered Public Accounting Firm on Applying Agreed-upon Procedures Related to an Entity's SIPC Assessment Reconciliation

To the Members  
Q Advisors LLC  
Denver, Colorado

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2013, which were agreed to by Q Advisors LLC (the Company) and the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for compliance with those requirements. This agreed upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries in the general ledger, noting no differences.
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013, noting no differences.
3. Noted no adjustments to be reported in Form SIPC-7.
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the listing of assessment payments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
